Marinites Are Dazzled By Rocket

'Fantastic' Sight Seen In Sky Over California

Hundreds of Marin County residents gasped last night as a dazzling column of white smoke rose high in the southern sky and burst into a rolling ball.

"It was fantastic!" Betty Benjamin of Kentfield said.

The launching from Point Arguello of the polar orbiting Transit 5-A satellite gave thousands of Californians a show and a good deal of concern. All who saw it thought it was closer than it actually was. Police, newspaper and radio switchboard received hundreds of calls.

The switchboard at Hamilton Air Force Base was jammed for half an hour with calls from areas as far away as Healdsburg, Monterey, even Reno. Capt. Lyle Barker, an information officer, said he was soon able to find out what it was and give out the information.

Frank Berthiner of Kentfield, who saw the launch, said "it was as if it separated and went into a round cloud. Then the tail of it was red and then a big streak of turquoise blue."

Sheriff's Inspector Carl Sears saw the white column while driving home to Novato.

'TRAIL OF COMET'

"It was like the trail of a comet with the bottom bright red. Then it burst into a round, mushroom-like ball. I did not know what it was." He turned on his radio to the Conelrad warning frequency on the chance it might be an attack. "I was concerned, but there was nothing on Conelrad."

Mrs. Albert Agnew of 342 Hickory Lane, Terra Linda, said it looked like a jet stream, red at the base and white at the top, capped with a faint circle at the top and a white light at the top of the circle. The light just faded out and spread into a glow, she said.

"STREAM OF LIGHT'

Don Labbe, employed at Ames Ford Sales in San Rafael, said the object seemed so high that the sun, which had set, appeared to be shining on it. He saw it as "a stream of light which exploded, then faded."

Mrs. Elizabeth Waller of 86 Via La Cumbre, Greenbrae, saw a big glowing trail when she first noticed it. "It turned red, reached a point and then burned out. There was a big round ball of white, but nothing fell."

Many likened it to a vapor trail except that the trail ranged from a brilliant white at one end to an organish red at the other end.

For a few minutes after the phenomenon, Marin residents could see a spiraling trail of white topped with an eerie glow in the sky "above San Francisco."

WASHINGTON (AP) — The Navy's Transit 5-A satellite is failing in its primary mission of supplying data for navigation aid to ships, officials said today.

The satellite was rocketed aloft yesterday from Point Arguello, Calif., with a brilliance visible for hundreds of miles.

Dr. Richard B. Kershner, supervisor of space development for the Johns Hopkins Applied Physics Laboratory, said the satellite was in excellent orbit, but that its radio receiver had failed to work on the first five attempts to transmit data to the satellite.

Kershner indicated he held only faint hope that the receiver would start working later.

The laboratory developed the navigation system for the Navy.

The Transit 5-A satellite was supposed to have been the first operational satellite in a system of four such vehicles. It was designed to help ships and submarines determine their positions more accurately.

The scientist said that this was the first time in the whole program in which the relatively simple radio command system has failed to work.

Launching of the satellite provided a spectacular show along the West Coast.

Seconds after Transit 5-A's launch at 5:26 p.m. (PST) yesterday, the colorful trail of the satellite's rocket booster reflected the setting sun's rays like colored skywriting.

It was seen by hundreds from San Diego to San Francisco and one observer 900 miles away said he saw a glow in the sky at launch time.

It was the first of two space vehicles launched from here within hours. A space probe, also utilizing a Blue Scout unit, was launched last night.

Suit To Eliminate Stuart Will Be Heard On Friday

A court suit aimed at eliminating congressional candidate John C. Stuart's name from the Jan. 22 ballot is set for hearing in Marin Superior Court Friday at 10 a.m.

County Clerk George H. Gnoss said he has asked for an out-of-county judge to preside at the hearing, but the name of the judge has not been announced as yet.

The suit was filed yesterday by Roger Kent, state Democratic vice president. Robert D. Carrow is Kent's attorney. The complaint alleges that Stuart is "not eligible or qualified" to be a candidate for the post left vacant by the late Clem W. Miller.

The suit contends that a man who circulated petitions for Stuart is "a convicted felon," and many husbands and wives signed petitions for their spouses.

Kent is chairman of the congressional campaign of William Grader, the other Democratic candidate.

Judge N. Charles Brusatori of Marin Superior Court signed an order for the Friday morning hearing at which time the defendants must show cause why Stuart's name should not be deleted.

In the meantime, County Clerk Gnoss was instructed not to print the ballots until after the Friday hearing.

Stuart was informed of the suit by telephone this morning at his Auburn home, according to Mrs. Stuart. He left immediately for Marin and was not

Telephone Rrrrrrrings For Santa

Santa Claus and his helpers were kept busy on Independent-Journal telephones last night answering calls from Marin County youngsters.

Carl Lehman, manager of the classified advertising department, reported a record 1,032 calls between 7 and 9 p.m. in the annual "Call Santa Claus" program sponsored jointly by the Independent-Journal and the San Rafael Junior Chamber of Commerce, with 10 extensions going continuously.

The answering program will be carried on for two hours again tonight when it is hoped to have still more telephones available to handle the additional calls anticipated. Children may discuss their Christmas problems with old Santa by dialing 454-3020 or GL. 4-3020.

Lehman suggested that getting through to Santa Claus may be facilitated by having groups of children make a single call and take turns in talking to him while the line is open.

Freak Wreck; Woman Dies Of Scalding

PACOIMA (UPI) — A fall into 180-degree water from the Casa Diablo Hot Springs near Bishop was blamed today for the freak auto accident death of a Woodland Hills woman.

Mrs. Lee Elliott, 38, wife of Capitol Records composer-arranger Dean Elliott, died last night at Pacoima Lutheran Hospital from burns received in the accident Dec. 5, 40 miles north of Bishop at Casa Diablo.

The coroner's office was informed by Elliott that his wife was thrown from the family car which she was driving when it spun out of control. Mrs. Elliott was tossed into the water as the car stopped, straddling the ditch.

"I jumped out and could hear her screaming, 'I'm burning'," said Elliott, who himself was burned in a rescue attempt.

Elliott did succeed in pulling his wife from the hot water, but she was severely burned on two thirds of her body.

Neither of the couple's children was injured in the mishap.

Funeral services will be held Saturday at the Church of Jesus Christ of Latter Day Saints in Canoga Park.

Sausalito Names New City Clerk

Charles A. Brown resigned last night as city clerk of Sausalito, retaining his position as city manager. Resignation is to become effective Jan. 15.

The city council accepted his resignation and appointed Mrs. Charleine Strittmatter, Brown's secretary, to complete the unexpired term as city clerk of Mrs. Amelie Smith which expires April 1964. Mrs. Smith resigned last year.

The vote was 4-0, Councilman Jan Paul Dyk absent.

Brown told council he was resigning because of the possible high cost to the city of defending a threatened suit challenging compatability of his holding the two jobs.

"I'm delighted to see Mr. Brown bend to the will of the people," said Warren Glass after the meeting. Glass on Nov. 27 filed a notice and application for leave to sue Brown in quo warranto.

Mrs. Strittmatter, who lives at 28½ Filbert Street, has been in city employ five years. She has agreed to resign as secretary to be appointed city clerk. She will continue to receive her present salary of $450 per month, Brown said, $200 of which is for being city clerk, the $250 remaining for supplemental duties.

Brown said Deputy City Clerk Wilma Young will continue to take minutes and do transcribing. Mrs. Strittmatter will continue to do her secretarial duties.

The council said it will discuss in February the possibility of putting on the April ballot the question of whether the city clerk's job, now elective, should be appointive. Voters have twice turned down the change.

Mother Says Girl Beaten At School

But Trouble Is Placed Off Campus

A Novato High School freshman girl was beaten in a school locker room yesterday in what the victim's mother claimed was the climax of hazing by upper classmen.

Karen Lynn Jones, 14, suffered a blackened right eye, bloody nose, and numerous cuts and bruises about the face.

Two 17-year-old girls held Karen while another beat her, charged the mother, Mrs. Harrison Jones of 9 Gertrude Lane.

CONTROL LAW ASKED

Cat's Meow? Not Around Fairfax

The Fairfax City Council last night directed City Atty. Wallace S. Myers to prepare a tentative draft of a cat control ordinance, which one cat owner in the audience vowed to oppose.

"I won't take it," said Marianne Barberis of 109 Manor Road, who owns six Siamese cats. "Even if I have to rot in the county jail, I won't take it."

The ordinance would require anyone keeping six or more cats, eight months or older, to obtain a city permit. However, Mayor W. E. Radtke said the limit might be set at 10 cats or some other number.

Mrs. Barberis charged that the ordinance was aimed solely at Edmond A. Larock, who keeps a large number of cats at his home at 17 Fir Trail. Some of Larock's neighbors say the resulting odor is obnoxious.

Larock said he had 40 cats at one time, but now has 21.

Myers outlined the provisions of a San Anselmo cat ordinance, which the council had asked him to study. Radtke asked Myers to include the basic provisions of the ordinance, with some exceptions, but indicated that all parts were open

MARINITE TO SHARE IN $40 MILLION

Mrs. Mary Nickel Lombardi, 25 Palm Avenue, San Rafael, a great-grandaughter of California cattle king Henry Miller, is one of eight descendants who will share the distribution of his estate, now valued at more than 40 million dollars.

"It is hard to say when it will take place," Mrs. Lombardi said today. "The case is really very complicated."

Miller, who came to California about 1850 as an immigrant from Germany, got his first job as a butcher boy. He later went into the cattle business and was extremely successful, acquiring property from the San Joaquin Valley to Oregon. At one time his empire reportedly embraced 14,500,000 acres.

He founded the historic Miller and Lux Inc.

In 1913, three years before he died, he placed all this stock in trust to three grandchildren, Mrs. Beatrice Nickel Bowles Morse, George W. Nickel Sr. and J. Leroy Nickel. At one time there were reportedly each receiving more than $100,000 a year income from the estate.

The trust was terminated Dec. 10 with the death of Mrs. Morse, the last of the three grandchildren.

Mrs. Lombardi, a daughter of George W. Nickels Sr., is separated from her husband. She works as a receptionist in a San Francisco law firm.

She explained that the distribution of the estate, which will actually involve assignment of ownership in the stock of Miller and Lux, may be held up by a dispute over whether Mrs. Morse's children should share 50 per cent of the stock between them or get one-seventh each of the estate.

Mrs. Lombardi, a 17-year resident of Marin County, said she never knew her famous great-grandfather, but she had read a great deal about him and followed many of the legal battles closely.

Medic-Dental Clinic Denied Near Center

Marin County supervisors, after hearing objections from a throng of 500 Santa Venetia residents, yesterday reversed the county planning permission to deny rezoning of property for a medical-dental clinic near the Civic Center.

A long and emotion-packed hearing involved presentation of 287 protests to the supervisors, added to planning commission petitions bearing 177 signatures plus many individual letters from protesting residents of the Northbridge area in Santa Venetia.

The property involved, listed as belonging to David Rosenberg and others but with Dr. R. H. Albert of Novato apparently present chief owner, is an acre and a half on the east side of North San Pedro Road opposite the Northbridge entrance. It is now zoned agricultural.

County Counsel E. Warren McGuire said that, though rezoning had been denied for a three-acre parcel of which the property was a part, decreasing the size gave ground for the planning commission to institute a new proceeding without the usual two-year moratorium on new application.

"This time the governor gave me a choice and I am going to do the job I like best, planning and building the water projects needed in California's future," he said.

But York and Latham also admit killing two persons in Florida, two in Illinois, one in Tennessee and one in Colorado.

Crisis In Congo Enters Talks At Bermuda

NASSAU, Bahamas (AP)—President John F. Kennedy confronted Prime Minister Harold Macmillan today with the possibility of a dangerous new Soviet-sparked crisis in Africa's Congo.

The U.S. and British government chiefs plunged into two days of study of complex cold war problems under a cloud of gloom generated by a deep British-American controversy over the future of the Skybolt missile.

U.S. leaders reportedly feel there is a very real danger of a renewed Soviet thrust into the Congo should the crisis generated by the secession of rich Katanga Province lead to the collapse of the moderate Leopoldville government.

The British did not appear to be as concerned as their American allies about the Congo prospects. One of Kennedy's aims at this meeting in this sun-splashed British island resort was to emphasize to Macmillan U.S. views of what might be done to defend the Congo against any new Soviet attempt at penetration.

A U.N. spokesman announced last night that the United States is sending an eight-man military mission headed by Lt. Gen. Louis W. Truman, a cousin of former President Harry Truman, to the Congo to survey the military needs of the U.N. force there prior to the supplying of more American equipment to the U.N. troops.

U.S. government sources here said Truman's mission would survey not only the equipment situation but also the whole military prospect. These sources did not exclude the possibility that in an extreme crisis the Kennedy administration would consider sending American forces to the Congo.

There was some speculation in the corridors here that one purpose of the U.S. move was to warn Moscow the U.S. government is alert to all possibilities in the Congo and ready for any eventuality.

The president and the prime minister met informally for an hour yesterday afternoon, more or less in preparation for their brasstacks meetings today and tomorrow.

Earlier the two leaders conferred with their aides on matters to be discussed. These include the future of the Skybolt missile.

Britain has based her nuclear deterrent hopes on American development of the Skybolt, a long-range missile designed to be fired from bombers at targets a thousand miles away. Kennedy has intimated he has decided against continuing development of the missile because of test failures so far and the prospective cost.

RAZOR BLADE FOR CASTRO

Calypso Singer's Verses Enliven U.S.-Anglo Session

NASSAU, Bahamas (AP)—President John F. Kennedy popped in at a cocktail party last night—while Prime Minister Harold Macmillan dropped in on a barbecue—and drank beer.

Nassau's reception for the two world leaders also included a calypso salute at the beach barbecue.

Kennedy wasn't there, but the British prime minister smiled and studied the printed lyrics as calypso singer Count Barnadino sang:

"Welcome, welcome Macmillan and Kennedy.

"Your visit to Nassau will go down in history."

The social forays by Kennedy and Macmillan were unscheduled.

Kennedy ventured forth first, making a handshaking circuit of the guests at a poolside cocktail party given for correspondents covering the conference. The President stayed about 10 minutes.

Macmillan turned up nearly two hours later at a barbecue on the white sands of the Emerald Beach Hotel, where many members of the official parties and newsmen are staying.

He watched native dancers enact a couple of playlets called "Stone Cold Dead in The Market" and "She Killed Nobody But Her Husband."

The climax came when Count Barnadino sang his special calypso:

"To Mr. Kennedy greetings and salutation

"For the way you handled the Cuban situation.

"As the President of the United States you've given the whole world aid.

"I hope some day you buy Castro a razor blade."

The count had these words for Macmillan:

"We salute you and England and all your Cabinet,

"And wish you good luck with the Common Market.

"Nassau wishes you the best in every discussion you have.

"I am so happy you didn't bring Khrushchev."

Auto Smog Control Devices Are Approved

LOS ANGELES (UPI) — In three years every vehicle registered in a smog district in California must be equipped with a smog control device.

The Motor Vehicle Pollution Control Board yesterday approved two automotive smog control devices which paved the way for the program which affects more than 78 per cent of the vehicles in the state.

The program will be instituted under previous legislation. However, a new plan for staggered dates by which such devices must be installed is a modification of the original laws and must be approved by the state legislature.

The two devices approved yesterday were crankcase emission control devices manufactured by the Walker Manufacturing Co. of Racine, Wis. and the AC Spark Plug Division of General Motors Corp.

They are the first two such devices to be certified by the MVPCB in their efforts to control the emission of automotive hydrocarbons believed to contribute to air pollution.

Average price of the devices to the individual owner was listed as $18 for the AC product and $15.20 for the Walker product.

The accelerated program approved yesterday calls for installation of devices on all vehicles in smog districts on a graduated basis starting in January of 1964 so that all vehicles are equipped by November of 1964.

NEW FIGURES IN NATIVITY SCENE

The San Rafael Chamber of Commerce has placed its Nativity scene in its accustomed Christmastime place on the courthouse lawn. New figures grace the display this year, carved from plywood to replace figures that were broken by vandalism over the past several years. Subversive Doings Not For Center

Organizations holding meetings in the Civic Center may have to assure County Supervisor William D. Fusselman that they are not engaging in subversive activities.

Fusselman warned his fellow supervisors yesterday they may be "in for trouble" by letting certain groups meet in the center. He questioned requests to use the building by the American Civil Liberties Union and the Henry George School of Social Science.

"I have no quarrel with the ACLU," Fusselman said, "but there has been some controversy over their past and present activities, and I wonder where we get off."

He also asked for an agenda of the discussions of the Henry George School. "Economics is a broad field," he said. "I'd like to see what they're going to talk about."

Supervisor Peter Behr said the ACLU has "never been suspect" and he would "personally vouch" for the organization. He also told Fusselman the Henry George people should be able to "talk about anything they like."

The board, including Fusselman, finally agreed to allow the ACLU to use the building Jan. 27 and the Henry George School to hold 11 sessions beginning Jan. 24.

Marin Group Plans Travel To 2 Latin 'Sister Cities'

A group of Marin residents may travel to two South American "sister cities" next February on a 24-day, 12,000-mile tour being organized by Pan American Airways.

Redwood Travel Advisors in San Rafael reported that three couples have indicated they will make the trip, featuring visits to San Rafael, Argentina, and Vina del Mar, Chile, sister city of Sausalito.

Members of the group tour will leave San Francisco by jet on Feb. 5 with return scheduled March 1.

Official invitations by the mayors of the South American cities were sent to Mayor John F. McInnis of San Rafael and Mayor Paul Micou of Sausalito. The Rotary Club of San Rafael, Argentina, will join city officials as host there.

A visting delegation from below the equator was hosted last year by San Rafael city officials and Rotarians in a move to establish a sister city relationship.

The Argentine city, lying across the Andes mountains from Santiago, Chile, is the center of a rich farming area and has more than 100,000 population. Its climate is similar to that of Northern California.

Vina del Mar, founded by the Spanish conquistadores and named for the vineyards they planted, is a world renowned resort overlooking the Pacific, with horse racing, a gambling casino and many other tourist attractions.

First stop on the tour is Panama City, Panama, on the same day as the departure from San Francisco. The next visit is at Lima, Peru, Feb. 6 through 8. The group then will fly to Santiago on Feb. 9, leaving that afternoon for Mendoza to be met and driven overland to San Rafael, Argentina, by that city's hosts. The tourists will remain at San Rafael until the morning of Feb. 11, when a special bus will take them to Vina del Mar.

Departure from Vina del Mar is scheduled Feb. 13. Other major stops on the tour include Buenos Aires, Argentina, Sao Paulo, Rio de Janeiro and Brasilia, Brazil.

Government Will Lend An Ear To 'Loud' Commercials On TV

WASHINGTON (UPI) — The Federal Communications Commission, in response to a deluge of complaints, will investigate "irritatingly loud" television commercials.

The agency yesterday appealed to broadcasters to listen for themselves and to eliminate any practices which might contribute to "annoyingly loud" advertisements. It suggested they lend an ear to the "rapid-fire delivery" and "strident tones" of some announcers.

"Complaints have been coming in by dribbles for years," one FCC official said. "But recently they have multiplied. Maybe it's because Chairman Minow has been telling everyone within earshot that he hears the noise level rise on commercials."

FCC Chairman Newton N. Minow has said his sensitive ears have noticed that "commercials seem to sound louder than the programs," although his engineers can't detect the difference on their monitoring devices.

Minow said he wanted the volume of commercials limited to the volume of adjacent program material.

Soprano To Be Guest On Marin Radio Show

Carol Bogart, East Bay soprano, will be guest of Kitty Oppenheimer at 1:30 p.m. tomorrow on radio KTIM's "Marin Coast to Coast" program. The interview will be repeated at 9 p.m. on KTIM-FM (100.9 meg.).

Miss Bogart will appear as soloist in the opening concert of the third annual candlelight concert series sponsored by the Homestead Valley Improvement Club Dec. 28 at Brown's Hall in Mill Valley.

Strep Cases Leads Diseases

Streptococcic infections were the most numerous among cases of communicable diseases reported to the Marin County Health Department last week.

Health Officer Dr. Carolyn B. Albrecht reported 16 strep infections nine cases of mumps, six gonorrhea, two measles and one tuberculosis, which occurred in San Rafael.

San Rafael also had three of the mumps cases and eight strep infections.

Offer From Army

Liquor Store Hearing Continued; Charged With Selling To Minors

Three hours of testimony was heard in San Rafael yesterday on a charge that Al's Liquor Store, 5939 Redwood Highway, Ignacio, has sold liquor to minors.

Ivores Dains, hearing officer for the State Department of Alcoholic Beverage Control, continued the hearing indefinitely after three witnesses called by the state department testified.

Jerome Utz of San Francisco, area counsel for the department, said he will seek a 30-day suspension of the store's liquor license. Owners are K. Darroll Ashpole and Edric C. and Marcella W. Noon. They were represented yesterday by San Francisco attorney Lowell Sucherman.

Sheriff's Deputy William Johansen, the first to testify, said he arrested a youth who was then 17 after he saw him emerge from the store on June 8 with a case of ale. The youth later testified that he had purchased liquor in the store "several times a week" from March 10 until the time of his arrest.

Another youth, John Toll, 20, of San Rafael, arrested and turned over to juvenile officers June 2, said he had purchased liquor "two or three" times at the store and never showed identification.

Sucherman in cross examination asked if false identification had been shown, but both youths denied this.

NEW FIGURES IN NATIVITY SCENE

The San Rafael Chamber of Commerce has placed its Nativity scene in its accustomed Christmastime place on the courthouse lawn. New figures grace the display this year, carved from plywood to replace figures that were broken by vandalism over the past several years. Charles Catania headed a chamber of commerce effort at refurbishment of the familiar scene. (Independent-Journal photo)

Subversive Doings Not For Center

Organizations holding meetings in the Civic Center may have to assure County Supervisor William D. Fusselman that they are not engaging in subversive activities.

Fusselman warned his fellow supervisors yesterday they may be "in for trouble" by letting certain groups meet in the center. He questioned requests to use the building by the American Civil Liberties Union and the Henry George School of Social Science.

"I have no quarrel with the ACLU," Fusselman said, "but there has been some controversy over their past and present activities, and I wonder where we get off."

He also asked for an agenda of the discussions of the Henry George School. "Economics is a broad field," he said. "I'd like to see what they're going to talk about."

Supervisor Peter Behr said the ACLU has "never been suspect" and he would "personally vouch" for the organization. He also told Fusselman the Henry George people should be able to "talk about anything they like."

The board, including Fusselman, finally agreed to allow the ACLU to use the building Jan. 27 and the Henry George School to hold 11 sessions beginning Jan. 24.

Marin Group Plans Travel To 2 Latin 'Sister Cities'

A group of Marin residents may travel to two South American "sister cities" next February on a 24-day, 12,000-mile tour being organized by Pan American Airways.

Redwood Travel Advisors in San Rafael reported that three couples have indicated they will make the trip, featuring visits to San Rafael, Argentina, and Vina del Mar, Chile, sister city of Sausalito.

Members of the group tour will leave San Francisco by jet on Feb. 5 with return scheduled March 1.

Official invitations by the mayors of the South American cities were sent to Mayor John F. McInnis of San Rafael and Mayor Paul Micou of Sausalito. The Rotary Club of San Rafael, Argentina, will join city officials as host there.

A visting delegation from below the equator was hosted last year by San Rafael city officials and Rotarians in a move to establish a sister city relationship.

The Argentine city, lying across the Andes mountains from Santiago, Chile, is the center of a rich farming area and has more than 100,000 population. Its climate is similar to that of Northern California.

Vina del Mar, founded by the Spanish conquistadores and named for the vineyards they planted, is a world renowned resort overlooking the Pacific, with horse racing, a gambling casino and many other tourist attractions.

First stop on the tour is Panama City, Panama, on the same day as the departure from San Francisco. The next visit is at Lima, Peru, Feb. 6 through 8. The group then will fly to Santiago on Feb. 9, leaving that afternoon for Mendoza to be met and driven overland to San Rafael, Argentina, by that city's hosts. The tourists will remain at San Rafael until the morning of Feb. 11, when a special bus will take them to Vina del Mar.

Departure from Vina del Mar is scheduled Feb. 13. Other major stops on the tour include Buenos Aires, Argentina, Sao Paulo, Rio de Janeiro and Brasilia, Brazil.

Government Will Lend An Ear To 'Loud' Commercials On TV

WASHINGTON (UPI) — The Federal Communications Commission, in response to a deluge of complaints, will investigate "irritatingly loud" television commercials.

The agency yesterday appealed to broadcasters to listen for themselves and to eliminate any practices which might contribute to "annoyingly loud" advertisements. It suggested they lend an ear to the "rapid-fire delivery" and "strident tones" of some announcers.

"Complaints have been coming in by dribbles for years," one FCC official said. "But recently they have multiplied. Maybe it's because Chairman Minow has been telling everyone within earshot that he hears the noise level rise on commercials."

FCC Chairman Newton N. Minow has said his sensitive ears have noticed that "commercials seem to sound louder than the programs," although his engineers can't detect the difference on their monitoring devices.

Minow said he wanted the volume of commercials limited to the volume of adjacent program material.

Strep Cases Leads Diseases

Streptococcic infections were the most numerous among cases of communicable diseases reported to the Marin County Health Department last week.

Health Officer Dr. Carolyn B. Albrecht reported 16 strep infections nine cases of mumps, six gonorrhea, two measles and one tuberculosis, which occurred in San Rafael.

San Rafael also had three of the mumps cases and eight strep infections.

Offer From Army

Men may enlist in the Army immediately and still spend up to 15 days at home on leave for Christmas while earning pay and leave allowance, S/Sgt. Roy R. Hill, Marin County recruiter at San Rafael, said today. Hill's office is at 819 A Street.

Liquor Store Hearing Continued; Charged With Selling To Minors

Three hours of testimony was heard in San Rafael yesterday on a charge that Al's Liquor Store, 5939 Redwood Highway, Ignacio, has sold liquor to minors.

Ivores Dains, hearing officer for the State Department of Alcoholic Beverage Control, continued the hearing indefinitely after three witnesses called by the state department testified.

Jerome Utz of San Francisco, area counsel for the department, said he will seek a 30-day suspension of the store's liquor license. Owners are K. Darroll Ashpole and Edric C. and Marcella W. Noon. They were represented yesterday by San Francisco attorney Lowell Sucherman.

Sheriff's Deputy William Johansen, the first to testify, said he arrested a youth who was then 17 after he saw him emerge from the store on June 8 with a case of ale. The youth later testified that he had purchased liquor in the store "several times a week" from March 10 until the time of his arrest.

Another youth, John Toll, 20, of San Rafael, arrested and turned over to juvenile officers June 2, said he had purchased liquor "two or three" times at the store and never showed identification.

Sucherman in cross examination asked if false identification had been shown, but both youths denied this.

Fairfax To Widen Bolinas Avenue

Sidewalks on Bolinas Avenue in Fairfax will be narrowed to permit the city to widen the avenue with state gasoline tax funds, the Fairfax City Council decided last night.

City Engineer Albert H. Siemer was instructed to draft plans for the project as previously outlined, despite protests from the audience.

Siemer asked the council for orders to go ahead because he wanted to get the project ready for bidding before spring.

The project, which will cost an estimated $35,000, involves widening Bolinas and building new curbs and gutters from Broadway to Sherman Avenue, repaving Broadway from Bank Street to Pacheco Avenue and realignment of lanes at the intersection of Pacheco, Broadway and Center Boulevard.

Siemer said the state has agreed to a reduction of its 40-foot minimum width to 38 feet 9 inches on Bolinas. Even so, it will mean cutting the sidewalks to 5 feet 3 inches on one side and 5 feet 9 inches on the other.

Councilman Freeman Blake said he and Street Supt. Charles Thornton had inspected a 5 foot 6 inch sidewalk in San Anselmo and found it satisfactory.

Councilman Cornelius Van Vliet, who voted against the widening project, said, "What is good for San Anselmo isn't necessarily good for Fairfax."

Mrs. Louis Nave, who lives on Nave Lane, objected to the narrower walks, questioning if it were legal.

"If it proved necessary," replied Siemer, "you could pave the street right up to the store fronts."

Mayor W. E. Radtke said that only by widening Bolinas can the city obtain state funds to improve it. He said the city won't have to spend any of its own funds, since the cost will be divided between the state and the county.

Two Nominated For Hub Rec Commission

Trustees of the San Anselmo School District last night nominated Dr. James R. Rideout, of 171 Legend Road, Sleepy Hollow, a dentist, and Dwight A. Nelson, of 195 Spring Road, San Anselmo, who has worked on city projects in the past, to serve on a city-school district recreation commission.

The commission will have seven members. The city council will appoint the other five.

Trustees designated six polling places for the April 16 school board election: Sir Francis Drake High School, Wade Thomas School, Brookside School, Sleepy Hollow School, Isabel Cook School and Yolansdale School.

The terms of trustees Mary Hedin and Doris Harsberger will expire. Both said today that they had not decided if they will seek re-election. Candidates must file by March 1.

The San Anselmo School District board also:

1. Asked Supt. Stephen L. Parodi to prepare a format for the operation and structure of a citizen committee to advise trustees on a foreign language program.

2. Held an executive session to hear Parodi's report on teacher evaluation. No action was taken in the session.

3. Designated Monday as a holiday for custodians.

4. Adjourned to Jan. 15.

Hub Planners Recommend Apartment Zoning Denial

The San Anselmo Planning Commission voted 5-0 last night to recommend denial of apartment house zoning on a lot owned by Andrew Stafford on Tunstead Avenue near Cedar Avenue.

Basis for the vote was that no rezoning should take place in the area because of a pending master plan study.

In the same area, the planning commission voted to table the request for a change from single family residential to apartment house zoning on two lots on Cedar Avenue owned by David Rosenberg.

The action came after a long discussion and a claim by a neighboring owner that the change to apartment house zoning had already been accomplished through a "blanket" ordinance passed by the city council some time back.

The commission will take the matter up at its next meeting Jan. 21 after getting a legal opinion on the state of the present zoning, Eleanor Wishard, commission secretary, said.

The commissioners recommended a change from single family to apartment zoning on five lots on the northwest side of Ancha Vista Avenue, just north of the Chapel of the Hills mortuary, requested by Clyde Building Associates.

Commissioners also granted a use permit to allow Robert Toquinto to build an apartment at 1562 Sir Francis Drake Boulevard.

Commissioners Ronald Hill and Thomas Pring were absent.

Clausen Urges $10 Million For Pt. Reyes Land

Donald H. Clausen, Republican congressional candidate in the Jan. 22 special election, yesterday urged the secretary of the interior to put 10 million dollars in the federal budget for early development of Point Reyes National Seashore.

In a letter to Interior Secretary Stewart Udall, Clausen asked that five million dollars be included in a supplemental budget for fiscal 1963 and made immediately available for land acquisition. He suggested that an additional five million be included in the fiscal 1964 budget which will be presented to Congress by the president in January.

"Appropriate recognition" should be made of the "contribution of Senators Kuchel and Engle and the late Rep. Clem Miller toward authorization of the Point Reyes National Seashore," Clausen added. "I would heartily endorse such recognition."

Burglar Is Given One To 14 Years

Robert Napier, 35, an unemployed man from Chicago, must spend one to 14 years in state prison for burglary of the Kau Kau Basket in Sausalito on Oct. 22.

Judge Thomas F. Keating of Marin Superior Court sentenced Napier to prison Monday for second degree burglary. Police said Napier was caught in San Francisco with cigarettes, candy and other items taken in the burglary.

CATS

to modification before being made into law.

One provision which was ruled out would have made it unlawful for anyone owning six or more cats to let them run at large.

"This is discriminatory," said Myers. "The man who owns six cats can't let any of them run at large, but the man who owns five can let all of them run."

Included would be a $15 fee for permits to keep more than six cats. The city would be required to notify neighbors within a 250-foot radius of the applicant's premises so that they would have a chance to protest.

Mrs. Barberis called the proposed law "silly." She said San Anselmo was the only city in Marin County with a cat control ordinance, "and it was for the same man." Larock said he lived in San Anselmo before moving to Fairfax.

Specific exception to the ordinance would be granted to licensed pet stores, veterinarians and shows or exhibitions of a temporary nature.

Radtke said there will be ample time for public hearing of the proposed ordinance. He said it probably would not be given first reading until February.

Grand Jury To Continue Span Probe

Marin County Grand Jury, delving into charges of mismanagement and waste by the Golden Gate Bridge district, will meet again at 9 a.m. Dec. 27.

Jury Foreman Irving Chapman said that this meeting will be a continuation of yesterday's all-day session in the county courthouse, San Rafael.

Miss Ruth Dow, who was fired in 1956 as secretary of the bridge district, testified yesterday and will be re-called on Dec. 27. She said she was with the bridge district for about 19 years and was fired for "incompatibility."

Other witnesses yesterday were Directors Ben K. Lerer of San Francisco and Herbert Fehely of Del Norte; Robert Hill of San Jose, who did the audit for the bridge district in 1960-61, and Gordon Garland, former assemblyman, who got $17,000 last year as a bridge lobbyist in Sacramento.

Bridge General Manager James Adam appeared briefly yesterday but declined comment on his half-hour testimony.

Dist. Atty. Roger P. Garety is helping the jurors question the witnesses. Donald E. Midyett, inspector for the district attorney, played a tape recording of one of the bridge board meetings.

Reed School Election Outlined

Formal approval of the issues to be presented to the voters at the Reed School District bond election on Jan. 22 was given by district trustees at last night's meeting.

Trustees agreed to ask for approval of $550,000 in bonds and a state loan of $2,370,000. The total six-year development program will cost $3,001,000, but state aid totaling $633,000 has already been authorized.

The board accepted an amortization schedule designed to keep the tax rate constant.

Trustees approved preliminary drawings for the Del Mar School shower rooms, multi-use and music rooms with minor changes.

They learned of the resignation of Frances C. Fraass as secretary to the superintendent effective Dec. 31. Mrs. Fraass plans to enter the field of adult education.

Harold Bickel, Reed School teacher, was appointed principal of the 1963 summer school.

Supt. Edward C. Pino was appointed official representative to the Bay Area Educational Research Service.

Slayer Of Sister's Employer Convicted

NEW YORK (AP) — James Mullooly, who believed he had "a divine calling" to kill his spinster sister's employer because he suspected they were having an affair, was convicted today of second-degree murder.

Mullooly, 41, a gray-haired accountant, shot and mortally wounded oil executive Taylor S. Gay last June 11 as Gay stood in a New York terminal of the Hudson and Manhattan Railroad.

Bay Plan Amendment Passed By Board, 3-2

Amendment of the Richardson Bay Master Plan to eliminate bulkhead and pierhead lines squeezed through the Marin County Board of Supervisors yesterday by a 3-2 vote against strangely united opposition of harbor developer George Kappas and the Marin Conservation League.

Kappas and Supervisor Peter Behr staged a brief verbal duel after Planning Director B. D. Dobbs had summarized the text of the amended measure.

Kappas stuck up for rugged individualism, and bay development by a few like himself. Behr sought to show the beauties of united friendly action.

"I have permits to develop," said Kappas. "If property owners are let alone we will dig the channel and always keep it open. It is the only way."

"But if we all work together," Behr wheedled, "by combining we can benefit the county as a whole as well as giving profit for you.

"We have made the master plan more flexible for you. If you will combine with others you'd win blessings from the entire county. There could be a tremendous step forward if you would act as spearhead. By getting together you could have a fine marina. The time has come."

Kappas stood pat under this.

"I didn't really expect to make a convert," Behr sighed.

William Hamilton of Mill Valley, chairman of the Sausalito Canal Dredging Committee "which you appointed," urged the supervisors, "Don't give up any of your powers to control the situation."

Speaking for the Marin Conservation League, Mrs. T. C. Wellman of Kentfield said her organization opposes amendment of the master plan for as amended there would be no assured access to the bay by the public.

"The bay is a priceless asset and can't be allowed to serve only a few people," she said.

On Behr's motion for the proposed amendment, seconded by Fusselman, negative votes were cast by Chairman Walter R. Castro and William Gnoss.

Behr, Hamilton and Francis L. Newton of Belvedere were named by the board to attend a South San Francisco meeting of the Division of Small Craft Harbors next Friday, termed "the last opportunity to hold $300,000 from the state for bay dredging."

School Unit Authorized Bond Sales

Novato Unified School District trustees last night authorized the sale of $165,000 in bonds to help finance an addition to the high school.

The state recently authorized a $126,380 loan for five classrooms and remodeling two others at the high school.

Trustees also authorized proceeding with plans for a five-room addition to the West Novato School and a new wing at the high school.

An application to the state for permission to purchase the Richard Connell property on South Novato Boulevard for an addition to the Rancho School site was approved by the board.

The trustees accepted remodeling of the offices at Olive School as complete.

Notification was given to the board that the school architectural firm, Reid, Rockwell, Banwell and Tarics, was splitting into two firms. One of these will be known as Reid and Tarics and the other as Rockwell and Banwell.

PROTEST

see things that way. He said the planning staff had been in error.

"Here you have a classic example of spot rezoning, and that the spot has shrunk makes it spot rezoning no less," declared Behr.

Attorney Sidney Rudy unsuccessfully pleaded for delay because the planning commission is still considering a use permit application which he felt should be thrown into a package deal for hearing Jan. 7.

Appearing for the Northbridge protestors, attorney George R. Tuttle argued that rezoning would be "a foot in the door" to harm residential aspects of the area.

Worsening traffic conditions with attendant danger to school children along North San Pedro Road, particularly because of the Civic Center opening, was cited as a reason for refusal by Lawrence Geiger, principal of Santa Venetia Junior High School.

"I've been called many names about this," said Dr. Albert, "and I hate to feel that these people think they're fighting for their lives. But I purchased the property because I felt the beauty of the whole locality and I mean nothing detrimental through a medical-dental clinic."

Chairman Walter R. Castro finally moved denial and the board was unanimous in support.

available for comment, she said.

Sen. John F. McCarthy and Assemblyman William T. Bagley, co-chairmen of the campaign for Congress of Republican Donald H. Clausen, charged Kent with "trying to conduct a campaign by law suit."

"The American way has been to defeat political opposition at the polls rather than in court," they said. "His latest suit raises a serious question in our minds as to how much he was involved in the elimination of two other announced candidates (Nick Kobseff of Nicasio and Ted Watkins of Mendocino City)."

tion teachers, about the trouble.

"Continual hazing and bullying of the freshmen by the upperclassmen has reached the breaking point," declared Mrs. Jones.

The beating occurred shortly after the lunch period yesterday. Novato poilce said the fight apparently started when two of the upper girls grabbed Karen and a third started beating her about the face. Another freshman girl came to her assistance, which started a second fight with another upper class girl, police said.

Principal Robert McKeay discredited the hazing explanation. He said the trouble probably started with some off-campus incident and was carried onto the school grounds.

"You can't watch all the time," said McKeay. The school is investigating, he reported.

A similar fight among three girls occurred at the high school six weeks ago. That one reportedly was over a can of hair spray.

Fairfax To Widen Bolinas Avenue

Sidewalks on Bolinas Avenue in Fairfax will be narrowed to permit the city to widen the avenue with state gasoline tax funds, the Fairfax City Council decided last night.

City Engineer Albert H. Siemer was instructed to draft plans for the project as previously outlined, despite protests from the audience.

Siemer asked the council for orders to go ahead because he wanted to get the project ready for bidding before spring.

The project, which will cost an estimated $35,000, involves widening Bolinas and building new curbs and gutters from Broadway to Sherman Avenue, repaving Broadway from Bank Street to Pacheco Avenue and realignment of lanes at the intersection of Pacheco, Broadway and Center Boulevard.

Siemer said the state has agreed to a reduction of its 40-foot minimum width to 38 feet 9 inches on Bolinas. Even so, it will mean cutting the sidewalks to 5 feet 3 inches on one side and 5 feet 9 inches on the other.

Councilman Freeman Blake said he and Street Supt. Charles Thornton had inspected a 5 foot 6 inch sidewalk in San Anselmo and found it satisfactory.

Councilman Cornelius Van Vliet, who voted against the widening project, said, "What is good for San Anselmo isn't necessarily good for Fairfax."

Mrs. Louis Nave, who lives on Nave Lane, objected to the narrower walks, questioning if it were legal.

"If it proved necessary," replied Siemer, "you could pave the street right up to the store fronts."

Mayor W. E. Radtke said that only by widening Bolinas can the city obtain state funds to improve it. He said the city won't have to spend any of its own funds, since the cost will be divided between the state and the county.

Two Nominated For Hub Rec Commission

Trustees of the San Anselmo School District last night nominated Dr. James R. Rideout, of 171 Legend Road, Sleepy Hollow, a dentist, and Dwight A. Nelson, of 195 Spring Road, San Anselmo, who has worked on city projects in the past, to serve on a city-school district recreation commission.

The commission will have seven members. The city council will appoint the other five.

Trustees designated six polling places for the April 16 school board election: Sir Francis Drake High School, Wade Thomas School, Brookside School, Sleepy Hollow School, Isabel Cook School and Yolansdale School.

The terms of trustees Mary Hedin and Doris Harsberger will expire. Both said today that they had not decided if they will seek re-election. Candidates must file by March 1.

The San Anselmo School District board also:

1. Asked Supt. Stephen L. Parodi to prepare a format for the operation and structure of a citizen committee to advise trustees on a foreign language program.

2. Held an executive session to hear Parodi's report on teacher evaluation. No action was taken in the session.

3. Designated Monday as a holiday for custodians.

4. Adjourned to Jan. 15.

Hub Planners Recommend Apartment Zoning Denial

The San Anselmo Planning Commission voted 5-0 last night to recommend denial of apartment house zoning on a lot owned by Andrew Stafford on Tunstead Avenue near Cedar Avenue.

Basis for the vote was that no rezoning should take place in the area because of a pending master plan study.

In the same area, the planning commission voted to table the request for a change from single family residential to apartment house zoning on two lots on Cedar Avenue owned by David Rosenberg.

The action came after a long discussion and a claim by a neighboring owner that the change to apartment house zoning had already been accomplished through a "blanket" ordinance passed by the city council some time back.

The commission will take the matter up at its next meeting Jan. 21 after getting a legal opinion on the state of the present zoning, Eleanor Wishard, commission secretary, said.

The commissioners recommended a change from single family to apartment zoning on five lots on the northwest side of Ancha Vista Avenue, just north of the Chapel of the Hills mortuary, requested by Clyde Building Associates.

Commissioners also granted a use permit to allow Robert Toquinto to build an apartment at 1562 Sir Francis Drake Boulevard.

Commissioners Ronald Hill and Thomas Pring were absent.

Clausen Urges $10 Million For Pt. Reyes Land

Donald H. Clausen, Republican congressional candidate in the Jan. 22 special election, yesterday urged the secretary of the interior to put 10 million dollars in the federal budget for early development of Point Reyes National Seashore.

In a letter to Interior Secretary Stewart Udall, Clausen asked that five million dollars be included in a supplemental budget for fiscal 1963 and made immediately available for land acquisition. He suggested that an additional five million be included in the fiscal 1964 budget which will be presented to Congress by the president in January.

"Appropriate recognition" should be made of the "contribution of Senators Kuchel and Engle and the late Rep. Clem Miller toward authorization of the Point Reyes National Seashore," Clausen added. "I would heartily endorse such recognition."

Burglar Is Given One To 14 Years

Robert Napier, 35, an unemployed man from Chicago, must spend one to 14 years in state prison for burglary of the Kau Kau Basket in Sausalito on Oct. 22.

Judge Thomas F. Keating of Marin Superior Court sentenced Napier to prison Monday for second degree burglary. Police said Napier was caught in San Francisco with cigarettes, candy and other items taken in the burglary.

CATS

to modification before being made into law.

One provision which was ruled out would have made it unlawful for anyone owning six or more cats to let them run at large.

"This is discriminatory," said Myers. "The man who owns six cats can't let any of them run at large, but the man who owns five can let all of them run."

Included would be a $15 fee for permits to keep more than six cats. The city would be required to notify neighbors within a 250-foot radius of the applicant's premises so that they would have a chance to protest.

Mrs. Barberis called the proposed law "silly." She said San Anselmo was the only city in Marin County with a cat control ordinance, "and it was for the same man." Larock said he lived in San Anselmo before moving to Fairfax.

Specific exception to the ordinance would be granted to licensed pet stores, veterinarians and shows or exhibitions of a temporary nature.

Radtke said there will be ample time for public hearing of the proposed ordinance. He said it probably would not be given first reading until February.

Grand Jury To Continue Span Probe

Marin County Grand Jury, delving into charges of mismanagement and waste by the Golden Gate Bridge district, will meet again at 9 a.m. Dec. 27.

Jury Foreman Irving Chapman said that this meeting will be a continuation of yesterday's all-day session in the county courthouse, San Rafael.

Miss Ruth Dow, who was fired in 1956 as secretary of the bridge district, testified yesterday and will be re-called on Dec. 27. She said she was with the bridge district for about 19 years and was fired for "incompatibility."

Other witnesses yesterday were Directors Ben K. Lerer of San Francisco and Herbert Fehely of Del Norte; Robert Hill of San Jose, who did the audit for the bridge district in 1960-61, and Gordon Garland, former assemblyman, who got $17,000 last year as a bridge lobbyist in Sacramento.

Bridge General Manager James Adam appeared briefly yesterday but declined comment on his half-hour testimony.

Dist. Atty. Roger P. Garety is helping the jurors question the witnesses. Donald E. Midyett, inspector for the district attorney, played a tape recording of one of the bridge board meetings.

Reed School Election Outlined

Formal approval of the issues to be presented to the voters at the Reed School District bond election on Jan. 22 was given by district trustees at last night's meeting.

Trustees agreed to ask for approval of $550,000 in bonds and a state loan of $2,370,000. The total six-year development program will cost $3,001,000, but state aid totaling $633,000 has already been authorized.

The board accepted an amortization schedule designed to keep the tax rate constant.

Trustees approved preliminary drawings for the Del Mar School shower rooms, multi-use and music rooms with minor changes.

They learned of the resignation of Frances C. Fraass as secretary to the superintendent effective Dec. 31. Mrs. Fraass plans to enter the field of adult education.

Harold Bickel, Reed School teacher, was appointed principal of the 1963 summer school.

Supt. Edward C. Pino was appointed official representative to the Bay Area Educational Research Service.

Bay Plan Amendment Passed By Board, 3-2

Amendment of the Richardson Bay Master Plan to eliminate bulkhead and pierhead lines squeezed through the Marin County Board of Supervisors yesterday by a 3-2 vote against strangely united opposition of harbor developer George Kappas and the Marin Conservation League.

Kappas and Supervisor Peter Behr staged a brief verbal duel after Planning Director B. D. Dobbs had summarized the text of the amended measure.

Kappas stuck up for rugged individualism, and bay development by a few like himself. Behr sought to show the beauties of united friendly action.

"I have permits to develop," said Kappas. "If property owners are let alone we will dig the channel and always keep it open. It is the only way."

"But if we all work together," Behr wheedled, "by combining we can benefit the county as a whole as well as giving profit for you.

"We have made the master plan more flexible for you. If you will combine with others you'd win blessings from the entire county. There could be a tremendous step forward if you would act as spearhead. By getting together you could have a fine marina. The time has come."

Kappas stood pat under this.

"I didn't really expect to make a convert," Behr sighed.

William Hamilton of Mill Valley, chairman of the Sausalito Canal Dredging Committee "which you appointed," urged the supervisors, "Don't give up any of your powers to control the situation."

Speaking for the Marin Conservation League, Mrs. T. C. Wellman of Kentfield said her organization opposes amendment of the master plan for as amended there would be no assured access to the bay by the public.

"The bay is a priceless asset and can't be allowed to serve only a few people," she said.

On Behr's motion for the proposed amendment, seconded by Fusselman, negative votes were cast by Chairman Walter R. Castro and William Gnoss.

Behr, Hamilton and Francis L. Newton of Belvedere were named by the board to attend a South San Francisco meeting of the Division of Small Craft Harbors next Friday, termed "the last opportunity to hold $300,000 from the state for bay dredging."

School Unit Authorized Bond Sales

Novato Unified School District trustees last night authorized the sale of $165,000 in bonds to help finance an addition to the high school.

The state recently authorized a $126,380 loan for five classrooms and remodeling two others at the high school.

Trustees also authorized proceeding with plans for a five-room addition to the West Novato School and a new wing at the high school.

An application to the state for permission to purchase the Richard Connell property on South Novato Boulevard for an addition to the Rancho School site was approved by the board.

The trustees accepted remodeling of the offices at Olive School as complete.

Notification was given to the board that the school architectural firm, Reid, Rockwell, Banwell and Tarics, was splitting into two firms. One of these will be known as Reid and Tarics and the other as Rockwell and Banwell.

PROTEST

see things that way. He said the planning staff had been in error.

"Here you have a classic example of spot rezoning, and that the spot has shrunk makes it spot rezoning no less," declared Behr.

Attorney Sidney Rudy unsuccessfully pleaded for delay because the planning commission is still considering a use permit application which he felt should be thrown into a package deal for hearing Jan. 7.

Appearing for the Northbridge protestors, attorney George R. Tuttle argued that rezoning would be "a foot in the door" to harm residential aspects of the area.

Worsening traffic conditions with attendant danger to school children along North San Pedro Road, particularly because of the Civic Center opening, was cited as a reason for refusal by Lawrence Geiger, principal of Santa Venetia Junior High School.

"I've been called many names about this," said Dr. Albert, "and I hate to feel that these people think they're fighting for their lives. But I purchased the property because I felt the beauty of the whole locality and I mean nothing detrimental through a medical-dental clinic."

Chairman Walter R. Castro finally moved denial and the board was unanimous in support.

KENT

available for comment, she said.

Sen. John F. McCarthy and Assemblyman William T. Bagley, co-chairmen of the campaign for Congress of Republican Donald H. Clausen, charged Kent with "trying to conduct a campaign by law suit."

"The American way has been to defeat political opposition at the polls rather than in court," they said. "His latest suit raises a serious question in our minds as to how much he was involved in the elimination of two other announced candidates (Nick Kobseff of Nicasio and Ted Watkins of Mendocino City)."

tion teachers, about the trouble.

"Continual hazing and bullying of the freshmen by the upperclassmen has reached the breaking point," declared Mrs. Jones.

The beating occurred shortly after the lunch period yesterday. Novato poilce said the fight apparently started when two of the upper girls grabbed Karen and a third started beating her about the face. Another freshman girl came to her assistance, which started a second fight with another upper class girl, police said.

Principal Robert McKeay discredited the hazing explanation. He said the trouble probably started with some off-campus incident and was carried onto the school grounds.

"You can't watch all the time," said McKeay. The school is investigating, he reported.

A similar fight among three girls occurred at the high school six weeks ago. That one reportedly was over a can of hair spray.

PRISON AIDE HAS WRY PRAISE FOR 2 ESCAPERS

But He Stands Firm In Belief No One Has Been Successful

FREEDOM ROUTE
Escape through window

SAN FRANCISCO (UPI)—Federal Prisons Director James V. Bennett had wry praise for two bank robbers who won brief freedom from Alcatraz Federal Penitentiary Sunday night.

But he stood firm in his belief that no one has escaped successfully from "The Rock" in San Francisco Bay.

Bennett, who flew from Washington to San Francisco less than 24 hours after John Paul Scott and D. Lee Parker broke out of the island prison, toured the installation yesterday to check "security and morale."

He told a news conference there would be some changes in routine, but that the Alcatraz staff was not to blame and there would be no changes or transfers.

Scott, 35, became the first Alcatraz convict known to have reached the mainland. He was picked up, numb with cold, on the San Francisco shore two and one half miles from the island. Parker, 31, got only as far as a small rock 100 yards from the main island.

The prison director said that when he first heard of the escape "it seemed perfectly incredible and still does to a very considerable extent."

But he pointed out that Parker, "a very intelligent man" who had completed three years of college, pulled "one of the most spectacular escapes in the whole annals of prisons" in departing from the Allen County, Ind., jail at one time.

Bennett remained firm in his belief that five men who disappeared in previous escape attempts from Alcatraz drowned in the cold turbulent waters of the bay.

"To this day," he said, "I don't think anyone escaped successfully."

It was first reported that Scott and Parker cut through the bars of a window in the floor of the basement and scaled a 14-foot fence to reach the water.

But Bennett said that after cutting through the window, the convicts climbed an exterior pipe to the roof of the three-story main cell block, went across the roof, descended to ground level on a 50-foot electric cable and went down a 30-foot cliff into the bay.

Bennett said he did not believe Scott's story that the bars were sawed with string and abrasive kitchen cleanser. The director said a spatula, which had been nicked to form saw teeth, was found in a drainpipe.

He said work on the escape plan apparently had been in progress for at least a year.

And, ironically, Bennett said most of the work was done by an unnamed convict —now in Missouri State Prison.

National Guard CO Gets Commendation

Lt. Col. Kenneth E. Robin of Mill Valley, commanding officer of the 579th Engineer Battalion, California National Guard, recently received a commendation with pendant, the fourth highest award given by the California National Guard.

Colonel Robin, who lives at 286 Oakdale Avenue and is a division sales supervisor for Pacific Gas and Electric Co., was given the award for "outstanding devotion to duty." The battalion he commands has units in San Rafael, Santa Rosa, Healdsburg, Napa and Petaluma.

ESCAPE GEAR—This is the flotation gear used by John Paul Scott and D. Dee Parker to swim away from Alcatraz last Sunday. NATIVITY SCENE SHOWS ILLS OF SEGREGATION

LEICESTER, England (AP)—A crib was unveiled outside the Methodist Church here today with Joseph, Mary and Jesus depicted as colored people.

And the traditional three wise men were:

An American getting out of a fur-lined car—to represent wealth.

A Russian, arriving by rocket, to represent the benefits of science.

A Nigerian, to represent tradition.

The crib was designed by Frederick Reeves, a nephew of the Rev. Ambrose Reeves, former bishop of Johannesburg who was forced to leave South Africa because of his stand against apartheid (segregation).

The Rev. Arthur Kirkby, press officer for the Leicester Free Church Council, commented:

"This crib will shake people out of their cozy ideas about Christmas."

Land under New York City's Rockefeller Center is owned by Columbia University. The institution receives $3,800,000 annually in rent for the property. It has been estimated the university has obtained $118.3 million from the center since 1928.

SAN MARIN ROAD ASKED OF STATE

A new road to connect the hundred-million-dollar San Marin development near Novato with Highway 101 was formally requested of the state by Marin County supervisors yesterday.

Construction of this road was pledged by the developers some time ago to prevent traffic pressure on Novato Boulevard from building up to an intolerable degree.

Supervisor William Gnoss manifested concern over the point that precise location of Highway 101 is still nebulous. But public Works Director Donald R. Frost said the subject of interchange could be left for future planning.

"Plans for the proposed connection to 101 have been prepared," said Frost, "and it is necessary that they be submitted to the State Highway Commission with a board resolution requesting the construction. This doesn't commit us or anyone else to build it."

The Board Of Supervisors Also:

1. Ordered 40-minute parking in front of the Meadowsweet School and a 25-mile speed limit on Bellam Boulevard between Francisco Boulevard and Jacoby Street due to growth of retail business.
2. On request of Asst. State Highway Engineer J. P. Sinclair, promised to advise of subdivisions or other developments conflicting with possible route of Highway 101 north of Atherton Avenue and south of Novato Creek.
3. Appointed Jane W. Drost and Dorothy O'Connor senior typist clerks, half-time, for the county medical department at $187.50 monthly; and Tadeuz Lipski maintenance man for the public works department at $391.
4. Received a Mill Valley City Council resolution urging the grand jury to investigate Golden Gate Bridge mismanagement charges but took no action because (said Supervisor William D. Fusselman) "they're doing it."
5. Accepted a $3,053.58 Shamrock Motors bid, lowest of five, for two Dodge police cars (base price $4,426.52 each, but plus sales tax and minus two $1,550 trade-ins.)
6. Approved Dr. I. N. Tucker's request for rezoning of 16,000 square feet at 32 Reed Street, south of Mill Valley, to administrative-professional to provide a medical center.
7. Received but did not act on construction bids for Marinero Residence No. 1 including Unit 2, Improvement District; Linscott Co. of San Rafael, $191,738.45; Cecotti and Son of Marin, Corte Madera, $210,334.75; J. R. Armstrong Construction Co., El Cerrito, $207,090; E. A. Forde Co., San Anselmo, $208,911.94; O. C. Jones and Sons, Berkeley, $244,639.55; Ghilotti Bros. Inc., San Rafael, $219,118.99.
8. Approved Fusselman's nomination of Clifton C. Cordes of Fairfax to the Marin County Flood Control Commission.
9. Called a special board session for 9 a.m. Dec. 27 to handle unfinished business, primarily mid-year salary raises for specially recommended county employees.

Sausalito Mock Sea Battle Gains

Sausalito's second war on the waters got a tentative blessing from the city council last night in the name of charity.

Mayor Paul Micou was deputized by the council to give final approval.

The mock sea battle, a repetition with some refinements of that in September, 1961, between yacht owners Enrico Banducci and Merlin Petersen, was proposed for Jan. 26 and 27.

Petersen and San Francisco restaurateur Banducci tie up their crafts in Sausalito. He asked for the city's blessing, reminding "some of you may be familiar with last year's sea battle."

Mayor Micou replied, "It was unforgettable."

This year's battle, or water carnival, Petersen said, would include water ski shows and celebrities to be brought from Hollywood and "other places." It would be held in waters between the Spinnaker restaurant and Portofino Marin.

Returns expected to be collected through advertising and by passing the hat, will go to the National Aid to Visually Handicapped, he reported.

Councilmen, though apprehensive, indicated they would give the "war" another chance, recalling complaints made about noise of last year's loudspeakers.

City Mgr. Charles A. Brown said if the battle is held, the city should ask guarantees "to prohibit certain activities" and perhaps ask a financial deposit for additional traffic or waterfront control.

"We do not want the loud speakers" of last year, said Councilman Michael Harris.

Larkspur Housewife Injured In Crash

A Larkspur housewife suffered minor injuries in a Kentfield intersection automobile crash yesterday.

Southbound on Kent Road, Mrs. Jola Mae Soderlind of 33 Millard Road, Larkspur, paused at a stop sign but when her car proceeded it was struck by one driven by Anne Casey Moya of 8 Orchard Way, Kentfield, eastbound on Woodland Avenue, the California Highway Patrol reported. Mrs. Soderlind was treated for a neck sprain at Marin General Hospital.

Marin Heliport To Be Discussed

The topic under discussion on the radio KTIM "Marin Sounding Board" program tomorrow from 9 to 10 a.m. will be, "Is there a need for a heliport in Marin?"

Panelists will be John Geehan, a commercial pilot; Carol Snyker, manager of Marin Development Assn.; Michael Craig, manager of the Edgewater Inn in Corte Madera, and Corte Madera Mayor Edward Colthurst.

Listeners may direct questions to participants of the program, according to moderator Kitty Oppenheimer. The program will be repeated Sunday at 12:30 p.m. via tape recording.

About 24 per cent of the nation's steel is produced in Pennsylvania.

East San Rafael Zone Meeting Set

The San Rafael Planning Commission will hold a special meeting at 4 p.m. tomorrow in the E Street School building to set hearing dates on a proposal for rezoning in East San Rafael.

Kaehler-Farrar Development Co. has asked that a block bounded by Bellam Boulevard, Larkspur, Novato, and Canal streets, but excluding a portion 228 feet on Larkspur and 220 feet on Novato streets, be rezoned from special apartment to planned community district, announced James R. Garrett, city planner.

Belvedere Girl Gets Fire Poster Award

Theresa Brooke, daughter of Mr. and Mrs. William H. V. Brooke of 60 Madrona Avenue, Belvedere, has won third place in the regional primary category of a "Keep the Redwood Region Green" forest fire prevention poster contest.

The announcement was by the Western Forestry and Conservation Assn. Theresa is in the fourth grade of Del Mar School at Tiburon.

Board Looks Into Civic Center Traffic Dangers

Suddenly increased traffic dangers caused by opening of the Civic Center came to the fore twice yesterday before Marin County supervisors. Prospects for immediate improvement seemed poor.

Public works director Donald R. Frost said traffic to the center with minimum inconvenience cannot be provided until North San Pedro Road is widened to four lanes.

There must also, said Frost, be provision for left-turn "storage and signalization" as well as a northerly access crossing the fairgrounds and connected with the frontage road east of the Terra Linda interchange.

"Both projects," said Frost, "would require substantial outlay of capital improvement funds." He said he'd give detailed recommendations for next year's budget.

Frost said that no definite date has been set for completion of North San Pedro Road interchange with Highway 101 and because of the large outlay needed for road widening, it will be necessary to coordinate its design with the ultimate design of the interchange. But the public works department may be able to widen between the offramp east of Highway 101 and Civic Center Drive next spring, he said.

Building Plans Due Dixie Board

Plans for a new Dixie School District administration building will be presented at a meeting of district trustees tonight at 8 o'clock in the Mary E. Silveira School.

Supt. Dennie B. Willis said the building will actually be designed as a four-classroom addition to the Don Timoteo School and will be used as temporary quarters for the 18-member administration staff.

Lawrence Geiger, principal of Santa Venetia Junior High School, during a later zoning hearing voiced great concern over safety of children in the Civic Center vicinity.

"The Civic Center opening has caused a new dilemma," he declared. "One hundred youngsters pass your front door each morning, going back in the evening. It is indeed remarkable that more serious injuries have not resulted to date. We must consider adequate road and walkways."

Architect Aaron Green put in final Civic Center bills yesterday aside from indefinite withholding $51,200 to cover possible replacements of defective materials or work. He got board authorization for payment by Dec. 26 due date of $349,404.63, representing the difference between an adjusted final contract figure of $3,471,543.73 and previously paid $3,122,139.10.

The board also approved a balance of $50,417 due on architect's fee of a total $359,724.10 per cent of construction and site development cost.

SPEEDING CRACKDOWN WORKING IN FAIRFAX

Fairfax Police Chief James Orr told the Fairfax City Council last night that his officers issued about 70 citations on Sir Francis Drake Boulevard since the council ordered a crackdown on speeders at the Dec. 10 meeting.

"What's the situation on speeding on Sir Francis Drake?" Mayor W. E. Radtke asked Orr.

"People won't even drive on it now," said Orr. "They park their cars and walk."

Fairfax Garbage Gets Dumped

An emergency ordinance making property owners instead of occupants responsible for compliance with the city garbage disposal law was adopted last night by the Fairfax City Council.

The emergency clause makes the ordinance effective immediately. City Atty. Wallace S. Myers said this was done because many occupants of property are not paying fees, thus working a hardship on the Ricco-Roffi Co., the garbage contractor. He said "unlawful disposal" of garbage also is a health menace.

Myers said the city can use civil action to force payment of fees, but he doubted that a criminal penalty could be enforced because it would, in effect, make a violator subject to imprisonment for debt.

The council took under consideration three possible group health insurance plans for city employees. Charles M. Thornton, fire chief and street superintendent, who submitted the plans, recommended the city split the cost of total coverage for the employee and his family rather than pay the whole premium for the employee and leave payment of the premium for dependents up to the employee.

The Fairfax City Council Also:

1. Appointed Patrolman William Dooley a police sergeant, effective Jan. 1, on the basis of his high score in an examination for the post.
2. Delayed, pending site inspection, action on request by Cohelan of 186 Hillside Drive for a hardship parking permit.
3. Directed the city attorney to reply to a letter from Thomas Boyd, attorney for Joseph Ghiringhelli, owner of Deer Park Villa, protesting city inaction on a large hole in front of his development.
4. Heard a request by St. Rita's Women's Guild for sidewalks on Sir Francis Drake Boulevard from Marinda Drive to Oak Manor Drive for the safety of school children.
5. Received a letter from Robert Peterson requesting that he not be reappointed to the planning commission due to the press of his duties as a school teachers. Peterson proposed architect Don Milar of 107 Redwood Avenue as a replacement.
6. Reappointed Col. Roland Watts to the planning commission for another four-year term.
7. Adopted an ordinance making parking permits good for a year instead of six months.
8. Took under advisement a request by Ray Forester that he be allowed to consolidate two back-to-back lots on Madrone Road and Cascade Drive and extend a two-inch water line for fire protection to Madrone in order to qualify for a building permit.
9. Asked Councilman Frank L. Lawrence for complete figures on proposed improvement of the children's playground.
10. Directed the street superintendent to tear down a dilapidated building next to the corporation yard.
11. Approved painting of city offices after the first of the year.
12. Approved transfer of the city's time deposit accounts to the new Crocker-Anglo Bank branch, to divide up city banking business.

North Marin Water Unit Buys Year's Supplies

Directors of the North Marin County Water District last night spent more than $200,000 for a year's supply of materials and equipment.

Contracts were awarded to the following firms: Pipeline Supply Co., $112,770 for six-inch pipe; Groeniger and Co., $24,572 for valves; Groeniger and Co., $5,342 for fittings; Republic Supply Co., $1,693 for tapping sleeves; Groeniger and Co., $11,372 for fire hydrants; Henry Pratt Co., $5,714 for reversing controllers; Edward S. Walsh Co., $581 for couplings; Marshall Maxwell, Inc., $26,000 for backfill; American Pipe and Construction Co., $10,000 for 16 and 20-inch pipe, and Able Fence Co., $8,195 for fencing.

The district will start sending water bills with return envelopes in March, the board decided. The district has been using postcards.

San Rafael Woman Hurt; Hit By Car

Julia Biriozzi, 68, of 40 Pleasant Lane, San Rafael, was treated for a scraped left shoulder Monday at San Rafael General Hospital after being hit by a car while crossing the intersection of Third Street and Grand Avenue.

Chris Ralph Erickson, 59, of 125 Glen Park, San Rafael, who was driving north on Grand Avenue, was cited by San Rafael police for violation of the pedestrian right-of-way.

Transmission Stolen

Theft of a $125 transmission from a car being repaired at DeLong Chevrolet Inc., 550 Francisco Boulevard, San Rafael, over the weekend was reported Monday to police by service manager Webster Austin.

Civic Center Study On Second Phase Ordered

Marin County supervisors yesterday ordered the Civic Center committee to start a study on timing of the second phase of the center.

The board also accepted, but took no official action on, Auditor Michael Mitchell's suggestions to continue pay-as-you-go financing aimed at completion of the second phase by mid-1968.

"In our analysis," Mitchell said, "we have projected continuance of the 23-cent capital improvement tax rate levied by the board during the current fiscal year." Under this scheme, Mitchell figures construction of the second phase could begin in August, 1966, and be completed in August, 1968.

Revenue for the six million dollars which Mitchell said will be needed for construction would include 1.5 million dollars from sale of the old courthouse. This would allow the improvement tax to drop to 14 cents per $100 assessed valuation during 1968-69.

Mitchell's proposal was his first recommendation to the board as new county auditor.

Touching Two Bases

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle and Lt. Gov. John W. Donahey got to share one letter that came to Ohio's Statehouse.

It was addressed to "Gov. Michael V. Donahey."

Driver Is Hurt; Rams Parked Car

A San Rafael driver suffered scalp cuts when he drove his car into the rear of a parked vehicle projecting onto Francisco Boulevard last night.

Phillip William Allin of 530 Third Street, southbound along the east frontage road, rammed a sedan which had been parked by Richard A. Geminiani of 241 Butterfield Road, San Anselmo. The California Highway Patrol said Geminiani had not put his car completely off the boulevard.

Allin was treated at San Rafael General Hospital.

The Etosha Pan Conservation Territory in South-West Africa is the world's largest wildlife sanctuary, covering 26,000 square miles, or the size of Delaware and West Virginia combined.

Giampoli Says He'll File Appeal

Nick Giampoli, dismissed as San Rafael police inspector by Chief Charles J. Chiesa, had not filed an appeal of his dismissal today, but said his attorney will file it before the Dec. 24 deadline.

Giampoli's dismissal on Dec. 13 for "failure to report to work" was disclosed yesterday by Chiesa.

The two men may oppose each other for election to the chief's job in April if the voters of San Rafael do not approve a proposed charter amendment on the Jan. 22 ballot to make the post appointive.

Giampoli went on sick leave Oct. 23 for surgery on his foot, and has not returned to work since, according to Chiesa.

SAN MARIN ROAD ASKED OF STATE

A new road to connect the hundred-million-dollar San Marin development near Novato with Highway 101 was formally requested of the state by Marin County supervisors yesterday.

Construction of this road was pledged by the developers some time ago to prevent traffic pressure on Novato Boulevard from building up to an intolerable degree.

Supervisor William Gnoss manifested concern over the point that precise location of Highway 101 is still nebulous. But public Works Director Donald R. Frost said the subject of interchange could be left for future planning.

"Plans for the proposed connection to 101 have been prepared," said Frost, "and it is necessary that they be submitted to the State Highway Commission with a board resolution requesting the construction. This doesn't commit us or anyone else to build it."

The Board Of Supervisors Also:

1. Ordered 40-minute parking in front of the Meadowsweet School and a 25-mile speed limit on Bellam Boulevard between Francisco Boulevard and Jacoby Street due to growth of retail business.
2. On request of Asst. State Highway Engineer J. P. Sinclair, promised to advise of subdivisions or other developments conflicting with possible route of Highway 101 north of Atherton Avenue and south of Novato Creek.
3. Appointed Jane W. Drost and Dorothy O'Connor senior typist clerks, half-time, for the county medical department at $187.50 monthly; and Tadeuz Lipski maintenance man for the public works department at $391.
4. Received a Mill Valley City Council resolution urging the grand jury to investigate Golden Gate Bridge mismanagement charges but took no action because (said Supervisor William D. Fusselman) "they're doing it."
5. Accepted a $3,053.58 Shamrock Motors bid, lowest of five, for two Dodge police cars (base price $4,426.52 each, but plus sales tax and minus two $1,550 trade-ins.)
6. Approved Dr. I. N. Tucker's request for rezoning of 16,000 square feet at 32 Reed Street, south of Mill Valley, to administrative-professional to provide a medical center.
7. Received but did not act on construction bids for Marinero Residence No. 1 including Unit 2, Improvement District; Linscott Co. of San Rafael, $191,738.45; Cecotti and Son of Marin, Corte Madera, $210,334.75; J. Sausalito Mock Sea Battle Gains

Sausalito's second war on the waters got a tentative blessing from the city council last night in the name of charity.

Mayor Paul Micou was deputized by the council to give final approval.

The mock sea battle, a repetition with some refinements of that in September, 1961, between yacht owners Enrico Banducci and Merlin Petersen, was proposed for Jan. 26 and 27.

Petersen and San Francisco restaurateur Banducci tie up their crafts in Sausalito. He asked for the city's blessing, reminding "some of you may be familiar with last year's sea battle."

Mayor Micou replied, "It was unforgettable."

This year's battle, or water carnival, Petersen said, would include water ski shows and celebrities to be brought from Hollywood and "other places." It would be held in waters between the Spinnaker restaurant and Portofino Marin.

Returns expected to be collected through advertising and by passing the hat, will go to the National Aid to Visually Handicapped, he reported.

Councilmen, though apprehensive, indicated they would give the "war" another chance, recalling complaints made about noise of last year's loudspeakers.

City Mgr. Charles A. Brown said if the battle is held, the city should ask guarantees "to prohibit certain activities" and perhaps ask a financial deposit for additional traffic or waterfront control.

"We do not want the loud speakers" of last year, said Councilman Michael Harris.

Larkspur Housewife Injured In Crash

A Larkspur housewife suffered minor injuries in a Kentfield intersection automobile crash yesterday.

Southbound on Kent Road, Mrs. Jola Mae Soderlind of 33 Millard Road, Larkspur, paused at a stop sign but when her car proceeded it was struck by one driven by Anne Casey Moya of 8 Orchard Way, Kentfield, eastbound on Woodland Avenue, the California Highway Patrol reported. Mrs. Soderlind was treated for a neck sprain at Marin General Hospital.

Marin Heliport To Be Discussed

The topic under discussion on the radio KTIM "Marin Sounding Board" program tomorrow from 9 to 10 a.m. will be, "Is there a need for a heliport in Marin?"

Panelists will be John Geehan, a commercial pilot; Carol Snyker, manager of Marin Development Assn.; Michael Craig, manager of the Edgewater Inn in Corte Madera, and Corte Madera Mayor Edward Colthurst.

Listeners may direct questions to participants of the program, according to moderator Kitty Oppenheimer. The program will be repeated Sunday at 12:30 p.m. via tape recording.

About 24 per cent of the nation's steel is produced in Pennsylvania.

East San Rafael Zone Meeting Set

The San Rafael Planning Commission will hold a special meeting at 4 p.m. tomorrow in the E Street School building to set hearing dates on a proposal for rezoning in East San Rafael.

Kaehler-Farrar Development Co. has asked that a block bounded by Bellam Boulevard, Larkspur, Novato, and Canal streets, but excluding a portion 228 feet on Larkspur and 220 feet on Novato streets, be rezoned from special apartment to planned community district, announced James R. Garrett, city planner.

Belvedere Girl Gets Fire Poster Award

Theresa Brooke, daughter of Mr. and Mrs. William H. V. Brooke of 60 Madrona Avenue, Belvedere, has won third place in the regional primary category of a "Keep the Redwood Region Green" forest fire prevention poster contest.

The announcement was by the Western Forestry and Conservation Assn. Theresa is in the fourth grade of Del Mar School at Tiburon.

Board Looks Into Civic Center Traffic Dangers

Suddenly increased traffic dangers caused by opening of the Civic Center came to the fore twice yesterday before Marin County supervisors. Prospects for immediate improvement seemed poor.

Public works director Donald R. Frost said traffic to the center with minimum inconvenience cannot be provided until North San Pedro Road is widened to four lanes.

There must also, said Frost, be provision for left-turn "storage and signalization" as well as a northerly access crossing the fairgrounds and connected with the frontage road east of the Terra Linda interchange.

"Both projects," said Frost, "would require substantial outlay of capital improvement funds." He said he'd give detailed recommendations for next year's budget.

Frost said that no definite date has been set for completion of North San Pedro Road interchange with Highway 101 and because of the large outlay needed for road widening, it will be necessary to coordinate its design with the ultimate design of the interchange. But the public works department may be able to widen between the offramp east of Highway 101 and Civic Center Drive next spring, he said.

Lawrence Geiger, principal of Santa Venetia Junior High School, during a later zoning hearing voiced great concern over safety of children in the Civic Center vicinity.

"The Civic Center opening has caused a new dilemma," he declared. "One hundred youngsters pass your front door each morning, going back in the evening. It is indeed remarkable that more serious injuries have not resulted to date. We must consider adequate road and walkways."

Architect Aaron Green put in final Civic Center bills yesterday aside from indefinite withholding $51,200 to cover possible replacements of defective materials or work. He got board authorization for payment by Dec. 26 due date of $349,404.63, representing the difference between an adjusted final contract figure of $3,471,543.73 and previously paid $3,122,139.10.

The board also approved a balance of $50,417 due on architect's fee of a total $359,724.10 per cent of construction and site development cost.

Building Plans Due Dixie Board

Plans for a new Dixie School District administration building will be presented at a meeting of district trustees tonight at 8 o'clock in the Mary E. Silveira School.

Supt. Dennie B. Willis said the building will actually be designed as a four-classroom addition to the Don Timoteo School and will be used as temporary quarters for the 18-member administration staff.

SPEEDING CRACKDOWN WORKING IN FAIRFAX

Fairfax Police Chief James Orr told the Fairfax City Council last night that his officers issued about 70 citations on Sir Francis Drake Boulevard since the council ordered a crackdown on speeders at the Dec. 10 meeting.

"What's the situation on speeding on Sir Francis Drake?" Mayor W. E. Radtke asked Orr.

"People won't even drive on it now," said Orr. "They park their cars and walk."

Fairfax Garbage Gets Dumped

An emergency ordinance making property owners instead of occupants responsible for compliance with the city garbage disposal law was adopted last night by the Fairfax City Council.

The emergency clause makes the ordinance effective immediately. City Atty. Wallace S. Myers said this was done because many occupants of property are not paying fees, thus working a hardship on the Ricco-Roffi Co., the garbage contractor. He said "unlawful disposal" of garbage also is a health menace.

Myers said the city can use civil action to force payment of fees, but he doubted that a criminal penalty could be enforced because it would, in effect, make a violator subject to imprisonment for debt.

The council took under consideration three possible group health insurance plans for city employees. Charles M. Thornton, fire chief and street superintendent, who submitted the plans, recommended the city split the cost of total coverage for the employee and his family rather than pay the whole premium for the employee and leave payment of the premium for dependents up to the employee.

The Fairfax City Council Also:

1. Appointed Patrolman William Dooley a police sergeant, effective Jan. 1, on the basis of his high score in an examination for the post.
2. Delayed, pending site inspection, action on request by Cohelan of 186 Hillside Drive for a hardship parking permit.
3. Directed the city attorney to reply to a letter from Thomas Boyd, attorney for Joseph Ghiringhelli, owner of Deer Park Villa, protesting city inaction on a large hole in front of his development.
4. Heard a request by St. Rita's Women's Guild for sidewalks on Sir Francis Drake Boulevard from Marinda Drive to Oak Manor Drive for the safety of school children.
5. Received a letter from Robert Peterson requesting that he not be reappointed to the planning commission due to the press of his duties as a school teachers. Peterson proposed architect Don Milar of 107 Redwood Avenue as a replacement.
6. Reappointed Col. Roland Watts to the planning commission for another four-year term.
7. Adopted an ordinance making parking permits good for a year instead of six months.
8. Took under advisement a request by Ray Forester that he be allowed to consolidate two back-to-back lots on Madrone Road and Cascade Drive and extend a two-inch water line for fire protection to Madrone in order to qualify for a building permit.
9. Asked Councilman Frank L. Lawrence for complete figures on proposed improvement of the children's playground.
10. Directed the street superintendent to tear down a dilapidated building next to the corporation yard.
11. Approved painting of city offices after the first of the year.
12. Approved transfer of the city's time deposit accounts to the new Crocker-Anglo Bank branch, to divide up city banking business.

North Marin Water Unit Buys Year's Supplies

Directors of the North Marin County Water District last night spent more than $200,000 for a year's supply of materials and equipment.

Contracts were awarded to the following firms: Pipeline Supply Co., $112,770 for six-inch pipe; Groeniger and Co., $24,572 for valves; Groeniger and Co., $5,342 for fittings; Republic Supply Co., $1,693 for tapping sleeves; Groeniger and Co., $11,372 for fire hydrants; Henry Pratt Co., $5,714 for reversing controllers; Edward S. Walsh Co., $581 for couplings; Marshall Maxwell, Inc., $26,000 for backfill; American Pipe and Construction Co., $10,000 for 16 and 20-inch pipe, and Able Fence Co., $8,195 for fencing.

The district will start sending water bills with return envelopes in March, the board decided. The district has been using postcards.

Civic Center Study On Second Phase Ordered

Marin County supervisors yesterday ordered the Civic Center committee to start a study on timing of the second phase of the center.

The board also accepted, but took no official action on, Auditor Michael Mitchell's suggestions to continue pay-as-you-go financing aimed at completion of the second phase by mid-1968.

"In our analysis," Mitchell said, "we have projected continuance of the 28-cent capital improvement tax rate levied by the board during the current fiscal year." Under this scheme, Mitchell figures construction of the second phase could begin in August, 1966, and be completed in August, 1968.

Revenue for the six million dollars which Mitchell said will be needed for construction would include 1.5 million dollars from sale of the old courthouse. This would allow the improvement tax to drop to 14 cents per $100 assessed valuation during 1968-69.

Mitchell's proposal was his first recommendation to the board as new county auditor.

Touching Two Bases

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle and Lt. Gov. John W. Donahey got to share one letter that came to Ohio's Statehouse.

It was addressed to "Gov. Michael V. Donahey."

Driver Is Hurt; Rams Parked Car

A San Rafael driver suffered scalp cuts when he drove his car into the rear of a parked vehicle projecting onto Francisco Boulevard last night.

Phillip William Allin of 530 Third Street, southbound along the east frontage road, rammed a sedan which had been parked by Richard A. Geminiani of 241 Butterfield Road, San Anselmo. The California Highway Patrol said Geminiani had not put his car completely off the boulevard.

Allin was treated at San Rafael General Hospital.

The Etosha Pan Conservation Territory in South-West Africa is the world's largest wildlife sanctuary, covering 26,000 square miles, or the size of Delaware and West Virginia combined.

Giampoli Says He'll File Appeal

Nick Giampoli, dismissed as San Rafael police inspector by Chief Charles J. Chiesa, had not filed an appeal of his dismissal today, but said his attorney will file it before the Dec. 24 deadline.

Giampoli's dismissal on Dec. 13 for "failure to report to work" was disclosed yesterday by Chiesa.

The two men may oppose each other for election to the chief's job in April if the voters of San Rafael do not approve a proposed charter amendment on the Jan. 22 ballot to make the post appointive.

Giampoli went on sick leave Oct. 23 for surgery on his foot, and has not returned to work since, according to Chiesa.

Marin Hospitals To Get $11,000 Study

Every hospital and every rest home in the county will be studied in an $11,000 survey to be made for Marin General Hospital to show how best it can serve the community, directors decided last night.

The hospital's $2,272,000 expansion, to double its capacity, is due for completion in about four months, according to latest estimate.

Marin Hospital District Directors approved the survey last night 4-0, director Charles A. Rowe absent. The thoroughness of the survey was spelled out by Administrator William W. Turner.

Half the expense will be paid by the Babcock Foundation, said board secretary Marion C. Ibach.

The survey will be made by James A. Hamilton Associates of Minneapolis. It is to lead to a hospital master plan stretching to 1983.

The survey is expected to begin about next April 1 and conclude about July 1.

Hospital directors accepted an offer by Roy A. Ibach of Mill Valley, husband of the district board's secretary, to investigate improving Bon Air Road near Sir Francis Drake Boulevard. Turner said it is dangerous turning left from the boulevard while heading from Highway 101. He said Bon Air Road at that point is far narrower than its authorized 80-foot width and "the edge of the swamp (on the westerly side) is actually the middle of the road."

The Marin hospital district board also:

1. Authorized Mrs. Ibach to direct a revision of district bylaws to conform with policies in conflict with them.

2. Authorized change orders to spend up to $2,000 for more satisfactory patients' room lights in the new wing, and to spend $6,361 to install vinyl tile, instead of less expensive asphalt tile on 11,436 square feet of floors in the new wing.

3. Thanked director Allan Chambliss for his four years service to the board; he was attending his last meeting as a director. Ernest N. Kettenhofen, who will replace Chambliss next month, attended and took part in discussions.

4. Passed a resolution simplifying the signing of checks drawn on the district's 11 separate accounts in four banks. Controller Gordon D. Goodrich said he was considering placing all the accounts in the same bank next fiscal year.

Ski Club Trip

The Redwood High School Ski Club will open the ski season with a trip to Sugar Bowl in the Sierra Nevada's on the weekend of Jan. 11-13.

COFFEE, TEA OR—OH, NO!

PHOENIX, Ariz. (AP) — World War I air aces Eddie Rickenbacker and Frank Luke flew into Phoenix from Los Angeles aboard a jet airliner yesterday.

Stewardess Sandra Redd of El Paso, Tex., blushed after offering the men a drink. The passengers were made of wax.

They were on their way to a Scottsdale, Ariz., wax museum.

Luke, a native of Phoenix, died in combat in 1918.

SUE REYNOLDS
Bound for Australia

Student To Study Overseas

Sue Reynolds has been selected as the first Tamalpais High School student to be sent by American Field Service to the Southern Hemisphere.

The 16-year-old will leave Long Beach Dec. 28 for Brisbane, Australia. She will spend New Year's Day at sea aboard the Arcadia.

Miss Reynolds is a daughter of Mr. and Mrs. Gordon V. Reynolds of 322 La Verne Avenue, Mill Valley.

She will fly to Long Beach Dec. 27, then begin her 21-day sea journey. En route she will stop at Hawaii, the Fiji Islands, New Zealand, and Sidney, Australia.

In Brisbane she will stay with Mr. and Mrs. Robert Stephenson and their daughters, Judy, Dale and Patricia. She will attend Brisbane Girls' School with Judy, who is also 16. The older sisters will be in London for part of Miss Reynolds' stay.

The Tamalpais student has requested she be considered for the Southern Hemisphere program, according to Mrs. Richard De Lew, Tamalpais chapter AFS president. Other semi-finalists at Tamalpais, awaiting word on scholarships, are Erica Doerschler and Shirley Makin of Mill Valley and Cathy Smith of Sausalito.

Miss Reynolds belongs to the Honor T Society, the California Scholarship Federation and Pi Alpha Tau, a service group. She has been recording secretary and vice president of the Girls' Athletic Assn., member of the Spanish Honor Society, and of the International and Pep Clubs.

She is secretary of the Muir League, a youth group at Mill Valley Community Church.

Stuck Gasoline Tank Ripped From Car

Corte Madera police have their eyes peeled for a car without a gas tank or one with a tank newly installed.

Sgt. David L. McIntosh reported a gasoline tank was found in a drainage ditch behind the North Bay Lumber Co. at 1584 Redwood Highway. He said the tank was ripped loose when the car got stuck in the mud.

Sausalito Might Get Art Museum

The City of Sausalito, which has had art works displayed in many business houses from launderettes to bars, will have a permanent city museum sometime in 1963.

C. Frederick Faude of San Anselmo, owner and operator of the C. Frederick Faude Galleries at 585 Bridgeway, has given the city three 18th Century English paintings which the city council accepted last night.

The council learned, too, that Faude plans to give his building to the city to establish a permanent city art museum.

Said Mayor Paul Micou: "The gift of the paintings offered tonight is the first step in a plan by Faude to establish an excellent art gallery here in Sausalito."

Legal details are to be worked out by early next year, City Mgr. Charles A. Brown said.

Faude's donation, Brown continued, is conditioned upon the city's establishment of the art museum governed by an art commission.

The paintings, to remain in Faude's gallery for the time being, are valued at $11,750. They are "Portrait of Frederick, Duke of York" by Sir Joshua Reynolds; "Portrait of Anne Dormer" by Tilly Kettle and "Portrait of Mrs. Joseph Grate" by Sir Martin Archer Shee.

HAROLD F. GREEN
Oil company 'veep'

Marinite Promoted By Oil Firm

Harold F. Green of Tiburon has been elected a vice president of Reserve Oil and Gas Co. of San Francisco.

Green, elected by the company's board of directors, has been with Reserve Oil since 1954 as assistant secretary, secretary and counsel. He will continue to serve as secretary.

A 12-year resident of Marin, he is married and lives in Little Reed Heights. He has three children, Elizabeth, 13; James, 10, and Richard, 8.

Green is president of the Tiburon Peninsula Little League and past Cubmaster of Cub Scout Pack 71.

Silva Rebukes Job Seeker In Novato

Charles E. Warner, rejected applicant for assistant building inspector for Novato, last night had his day before the Novato City Council and was soundly rebuked by the mayor.

After two hours of haggling, Mayor M. E. Silva turned on Warner. "I just wanted to let you kill yourself— and you did!" He said in a voice filled with disgust.

Warner had threatened to expose the city administrator and building inspector to the Grand Jury.

Silva answered: "Let it go to the Grand Jury."

At last Tuesday's council meeting, Warner, who lives at 853 Tamalpais Avenue, hurled charges of incompetency and collusion at City Councilman Everett Pozzi, City Administrator J. Julien Baget, Building Inspector Fred Westfall, and Public Works Director Charles Joseph.

Warner charged double taxation in the city hiring county building inspectors, said Baget and Westfall had worked together to keep him from getting the job, and claimed Everett Pozzi, who is in the building materials business should disqualify himself from the council.

Baget outlined the steps in hiring Merl Maroni, assistant county building inspector, as assistant building inspector for the city. He was chosen from four applicants.

After more than a dozen representatives of the building industry came to the defense of Westfall last night, the council voted 4-0 stating confidence in the building inspector and city administrator. Councilman Howard Schoof was absent.

Robert R. Croft of 10 Regent Court had turned in a petition with six names stating that the people had complaints about prefabricated National Homes Assn. houses erected by John Novak Inc. John Woodson, representing Novak, said if they would register their complaints in writing, they would be taken care of as the houses had a one-year warranty.

The council also voted not to make Dec. 31 a city holiday. It adjourned to Jan. 8.

Marin Hospitals To Get $11,000 Study

Every hospital and every rest home in the county will be studied in an $11,000 survey to be made for Marin General Hospital to show how best it can serve the community, directors decided last night.

The hospital's $2,272,000 expansion, to double its capacity, is due for completion in about four months, according to latest estimate.

Marin Hospital District Directors approved the survey last night 4-0, director Charles A. Rowe absent. The thoroughness of the survey was spelled out by Administrator William W. Turner.

Half the expense will be paid by the Babcock Foundation, said board secretary Marion C. Ibach.

The survey will be made by James A. Hamilton Associates of Minneapolis. It is to lead to a hospital master plan stretching to 1983.

The survey is expected to begin about next April 1 and conclude about July 1.

Hospital directors accepted an offer by Roy A. Ibach of Mill Valley, husband of the district board's secretary, to investigate improving Bon Air Road near Sir Francis Drake Boulevard. Turner said it is dangerous turning left from the boulevard while heading from Highway 101. He said Bon Air Road at that point is far narrower than its authorized 80-foot width and "the edge of the swamp (on the westerly side) is actually the middle of the road."

The Marin hospital district board also:

1. Authorized Mrs. Ibach to direct a revision of district bylaws to conform with policies in conflict with them.

2. Authorized change orders to spend up to $2,000 for more satisfactory patients' room lights in the new wing, and to spend $6,361 to install vinyl tile, instead of less expensive asphalt tile on 11,436 square feet of floors in the new wing.

3. Thanked director Allan Chambliss for his four years service to the board; he was attending his last meeting as a director. Ernest N. Kettenhofen, who will replace Chambliss next month, attended and took part in discussions.

4. Passed a resolution simplifying the signing of checks drawn on the district's 11 separate accounts in four banks. Controller Gordon D. Goodrich said he was considering placing all the accounts in the same bank next fiscal year.

Ski Club Trip

The Redwood High School Ski Club will open the ski season with a trip to Sugar Bowl in the Sierra Nevada's on the weekend of Jan. 11-13.

COFFEE, TEA OR—OH, NO!

PHOENIX, Ariz. (AP) — World War I air aces Eddie Rickenbacker and Frank Luke flew into Phoenix from Los Angeles aboard a jet airliner yesterday.

Stewardess Sandra Redd of El Paso, Tex., blushed after offering the men a drink. The passengers were made of wax.

They were on their way to a Scottsdale, Ariz., wax museum.

Luke, a native of Phoenix, died in combat in 1918.

Student To Study Overseas

Sue Reynolds has been selected as the first Tamalpais High School student to be sent by American Field Service to the Southern Hemisphere.

The 16-year-old will leave Long Beach Dec. 28 for Brisbane, Australia. She will spend New Year's Day at sea aboard the Arcadia.

Miss Reynolds is a daughter of Mr. and Mrs. Gordon V. Reynolds of 322 La Verne Avenue, Mill Valley.

She will fly to Long Beach Dec. 27, then begin her 21-day sea journey. En route she will stop at Hawaii, the Fiji Islands, New Zealand, and Sidney, Australia.

In Brisbane she will stay with Mr. and Mrs. Robert Stephenson and their daughters, Judy, Dale and Patricia. She will attend Brisbane Girls' School with Judy, who is also 16. The older sisters will be in London for part of Miss Reynolds' stay.

The Tamalpais student has requested she be considered for the Southern Hemisphere program, according to Mrs. Richard De Lew, Tamalpais chapter AFS president. Other semi-finalists at Tamalpais, awaiting word on scholarships, are Erica Doerschler and Shirley Makin of Mill Valley and Cathy Smith of Sausalito.

Miss Reynolds belongs to the Honor T Society, the California Scholarship Federation and Pi Alpha Tau, a service group. She has been recording secretary and vice president of the Girls' Athletic Assn., member of the Spanish Honor Society, and of the International and Pep Clubs.

She is secretary of the Muir League, a youth group at Mill Valley Community Church.

Stuck Gasoline Tank Ripped From Car

Corte Madera police have their eyes peeled for a car without a gas tank or one with a tank newly installed.

Sgt. David L. McIntosh reported a gasoline tank was found in a drainage ditch behind the North Bay Lumber Co. at 1584 Redwood Highway. He said the tank was ripped loose when the car got stuck in the mud.

Sausalito Might Get Art Museum

The City of Sausalito, which has had art works displayed in many business houses from launderettes to bars, will have a permanent city museum sometime in 1963.

C. Frederick Faude of San Anselmo, owner and operator of the C. Frederick Faude Galleries at 585 Bridgeway, has given the city three 18th Century English paintings which the city council accepted last night.

The council learned, too, that Faude plans to give his building to the city to establish a permanent city art museum.

Said Mayor Paul Micou: "The gift of the paintings offered tonight is the first step in a plan by Faude to establish an excellent art gallery here in Sausalito."

Legal details are to be worked out by early next year, City Mgr. Charles A. Brown said.

Faude's donation, Brown continued, is conditioned upon the city's establishment of the art museum governed by an art commission.

The paintings, to remain in Faude's gallery for the time being, are valued at $11,750. They are "Portrait of Frederick, Duke of York" by Sir Joshua Reynolds; "Portrait of Anne Dormer" by Tilly Kettle and "Portrait of Mrs. Joseph Grate" by Sir Martin Archer Shee.

HAROLD F. GREEN
Oil company 'veep'

Marinite Promoted By Oil Firm

Harold F. Green of Tiburon has been elected a vice president of Reserve Oil and Gas Co. of San Francisco.

Green, elected by the company's board of directors, has been with Reserve Oil since 1954 as assistant secretary, secretary and counsel. He will continue to serve as secretary.

A 12-year resident of Marin, he is married and lives in Little Reed Heights. He has three children, Elizabeth, 13; James, 10, and Richard, 8.

Green is president of the Tiburon Peninsula Little League and past Cubmaster of Cub Scout Pack 71.

Silva Rebukes Job Seeker In Novato

Charles E. Warner, rejected applicant for assistant building inspector for Novato, last night had his day before the Novato City Council and was soundly rebuked by the mayor.

After two hours of haggling, Mayor M. E. Silva turned on Warner. "I just wanted to let you kill yourself— and you did!" He said in a voice filled with disgust.

Warner had threatened to expose the city administrator and building inspector to the Grand Jury.

Silva answered: "Let it go to the Grand Jury."

At last Tuesday's council meeting, Warner, who lives at 853 Tamalpais Avenue, hurled charges of incompetency and collusion at City Councilman Everett Pozzi, City Administrator J. Julien Baget, Building Inspector Fred Westfall, and Public Works Director Charles Joseph.

Warner charged double taxation in the city hiring county building inspectors, said Baget and Westfall had worked together to keep him from getting the job, and claimed Everett Pozzi, who is in the building materials business should disqualify himself from the council.

Baget outlined the steps in hiring Merl Maroni, assistant county building inspector, as assistant building inspector for the city. He was chosen from four applicants.

After more than a dozen representatives of the building industry came to the defense of Westfall last night, the council voted 4-0 stating confidence in the building inspector and city administrator. Councilman Howard Schoof was absent.

Robert R. Croft of 10 Regent Court had turned in a petition with six names stating that the people had complaints about prefabricated National Homes Assn. houses erected by John Novak Inc. John Woodson, representing Novak, said if they would register their complaints in writing, they would be taken care of as the houses had a one-year warranty.

The council also voted not to make Dec. 31 a city holiday. It adjourned to Jan. 8.

Marin May Have Biggest Santa

A ROLE FOR EVERYONE—Even the teen-agers at Hamilton Air Force base get into the "Sonoma Project." This year they wrapped projects for many of the ward parties. Here (from left) Cynthia Harrell, Carol Chatfield, Wayne Grace, Linda Dixon, Sharon Hughes, Cindy Clarke, and Linda Elliot work at gift wrapping after school.

Hamilton Aids State Hospital

By THERON A. NEWELL

If Saint Nicholas is that embodiment of the good in people that causes them to do things for others, then the biggest Santa in Northern California is in Marin County.

And if children at Sonoma State Hospital sing "Santa Claus Is Coming to Town" with a little more enthusiasm than most, it is because of the Marin County Santa.

That Santa Claus is composed of all the men and women stationed at Hamilton Air Force Base and their families.

This year, the people of Hamilton are providing Christmas parties, Christmas trees, presents and other goodies to the hospital.

Activities that are more general include a Christmas concert and a dance played by the 573rd Air Force Band. Boy Scout Troop 27 at Hamilton furnished 20 Christmas trees to decorate the hospital. The 83rd Fighter Interceptor Squadron is repairing toys for hospital children. All of the cooks of the 78th Air Base Squadron are baking cookies and cupcakes in their spare time for the entire hospital.

In addition, groups at the base will give parties for 10 of the 46 wards at the hospital. This will furnish Christmas parties to 920 of the 3,700 patients at Sonoma.

In the past, Hamilton Air Force Base has given the hospital such things as a bus and several television sets.

The "help Sonoma" project began on a small scale at Hamilton in the fall of 1959. The welfare chairman of the Officers Wives Club and a Protestant chaplain visited the hospital. They offered to undertake some kind of Christmas project.

The hospital staff and the representatives from Hamilton agreed on the idea of "adoption" of hospital wards by organizations on the base. Col. George F. Ceuleers, then base commander, approved the proposal.

The first Sonoma Christmas project was principally the work of the Officers Wives Club. Enthusiasm soon spread throughout the base.

In 1960 more groups participated and the project became more like the base-wide project of today. Projects that year included ward parties, a concert and dance given by members of the 573rd Air Force Band, and the arrival of Santa Claus in an Air Force helicopter.

The project continued to grow in 1961. More and more organizations were brought into the effort. The Enthusiasm lasted beyond Christmas, and a bus was bought for the hospital last March.

This Christmas about 5,000 people are involved in "Christmas for Sonoma."

Parties, complete with presents for patients will be given for hospital wards by these organizations: 78th Headquarters Squadron and Non-Commissioned Officers Wives Club, 78th Civil Engineer Squadron, 83rd Fighter Interceptor Squadron, 84th Fighter Interceptor Squadron, Chief of Maintenance, 78th Armament and Electronics Maintenance Squadron, 78th Field Maintenance Squadron, 78th Organizational Maintenance Squadron, and 78th Supply Squadron, Joint Office of Information and Fourth Weather Squadron, 78th Air Police Squadron, 78th Transportation Squadron, 28th Norad Region, Protestant Women of the Chapel and Headquarters Western Communications Region, 78th USAF Hospital, 28th Air Division, Deputy Operations, Deputy Personnel, Deputy Maintenance, Deputy Civil Engineering, Comptroller, Inspector General, Division Chaplain, Surgeon, Chief of Safety, Directorate of Manpower, Administrative Service Officer, Staff Judge Advocate, and 4661st Support Squadron.

As last year, the base personnel are planning one large gift, probably a bus, for the hospital. However, this will come after the holidays and the exact nature of the gift has not been announced.

Two years ago, Santa Claus arrived by helicopter. This year the original plans called for him to arrive via parachute. Army sky divers agreed to make the jump for the Air Force, but the red tape of the Air Force stopped them from using an Air Force plane. The Independent-Journal carried a story about it and offers of planes poured into the base.

However, the idea was dropped. So, instead of one Santa arriving by parachute, there will be 10 Santas—one to go to each of the ward parties.

AIR FORCE ST. NICK—Santa Claus has his cap adjusted by Maj. W. E. Boze, commander of the 78th Headquarters Squadron, Hamilton Air Force Base, at Sonoma State Hospital just before taking part in one of 10 ward parties given by air base personnel. Among other gifts, Santa Claus delivered a stereo record player to the patients at McDougal Ward, from the 78th Headquarters Squadron and the Non-Commissioned Officers Wives' Club. Sausalito Won't Join Anti-Digit Dial League

The Sausalito City Council, on record as wanting its Edgewater telephone prefix returned, decided last night it would not join the Anti-Digit Dialing League in a complaint to the state Public Utilities Commission.

Instead, the council decided, it will send a copy of its resolution which favors a letter prefix for Sausalito to the PUC.

"I'm reluctant to see us join in litigation in which we would have a burden of responsibility," commented Councilman Philip S. Ehrlich Jr. "Nothing can be added in joining the litigation."

He moved the council send PUC a copy of the city's resolution expressing opposition. "If it has been done already, let's transmit it again." The council voted 4-0 to do so, Councilman Jan Paul Dyk absent.

Hiram Johnson III of Belvedere, ADDL president, suggested that the council might wish to join the league's complaint or file separate action. He said there are enough numbers and letters available "to take the PT&T into the middle of the 21st century." Reading a copy of the ADDL complaint, Johnson, who called the telephone company a "glorious monopoly," said it must answer the league's complaint by Dec. 21.

"It's not a whim," said Charles F. Berlenbach Jr., telephone company representative in Southern Marin, of the all-number dialing system.

"The main reason is growth," he contended. He said there are now 78 million telephones and it will be 160 million in a decade. A lot of numbers cannot be used, he declared, for examples, in Bolinas and Stinson Beach the firm has 456 subscribers with an exchange of 10,000 numbers. This means 9,544 numbers cannot be used. This also applies to Belvedere where there are 2,200 users, he said.

The Sausalito council held a public hearing on the Marinship plan and set a second hearing for Jan. 8.

James Halley, attorney for Ellis A. Lando, said his client's property has been zoned for apartments in part, next door to the Army Engineers' large incinerator, used to burn Bay Area debris.

Property owner Russell H. Papenhausen complained that proposed streets in Marinship cut through one of his buildings and reduce his 43,000 square feet of land to 25,000 usable square feet. Shirley Morgan said three of his buildings are crossed by streets. He added, "We could live with a 43-foot-wide pavement."

The council heard that, in accordance with Gov. Edmund G. Brown's Population Day proclamation, Dec. 31 will be a holiday for city employees.

The Sausalito City Council Also:

1. Set Jan. 15 as date to discuss what to do about appealing ruling by the state district court of appeals that the city had no right to buy underwater Shelter Cove lots without voter approval, saying former City Atty. John B. Ehlen will advise the city in addition to City Atty. Leland H. Jordan.
2. Reappointed to the planning commission Mel Wax and Robert Anthony.
3. Authorized spending up to $3,000 to contract with William E. Spangle Jr., city planning consultant, for drafting the new zoning ordinance.
4. Heard complaints from Arie Slikkerveer of 167 Woodward Avenue and George Hoffman, 247 Woodward Avenue, about the "deplorable condition" of Woodward between Spring Street and Rodeo caused by contractors working in the area, but put it over to Jan. 8 and referred a drainage problem to the street superintendent.
5. Decided to investigation setting up procedures to govern franchises to firms who provide television cable service in the city, following a complaint by Hallam B. Cooley, 117 Prospect Avenue, about lack of service from Bob's TV Service.

TREES FOR HOSPITAL—Bruce Blotner (on truck) and David Kernes load Christmas trees onto a truck for delivery to Sonoma State Hospital. Boy Scouts of Troop 27 at Hamilton Air Force Base sell Christmas trees each year to raise money to send more trees to Sonoma State Hospital as their part in basewide project.

Way Is Cleared For Hopps Trial

BALTIMORE (AP) — A federal judge cleared the way yesterday for the trial of Belvedere insurance executive Steward B. Hopps by refusing to suppress evidence seized by postal inspectors.

Hopps, named in an indictment with his son, Robert, 33, of Seattle, is charged with mail fraud in connection with the operation of International Guaranty and Insurance Co. of Tangier, Morocco.

Trial is scheduled in early January if counsel are prepared. Lawyers for Hopps had charged that papers seized in New York and San Francisco were illegally taken before sessions of the federal grand jury.

Eight Packers On West Pro Bowl Team

LOS ANGELES (UPI) — The champion Green Bay Packers will be represented by eight players on the Western Conference team in the 13th annual National Football League Pro Bowl game here Jan. 13, game directors announced today.

But missing from the Green Bay contingent was star halfback Paul Hornung, who was injured during much of the 1962 season while the Packers were capturing the Western Conference championship for the third straight time.

The Packers, however, landed as many players on their divisional team as the New York Giants did on the eastern all-star squad. This insured the top performers from the clubs that meet Dec. 30 for the NFL championship will be rematched in the Pro Bowl tilt.

Bart Starr of the Packers and Johnny Unitas of the Baltimore Colts were chosen for the key quarterback positions. For Unitas it will mark his sixth appearance in the midwinter classic.

THE OFFENSIVE TEAMS: Ends—Gail Cogdill, Lions; Ron Kramer, Packers; Mike Ditka, Bears; Jim Phillips, Rams. Tackles—Jim Parker, Colts; Forrest Gregg, Packers; Frank Varrichione, Rams. Guards—Harley Sewell, Lions; Jerry Kramer, Packers. Centers — Jim Ringo, Packers; Dick Szymanski, Colts. Quarterbacks—Bart Stars, Packers; John Unitas, Colts. Halfbacks — Dick Bass, Rams; Tommy Mason, Vikings; Lenny Moore, Colts. Fullbacks — Jim Taylor, Packers; J. D. Smith, 49ers.

THE DEFENSIVE TEAM: Ends—Gino Marchetti, Colts; Doug Atkins, Bears. Tackles—Alex Karras, Lions; Roger Brown, Lions; Merlin Olsen, Rams. Linebackers — Joe Schmidt, Lions; Matt Hazeltine, 49ers; Bill Forester, Packers; Joe Fortunato, Bears. Halfbacks—Dick Lane, Lions; Abe Woodson; 49ers. Safeties — Willie Wood, Packers; Yale Lary, Lions, Richie Petitbon, Bears.

COLLEGIATE QUARTERBACKS WERE RUNNING THIS YEAR

College quarterbacks have been doing a lot of running this year, along with their passing, kicking and play calling. Here are two of the best in action this fall. At left Billy Moore (10) of Arkansas is shown in action against Texas Tech. At right, Heisman trophy winner Terry Baker (dark uniform) of Oregon State runs against Villanova in the Liberty Bowl. This football season marked the start of the "new quarterback" which is many cases was the best ball carrier on the team. (AP Wirephoto)

McKinley Tops Net Rankings

NEW YORK (AP) — Chuck McKinley and Darlene Hard top the nation's tennis players in the 1962 ratings of the U.S. Lawn Tennis Assn. McKinley heads the men's list for the first time while Miss Hard was ranked first among the women for the third straight year.

McKinley of St. Ann., Mo., 21-year-old mainstay of the American Davis Cup team, replaced the slumping Whitney Reed of Alameda as the No. 1 player in the rankings announced yesterday. Reed, who had a bad year, was dropped to sixth.

McKinley, ranked second a year ago, was at his best in the U.S. Championships at Forest Hills where he put up a tremendous effort before losing to Australia's Roy Emerson in the semifinals.

Miss Hard of Long Beach was beaten in the finals of the national championships by Margaret Smith, the tall Australian star.

Machen's Career May Be Finished

FAIRFIELD (AP)—When boxer Eddie Machen parked his car Dec. 12 and began writing a note to explain why he wanted to kill himself, he may have written the ending of his fighting career.

Chances for his hope of a try in the foreseeable future at heavyweight champion Sonny Liston's title appeared gloomy yesterday when Machen was committed to a state hospital for the mentally ill.

The 30-year-old contender —rated No. 1 heavyweight challenger by the World Boxing Assn.—was committed after a brief Superior Court hearing.

Napa State Hospital doctors described Machen as an "acute schizophrenic" and a "paranoid" in need of treatment and dangerous to himself and others.

At nearly the same time, Jack Urch, executive officer of the State Athletic Commission, said Machen's California boxing license expires Dec. 31.

Before Machen could be issued a new license, Urch said, the athletic commission would require a complete medical clearance.

Machen was taken to the Napa State Hospital for observation and his own protection after a state highway patrolman found him in a car parked near Vallejo. The boxer was writing what was described as a "farewell letter" to his wife, Charlotte, and had a loaded pistol in the car.

Tars Drop Basketball Game, 76-56

The College of Marin Tars fell to San Francisco City College yesterday 76-56 in a basketball contest on the winner's courts.

San Francisco led throughout the game and carried a 34-22 lead at halftime. High man for the Tars again was Dave Neumann with 25 markers. Steve Bryant scored nine and Randy Petrini had eight.

The Tars' next tilt will be against Hartnell College Saturday at 8 p.m. in the Redwood High School gym. College of Marin cagers have a two win, six loss record.

Skull Is Odd Trophy

DELAWARE, Ohio (AP) — Possibly the oddest trophy in college football is Ye Olde Indian Skull, traditional prize in the annual game between Ohio Wesleyan and Wittenburg universities.

Wittenberg, located at Springfield, Ohio, won the game and the skull this season for the third year in a row. The skull was uncovered in Delaware in 1929 during excavation for Ohio Wesleyan's Selby Field.

Here Is A Sleeper For Fans To Watch In East-West Game

HANLEY

Francis Powers, coordinator of the Shrine East-West football selection committee, can rattle off the names of the country's top 200 collegiate performers and tell an anecdote about each one. Powers' pipelines are better than those of most pro scouts and occasionally he will uncover a potential star overlooked by the pros.

This year's West team lists a "sleeper" among such well known stars as TCU's Sonny Gibbs; UCLA's Kermit Alexander, WSU's Hugh Campbell, Stanford's Ed Cummings, California's Larry Balliett and Nebraska's Bill Thornton. He is Montana's Terry Dillon, a compact 190-pounder just a shade under six feet.

"Now I don't say Dillon is going to be the star of the 38th East-West meeting," said Powers, "but it won't surprise me one bit if he is. Over the past two years Dillon has averaged five yards per carry and his kickoff and punt returns would do credit to anyone except perhaps Abe Woodson.

"But that isn't what impressed me about Dillon. It was his punting. For two years now his punting average has been 40 yards plus. That is a mighty healthy kicking average. Punting for a 40 yard average would even be impressive against a girls' school because it is one part of the game that rests exclusively on the player's individual skill."

As Powers was extolling Dillon's merits, his telephone at Shrine headquarters rang. The caller was Lou Spadia, 49er general manager. It was just a friendly call and Powers, with Dillon still fresh on his mind, needled Spadia: "By the way where did you and Pappy (Waldorf, the chief of 49er scouting) draft Dillon?"

Powers enjoyed Spadia's stammering. He well knew that neither the 49ers nor any other pro team had given Dillon a tumble in their recent draft sessions.

"Well," said Powers, "I'm giving you a tip. You watch that young man Dec. 29 in Kezar."

The conversation with Spadia over, Powers returned his attention to us and said: "And you watch him, too."

Dillon will be the first Montana player on a West team in a quarter of a century. There were only three others from Montana in the 38-year history of the Shrine game. Wild Bill Kelly on the 1927 team was the first from Montana and the most famous. Eso Naranche ('42) and Milt Popovich ('38) were the other two.

Boston, L.A. Still Resting; Warriors Win

By U.P. INTERNATIONAL

While Boston and Los Angeles sail serenely along on top of their respective divisions in the NBA, the fight among the bottom teams in the loop is a turbulent one.

Chicago edged Detroit, 113-110, as part of a torrid twin bill last night at Madison Square Garden. New York nipped Cincinnati, 103-102, in the nightcap.

Meanwhile, San Francisco put one one of its best displays as the Warriors rocked St. Louis, 130-110, behind Wilt Chamberlain's 61 points.

When the final whistle had sounded, Chicago (12-22), San Francisco (10-19) and Detroit (10-22) were within a game of each other in the Western Division with the Pistons back in the Cellar. New York (11-22) is solidly entrenched in last place in the Eastern Division, but appears ready to make a move on third-place Cincinnati.

SEE-SAW BATTLE

The Detroit-Chicago tussle last night was a see-saw affair that saw the Pistons pull ahead 104-103 with five minutes to go, but then crumble under the sharp-shooting of Johnny Cox.

Cox wound up high scorer with 29 points, including 10 in the last period, while Zephyr ace Walt Bellamy settled for 19 points. Don Ohl had 25 to lead the losers.

San Francisco piled up such a lead over St. Louis that coach Harry Gallatin of the Hawks in effect surrendered by resting his starting five the whole last quarter.

It was only the Warriors' second triumph in their last 16 games.

AT LEAST FOR NOW

California Joins World Boxing Assn.

SACRAMENTO (AP)—California, which walked out of the National Boxing Assn. almost three years ago, announced today it will join the NBA's successor, the World Boxing Assn.

But chairman Douglas Hayden of the State Athletic Commission warned that California will walk out again if the WBA fails to come to grips with the sport's problems, mainly the need "to eliminate hoodlums and monopolists."

It was the old association's asserted failure to do anything about hoodlum influence that caused California to resign on Jan. 5, 1960.

California's decision will leave only one state — New York—outside the World Boxing Assn.

Gov. Edmund G. Brown agreed with the Athletic Commission's decision, saying "California's re-entering the WBA will permit it to achieve more effective regulation than before."

Haydon said "The inadequacies which caused our resignation . . . have now largely been removed."

But he indicated state officials reserved judgment on the WBA's ability to regulate the sport.

"The commission can always vote to leave if the world organization does not live up to our expectations," he said.

And the commission stressed its decision was based largely on a high opinion of the association's president, Dr. Charles Larson of Tacoma, Wash.

Stanford, UCLA Win In West Cage Action

By U.P. INTERNATIONAL

UCLA warmed up for its forthcoming basketball battles with Big Ten squads last night by putting on one of its most impressive displays.

The Bruins hit 36 of 65 shots for a ringing 55 per cent as they thumped Butler, 81-68, at Indianapolis. Slick Walt Hazard had 17 points to lead UCLA to its fifth win in seven starts.

The Bruins, now ranked 16th nationally, are at Northwestern tomorrow and Wisconsin Saturday in rugged tests that should prove if UCLA has a chance to repeat its 1961-62 performance. Last year, the Bruins came out of nowhere to win the Western Regional NCAA joust.

STANFORD WINS

In other action last night, unbeaten Stanford looked only like a fine basketball team in downing Oregon, 54-51, at Eugene. On Monday, the Indians had looked superhuman in a 63-44 victory over the Ducks.

Last night, Stanford built up a 50-35 lead, but then the Ducks roared back and it was 52-49 with about a minute to go when Stanford's Tom Tuttle hit a field goal that clinched the contest for the Cards.

Tom Dose led Stanford as usual with 21 points.

Fresno State edged Sacramento State, 56-52, as the winners' Tom Jacobsen and the losers' John Dille hooped 17 points each. The Bulldogs are 11th ranked in the UPI small college ratings and may be ready to move into the top 10.

Seals Take On Totems Tonight

SAN FRANCISCO (AP) — The San Francisco Seals, winners of three straight and seven of their last ten, battle the front running Seattle Totems tonight in a Western Hockey League game.

The Totems, top club in the Northern Division, will be making their first appearance of the season here. They took a pair from the Seals in Seattle earlier in the year.

". . . We're playing the best hockey we've been playing all year now and I feel pretty content," said Seals' Coach Bud Poile yesterday.

The Seals occupy third place in the Southern Division with a 15-14 mark.

Indoor Track Meet Set For Feb. 16

BIRMINGHAM, Ala. (AP) — The first indoor track meet in the history of the Southeastern Conference will be held during the Coliseum Relays in Montgomery, Ala., Feb. 16, SEC Commissioner Bernie Moore said today.

All 12 conference schools are expected to send representatives.

PREP CAGE ACTION

S.R., Tam Win; Redwood Loses

San Rafael High swamped Armijo 64-44, Tam edged Galileo in overtime 31-30, and Redwood fell to Lowell High of San Francisco 51-45 in prep basketball action yesterday.

Rod Monti scored 21 points to lead the S. R. Bulldogs in their victory. John McKennon scored 14 and Bruce Wold made eight assists for San Rafael. The Bulldogs outrebounded Armijo 38-19 in the contest on the Bulldog courts.

Ellis Williams scored on a jump shot with only eight seconds remaining in the overtime period to give Tam its narrow victory in the contest on the Indian's courts. His shot came with Tam trailing 30-29. Warren Domino led the Indians scoring attack with 15 points.

The Redwood-Lowell game was tied at 43-43 with three minutes remaining but Lowell surged ahead in the closing minutes. Redwood junior Dave Auerbach was high man for Redwood, tallying 12 points. Senior Bob Piro scored 10 and junior Jim Halm hit for seven.

Redwood showed improvement in the free throw department, scoring on 15 of their 21 shots. The Giants also cut down on their fouls, committing 16 to Lowell's 17.

The Redwood B team also lost its game with Lowell, 53-34.

The Giants will meet Balboa High School from San Francisco tomorrow at 3:30 p.m. at Redwood. Tam will take on Lowell Friday in San Francisco, and San Rafael will travel to Napa to take on Napa High School Friday at 7 p.m.

Fifteen 1-0 Games

SAN FRANCISCO (AP)—Ralph Terry's victory over the Giants in the deciding World Series game of 1962 was the 15th 1-0 game in series history. The New York Yankees have been involved in seven of them.

Vic Raschi and Allie Reynolds were other Yankees who won 1-0 series games. Yankees who lost 1-0 games in previous World Series were Whitey Ford, Raschi, Sam Jones and Waite Hoyt.

Marin May Have Biggest Santa

A ROLE FOR EVERYONE—Even the teen-agers at Hamilton Air Force base get into the "Sonoma Project." This year they wrapped projects for many of the ward parties. Here (from left) Cynthia Harrell, Carol Chatfield, Wayne Grace, Linda Dixon, Sharon Hughes, Cindy Clarke, and Linda Elliot work at gift wrapping after school.

Hamilton Aids State Hospital

By THERON A. NEWELL

If Saint Nicholas is that embodiment of the good in people that causes them to do things for others, then the biggest Santa in Northern California is in Marin County.

And if children at Sonoma State Hospital sing "Santa Claus Is Coming to Town" with a little more enthusiasm than most, it is because of the Marin County Santa.

That Santa Claus is composed of all the men and women stationed at Hamilton Air Force Base and their families.

This year, the people of Hamilton are providing Christmas parties, Christmas trees, presents and other goodies to the hospital.

Activities that are more general include a Christmas concert and a dance played by the 573rd Air Force Band. Boy Scout Troop 27 at Hamilton furnished 20 Christmas trees to decorate the hospital. The 83rd Fighter Interceptor Squadron is repairing toys for hospital children. All of the cooks of the 78th Air Base Squadron are baking cookies and cupcakes in their spare time for the entire hospital.

In addition, groups at the base will give parties for 10 of the 46 wards at the hospital. This will furnish Christmas parties to 920 of the 3,700 patients at Sonoma.

In the past, Hamilton Air Force Base has given the hospital such things as a bus and several television sets.

The "help Sonoma" project began on a small scale at Hamilton in the fall of 1959. The welfare chairman of the Officers Wives Club and a Protestant chaplain visited the hospital. They offered to undertake some kind of Christmas project.

The hospital staff and the representatives from Hamilton agreed on the idea of "adoption" of hospital wards by organizations on the base. Col. George F. Ceuleers, then base commander, approved the proposal.

The first Sonoma Christmas project was principally the work of the Officers Wives Club. Enthusiasm soon spread throughout the base.

In 1960 more groups participated and the project became more like the base-wide project of today. Projects that year included ward parties, a concert and dance given by members of the 573rd Air Force Band, and the arrival of Santa Claus in an Air Force helicopter.

The project continued to grow in 1961. More and more organizations were brought into the effort. The Enthusiasm lasted beyond Christmas, and a bus was bought for the hospital last March.

This Christmas about 5,000 people are involved in "Christmas for Sonoma."

Parties, complete with presents for patients will be given for hospital wards by these organizations: 78th Headquarters Squadron and Non-Commissioned Officers Wives Club, 78th Civil Engineer Squadron, 83rd Fighter Interceptor Squadron, 84th Fighter Interceptor Squadron, Chief of Maintenance, 78th Armament and Electronics Maintenance Squadron, 78th Field Maintenance Squadron, 78th Organizational Maintenance Squadron, and 78th Supply Squadron, Joint Office of Information and Fourth Weather Squadron, 78th Air Police Squadron, 78th Transportation Squadron, 28th Norad Region, Protestant Women of the Chapel and Headquarters Western Communications Region, 78th USAF Hospital, 28th Air Division, Deputy Operations, Deputy Personnel, Deputy Maintenance, Deputy Civil Engineering, Comptroller, Inspector General, Division Chaplain, Surgeon, Chief of Safety, Directorate of Manpower, Administrative Service Officer, Staff Judge Advocate, and 4661st Support Squadron.

As last year, the base personnel are planning one large gift, probably a bus, for the hospital. However, this will come after the holidays and the exact nature of the gift has not been announced.

Two years ago, Santa Claus arrived by helicopter. This year the original plans called for him to arrive via parachute. Army sky divers agreed to make the jump for the Air Force, but the red tape of the Air Force stopped them from using an Air Force plane. The Independent-Journal carried a story about it and offers of planes poured into the base.

However, the idea was dropped. So, instead of one Santa arriving by parachute, there will be 10 Santas—one to go to each of the ward parties.

AIR FORCE ST. NICK—Santa Claus has his cap adjusted by Maj. W. E. Boze, commander of the 78th Headquarters Squadron, Hamilton Air Force Base, at Sonoma State Hospital just before taking part in one of 10 ward parties given by air base personnel. Among other gifts, Santa Claus delivered a stereo record player to the patients at McDougal Ward, from the 78th Headquarters Squadron and the Non-Commissioned Officers Wives' Club. Sausalito Won't Join Anti-Digit Dial League

The Sausalito City Council, on record as wanting its Edgewater telephone prefix returned, decided last night it would not join the Anti-Digit Dialing League in a complaint to the state Public Utilities Commission.

Instead, the council decided, it will send a copy of its resolution which favors a letter prefix for Sausalito to the PUC.

"I'm reluctant to see us join in litigation in which we would have a burden of responsibility," commented Councilman Philip S. Ehrlich Jr. "Nothing can be added in joining the litigation."

He moved the council send PUC a copy of the city's resolution expressing opposition. "If it has been done already, let's transmit it again." The council voted 4-0 to do so, Councilman Jan Paul Dyk absent.

Hiram Johnson III of Belvedere, ADDL president, suggested that the council might wish to join the league's complaint or file separate action. He said there are enough numbers and letters available "to take the PT&T into the middle of the 21st century." Reading a copy of the ADDL complaint, Johnson, who called the telephone company a "glorious monopoly," said it must answer the league's complaint by Dec. 21.

"It's not a whim," said Charles F. Berlenbach Jr., telephone company representative in Southern Marin, of the all-number dialing system.

"The main reason is growth," he contended. He said there are now 78 million telephones and it will be 160 million in a decade. A lot of numbers cannot be used, he declared, for examples, in Bolinas and Stinson Beach the firm has 456 subscribers with an exchange of 10,000 numbers. This means 9,544 numbers cannot be used. This also applies to Belvedere where there are 2,200 users, he said.

The Sausalito council held a public hearing on the Marinship plan and set a second hearing for Jan. 8.

James Halley, attorney for Ellis A. Lando, said his client's property has been zoned for apartments in part, next door to the Army Engineers' large incinerator, used to burn Bay Area debris.

Property owner Russell H. Papenhausen complained that proposed streets in Marinship cut through one of his buildings and reduce his 43,000 square feet of land to 25,000 usable square feet. Shirley Morgan said three of his buildings are crossed by streets. He added, "We could live with a 43-foot-wide pavement."

The council heard that, in accordance with Gov. Edmund G. Brown's Population Day proclamation, Dec. 31 will be a holiday for city employees.

The Sausalito City Council Also:

1. Set Jan. 15 as date to discuss what to do about appealing ruling by the state district court of appeals that the city had no right to buy underwater Shelter Cove lots without voter approval, saying former City Atty. John B. Ehlen will advise the city in addition to City Atty. Leland H. Jordan.
2. Reappointed to the planning commission Mel Wax and Robert Anthony.
3. Authorized spending up to $3,000 to contract with William E. Spangle Jr., city planning consultant, for drafting the new zoning ordinance.
4. Heard complaints from Arie Slikkerveer of 167 Woodward Avenue and George Hoffman, 247 Woodward Avenue, about the "deplorable condition" of Woodward between Spring Street and Rodeo caused by contractors working in the area, but put it over to Jan. 8 and referred a drainage problem to the street superintendent.
5. Decided to investigation setting up procedures to govern franchises to firms who provide television cable service in the city, following a complaint by Hallam B. Cooley, 117 Prospect Avenue, about lack of service from Bob's TV Service.

TREES FOR HOSPITAL—Bruce Blotner (on truck) and David Kernes load Christmas trees onto a truck for delivery to Sonoma State Hospital. Boy Scouts of Troop 27 at Hamilton Air Force Base sell Christmas trees each year to raise money to send more trees to Sonoma State Hospital as their part in basewide project.

Way Is Cleared For Hopps Trial

BALTIMORE (AP) — A federal judge cleared the way yesterday for the trial of Belvedere insurance executive Steward B. Hopps by refusing to suppress evidence seized by postal inspectors.

Hopps, named in an indictment with his son, Robert, 33, of Seattle, is charged with mail fraud in connection with the operation of International Guaranty and Insurance Co. of Tangier, Morocco.

Trial is scheduled in early January if counsel are prepared. Lawyers for Hopps had charged that papers seized in New York and San Francisco were illegally taken before sessions of the federal grand jury.

Liston, Giants Provided Top Sports Thrills Of '62

By OSCAR FRALEY

MIAMI (UPI)—The lethal, dramatic manner in which Charles (Sonny) Liston knocked out Floyd Patterson at 2:06 of the first round to win the heavyweight championship of the world ranks unquestionably today as the number one sports story of 1962.

For sheer, breath-taking impast as well as national interest, the rise of the one-time convict to the pinnacle of the boxing world was one of the most fantastic stories not only of the year but of the decade.

The top 10 stories in this corner's judgment were:

1. Liston defeats Patterson for title.

2. The Giant playoff victory over the Dodgers and the continuing story of their last-minute defeat by the Yankees in the World Series.

3. Maury Wills steals 104 bases to break Ty Cobb's record.

4. Benny (Kid) Paret's death in the ring which led to the New York State boxing investigation.

5. Jack Nicklaus' playoff victory over Arnold Palmer for the U.S. Open golf championship.

6. Weatherly beats Gretel, 4-1, in America's Cup yacht challenge.

7. Marine John Uelses breaks 16-foot pole vault barrier.

8. Valery Brumel of Russia sets world high jump record of seven feet, five inches.

9. U.S.C. gives West Coast first mythical national collegiate football crown since 1954.

10. Arnold Palmer wins secon straight British Open with record score.

These 10 just nosed out such headliners as Rod Laver's tennis grand slam; Decidedly's victory in the Kentucky Derby as the favored Ridan ran third; Cincinnati upsetting Ohio State for the second straight year to win the NCAA basketball championship, and Casey Stengel's return to baseball as manager of the infant New York Mets.

There were a host of other fine stories in a busy, bristling sports year. There was the continuing AAU-NCAA squabble over control of Olympic athletes; Rodger Ward's second Indianapolis 500 victory; Gary Player's P.G.A. triumph and Nicklaus' victory in golf's $75,000 "World Series" TV spectacular; Dick Tiger ending Gene Fullmer's long streak to win the world middleweight title, and Cassius Clay's fists bringing ancient Archie Moore close to the end of the fistic trail.

But the best of them all came on the pulsating night in Chicago's Comiskey Park when the giant Liston compensated for a life of bitterness and frustration by destroying Patterson.

For prolonged interest, the Giants' sensational playoff victory over the Dodgers and then their tired drive into the series where they fought back even three times before bowing in a classic postponed four times because of rain was a photo finish second.

Wills captured the national interest and held it as he matched Cobb's long-standing mark of 97 stolen bases—and then shattered the record by seven in a season extended by eight games.

Paret's death after losing the welterweight title to Emile Griffith had far-reaching effects. It teed off the New York State investigation of boxing and led to New York's rejection of the Liston-Patterson bout.

Filling out the year was a bumper track and field season and golf's greatest year ever. Palmer was the top man in golf but in the final analysis Nicklaus' playoff victory over him for the U.S. Open title stole the top spot and smashed Palmer's dreams of a big slam.

The year of 1963 will have to move rapidly and forcefully to match this one.

Li'l LeBaron Sizes Up The NFL Playoff

By JACK HAND

NEW YORK (AP)—Eddie LeBaron, a little man in a world of giants, put the finger on one big difference between the New York Giants and Green Bay Packers when he talked about their defense yesterday.

"Green Bay puts tremendous pressure on the defense," the 5-foot-7, 169-pound Dallas quarterback said. "The Packers try to force you into errors, try to make you fumble and panic."

"The Giants will let you make a few yards now and then upfield, but they get tough when you get down close," LeBaron told guests at a pro quatrerback club luncheon. "If you can escape Green Bay's pressure, you should have a better chance of going all the way than against the Giants who are always guarding against the bomb."

GREAT GAME

"The Giants' offense is greatly improved this year. Their defense is as strong as any in the league. I rate the two teams very close and look for a great game."

LeBaron has just completed one of his best years at the age of 32, with 16 touchdown passes and 1,436 yards gained despite an injury that forced him to miss many games.

"I'm a lawyer who is a moonlighter with a part time job on Sunday," said LeBaron. "It was more part time than ever the way we worked it this year."

LeBaron referred to coach Tom Landry's system of alternating him with Don Meredith on every other play.

OUT OF OFFICE

"It was nice to get out of the office on weekends," he said with a wry grin. "Nice to see the sky and the other scenery around the NFL."

As a little man who must contend with 300-pound tackles, LeBaron spent a great deal of time on his back, although he completed 95 of 166 passes.

"I probably am the friendliest fellow in the league to large tackles and ends," he said. "Gino Marchetti (Baltimore defensive end) has been hitting me for years. I always say 'Gino, you really are playing well.' It works because then he picks me up. I always try not to get those unfriendly folks mad at me.

"Being a lawyer might help some. When Big Daddy (Lipscomb, 288-pound Pittsburgh tackle) rushes in, if I yell 'assault and battery' it might slow him down."

Santa Barbara Coach Resigns

SANTA BARBARA (AP)—Willard Hammer, head football coach at the University of California at Santa Barbara, has resigned. His successor is expected to be named early next year.

UCSB teams won two and lost eight games this season, and Hammer's record in his three years with the team was six victories, 21 defeats and one tie. He is to be assigned other duties in the men's athletic department while studying for his doctorate.

Ed Clinton's 675-268 Leads Nave Lanes; Rhodes Rolls 641

Ed Clinton led the bowlers during the week at Nave Lanes as he smashed the pins for a 675 series and a 268 game.

Besides the 268, Clinton hit a 220 and a 187 to round out his series. The series and big game gave Clinton high honors in both categories. His action was in the 810 Scratch League.

Bill Rhodes had a good series, 641 in the Marin Masters League. Other high games were by Ralph Briggs of the Hawaiian League, 248, and Rhodes who had a big 242 game included in his second-best series.

Nora Smith came through with both high series and high game honors as she whipped a 552 which included a 224 game. Em Smith and Donna Briggs both had fine 525 series. Barbara Ward fired a 529 series and a 222 game for runner-up honors.

The week's results were:

Marin Masters—Bill Rhodes 641—242-210; Bill Young 627—215-222; Forry Wilson 622—233; Bob MacEachern 614—213-224; Willie Corda 611—216-204; Phil Wallace 603—208-205; Walt Silva 599—216-210; Ed Clinton 597—213; Keith Morris 596—204-228; Bob Bennett 583—203-236; Spence Ward 577—209; Chico Valsecchi 577—202-213; Larry Garatti 214; Charlie Valsecchi 214; Jack Parsons 212; Jim Green 224; Jack Vallee 201; Russ Zappetini 225; Don Stevens 205; Ted Henry 203; Don Greenhalgh 222; Phil Phillips 212; G. Eight Packers On West Pro Bowl Team

LOS ANGELES (UPI) — The champion Green Bay Packers will be represented by eight players on the Western Conference team in the 13th annual National Football League Pro Bowl game here Jan. 13, game directors announced today.

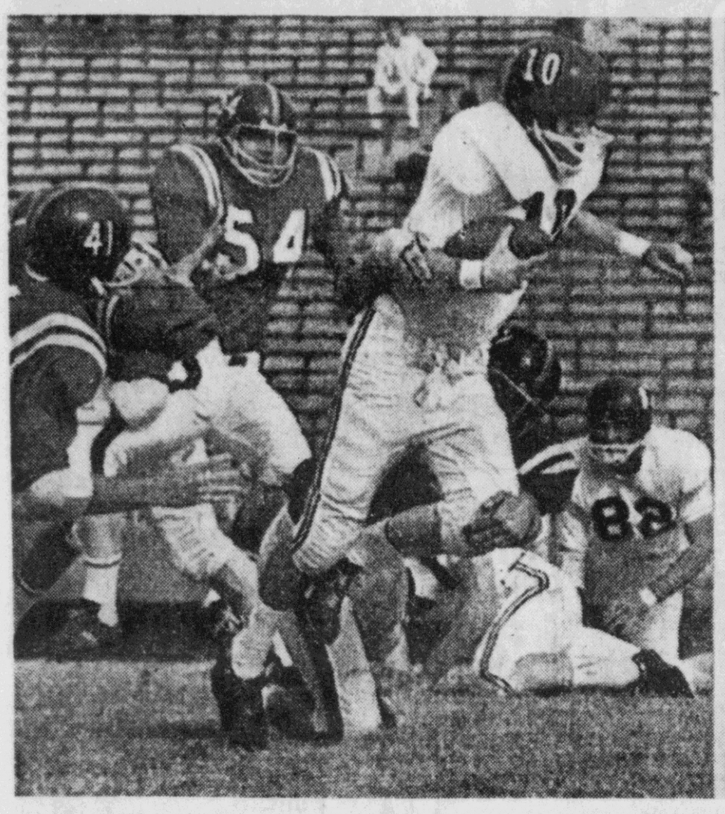
But missing from the Green Bay contingent was star halfback Paul Hornung, who was injured during much of the 1962 season while the Packers were capturing the Western Conference championship for the third straight time.

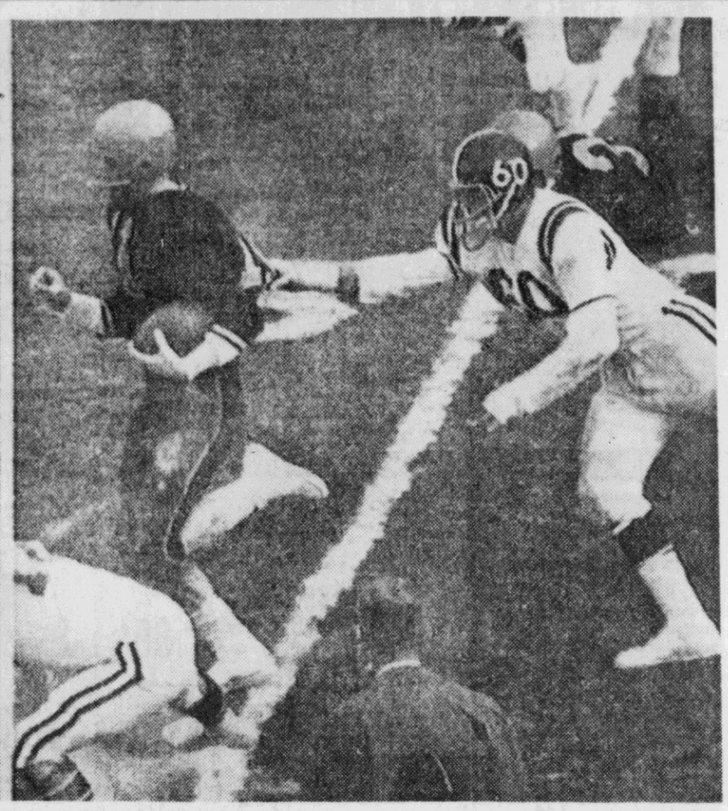
The Packers, however, landed as many players on their divisional team as the New York Giants did on the eastern all-star squad. This insured the top performers from the clubs that meet Dec. 30 for the NFL championship will be rematched in the Pro Bowl tilt.

Bart Starr of the Packers and Johnny Unitas of the Baltimore Colts were chosen for the key quarterback positions. For Unitas it will mark his sixth appearance in the midwinter classic.

THE OFFENSIVE TEAMS: Ends—Gail Cogdill, Lions; Ron Kramer, Packers; Mike Ditka, Bears; Jim Phillips, Rams. Tackles—Jim Parker, Colts; Forrest Gregg, Packers; Frank Varrichione, Rams. Guards—Harley Sewell, Lions; Jerry Kramer, Packers. Centers — Jim Ringo, Packers; Dick Szymanski, Colts. Quarterbacks—Bart Stars, Packers; John Unitas, Colts. Halfbacks — Dick Bass, Rams; Tommy Mason, Vikings; Lenny Moore, Colts. Fullbacks — Jim Taylor, Packers; J. D. Smith, 49ers.

THE DEFENSIVE TEAM: Ends—Gino Marchetti, Colts; Doug Atkins, Bears. Tackles—Alex Karras, Lions; Roger Brown, Lions; Merlin Olsen, Rams. Linebackers — Joe Schmidt, Lions; Matt Hazeltine, 49ers; Bill Forester, Packers; Joe Fortunato, Bears. Halfbacks—Dick Lane, Lions; Abe Woodson; 49ers. Safeties — Willie Wood, Packers; Yale Lary, Lions, Richie Petitbon, Bears.





COLLEGIATE QUARTERBACKS WERE RUNNING THIS YEAR

College quarterbacks have been doing a lot of running this year, along with their passing, kicking and play calling. Here are two of the best in action this fall. At left Billy Moore (10) of Arkansas is shown in action against Texas Tech. At right, Heisman trophy winner Terry Baker (dark uniform) of Oregon State runs against Villanova in the Liberty Bowl. This football season marked the start of the "new quarterback" which is many cases was the best ball carrier on the team. (AP Wirephoto)

McKinley Tops Net Rankings

NEW YORK (AP) — Chuck McKinley and Darlene Hard top the nation's tennis players in the 1962 ratings of the U.S. Lawn Tennis Assn. McKinley heads the men's list for the first time while Miss Hard was ranked first among the women for the third straight year.

McKinley of St. Ann., Mo., 21-year-old mainstay of the American Davis Cup team, replaced the slumping Whitney Reed of Alameda as the No. 1 player in the rankings announced yesterday. Reed, who had a bad year, was dropped to sixth.

McKinley, ranked second a year ago, was at his best in the U.S. Championships at Forest Hills where he put up a tremendous effort before losing to Australia's Roy Emerson in the semifinals.

Miss Hard of Long Beach was beaten in the finals of the national championships by Margaret Smith, the tall Australian star.

Machen's Career May Be Finished

FAIRFIELD (AP)—When boxer Eddie Machen parked his car Dec. 12 and began writing a note to explain why he wanted to kill himself, he may have written the ending of his fighting career.

Chances for his hope of a try in the foreseeable future at heavyweight champion Sonny Liston's title appeared gloomy yesterday when Machen was committed to a state hospital for the mentally ill.

The 30-year-old contender —rated No. 1 heavyweight challenger by the World Boxing Assn.—was committed after a brief Superior Court hearing.

Napa State Hospital doctors described Machen as an "acute schizophrenic" and a "paranoid" in need of treatment and dangerous to himself and others.

At nearly the same time, Jack Urch, executive officer of the State Athletic Commission, said Machen's California boxing license expires Dec. 31.

Before Machen could be issued a new license, Urch said, the athletic commission would require a complete medical clearance.

Machen was taken to the Napa State Hospital for observation and his own protection after a state highway patrolman found him in a car parked near Vallejo. The boxer was writing what was described as a "farewell letter" to his wife, Charlotte, and had a loaded pistol in the car.

Tars Drop Basketball Game, 76-56

The College of Marin Tars fell to San Francisco City College yesterday 76-56 in a basketball contest on the winner's courts.

San Francisco led throughout the game and carried a 34-22 lead at halftime. High man for the Tars again was Dave Neumann with 25 markers. Steve Bryant scored nine and Randy Petrini had eight.

The Tars' next tilt will be against Hartnell College Saturday at 8 p.m. in the Redwood High School gym. College of Marin cagers have a two win, six loss record.

Here Is A Sleeper For Fans To Watch In East-West Game

HANLEY

Francis Powers, coordinator of the Shrine East-West football selection committee, can rattle off the names of the country's top 200 collegiate performers and tell an anecdote about each one. Powers' pipelines are better than those of most pro scouts and occasionally he will uncover a potential star overlooked by the pros.

This year's West team lists a "sleeper" among such well known stars as TCU's Sonny Gibbs; UCLA's Kermit Alexander, WSU's Hugh Campbell, Stanford's Ed Cummings, California's Larry Balliett and Nebraska's Bill Thornton. He is Montana's Terry Dillon, a compact 190-pounder just a shade under six feet.

"Now I don't say Dillon is going to be the star of the 38th East-West meeting," said Powers, "but it won't surprise me one bit if he is. Over the past two years Dillon has averaged five yards per carry and his kickoff and punt returns would do credit to anyone except perhaps Abe Woodson.

"But that isn't what impressed me about Dillon. It was his punting. For two years now his punting average has been 40 yards plus. That is a mighty healthy kicking average. Punting for a 40 yard average would even be impressive against a girls' school because it is one part of the game that rests exclusively on the player's individual skill."

As Powers was extolling Dillon's merits, his telephone at Shrine headquarters rang. The caller was Lou Spadia, 49er general manager. It was just a friendly call and Powers, with Dillon still fresh on his mind, needled Spadia: "By the way where did you and Pappy (Waldorf, the chief of 49er scouting) draft Dillon?"

Powers enjoyed Spadia's stammering. He well knew that neither the 49ers nor any other pro team had given Dillon a tumble in their recent draft sessions.

"Well," said Powers, "I'm giving you a tip. You watch that young man Dec. 29 in Kezar."

The conversation with Spadia over, Powers returned his attention to us and said: "And you watch him, too."

Dillon will be the first Montana player on a West team in a quarter of a century. There were only three others from Montana in the 38-year history of the Shrine game. Wild Bill Kelly on the 1927 team was the first from Montana and the most famous. Eso Naranche ('42) and Milt Popovich ('38) were the other two.

Boston, L.A. Still Resting; Warriors Win

By U.P. INTERNATIONAL

While Boston and Los Angeles sail serenely along on top of their respective divisions in the NBA, the fight among the bottom teams in the loop is a turbulent one.

Chicago edged Detroit, 113-110, as part of a torrid twin bill last night at Madison Square Garden. New York nipped Cincinnati, 103-102, in the nightcap.

Meanwhile, San Francisco put one one of its best displays as the Warriors rocked St. Louis, 130-110, behind Wilt Chamberlain's 61 points.

When the final whistle had sounded, Chicago (12-22), San Francisco (10-19) and Detroit (10-22) were within a game of each other in the Western Division with the Pistons back in the Cellar. New York (11-22) is solidly entrenched in last place in the Eastern Division, but appears ready to make a move on third-place Cincinnati.

SEE-SAW BATTLE

The Detroit-Chicago tussle last night was a see-saw affair that saw the Pistons pull ahead 104-103 with five minutes to go, but then crumble under the sharp-shooting of Johnny Cox.

Cox wound up high scorer with 29 points, including 10 in the last period, while Zephyr ace Walt Bellamy settled for 19 points. Don Ohl had 25 to lead the losers.

San Francisco piled up such a lead over St. Louis that coach Harry Gallatin of the Hawks in effect surrendered by resting his starting five the whole last quarter.

It was only the Warriors' second triumph in their last 16 games.

California Joins World Boxing Assn.

SACRAMENTO (AP)—California, which walked out of the National Boxing Assn. almost three years ago, announced today it will join the NBA's successor, the World Boxing Assn.

But chairman Douglas Hayden of the State Athletic Commission warned that California will walk out again if the WBA fails to come to grips with the sport's problems, mainly the need "to eliminate hoodlums and monopolists."

It was the old association's asserted failure to do anything about hoodlum influence that caused California to resign on Jan. 5, 1960.

California's decision will leave only one state — New York—outside the World Boxing Assn.

Gov. Edmund G. Brown agreed with the Athletic Commission's decision, saying "California's re-entering the WBA will permit it to achieve more effective regulation than before."

Haydon said "The inadequacies which caused our resignation . . . have now largely been removed."

But he indicated state officials reserved judgment on the WBA's ability to regulate the sport.

"The commission can always vote to leave if the world organization does not live up to our expectations," he said.

And the commission stressed its decision was based largely on a high opinion of the association's president, Dr. Charles Larson of Tacoma, Wash.

Stanford, UCLA Win In West Cage Action

By U.P. INTERNATIONAL

UCLA warmed up for its forthcoming basketball battles with Big Ten squads last night by putting on one of its most impressive displays.

The Bruins hit 36 of 65 shots for a ringing 55 per cent as they thumped Butler, 81-68, at Indianapolis. Slick Walt Hazard had 17 points to lead UCLA to its fifth win in seven starts.

The Bruins, now ranked 16th nationally, are at Northwestern tomorrow and Wisconsin Saturday in rugged tests that should prove if UCLA has a chance to repeat its 1961-62 performance. Last year, the Bruins came out of nowhere to win the Western Regional NCAA joust.

STANFORD WINS

In other action last night, unbeaten Stanford looked only like a fine basketball team in downing Oregon, 54-51, at Eugene. On Monday, the Indians had looked superhuman in a 63-44 victory over the Ducks.

Last night, Stanford built up a 50-35 lead, but then the Ducks roared back and it was 52-49 with about a minute to go when Stanford's Tom Tuttle hit a field goal that clinched the contest for the Cards.

Tom Dose led Stanford as usual with 21 points.

Fresno State edged Sacramento State, 56-52, as the winners' Tom Jacobsen and the losers' John Dille hooped 17 points each. The Bulldogs are 11th ranked in the UPI small college ratings and may be ready to move into the top 10.

Seals Take On Totems Tonight

SAN FRANCISCO (AP) — The San Francisco Seals, winners of three straight and seven of their last ten, battle the front running Seattle Totems tonight in a Western Hockey League game.

The Totems, top club in the Northern Division, will be making their first appearance of the season here. They took a pair from the Seals in Seattle earlier in the year.

". . . We're playing the best hockey we've been playing all year now and I feel pretty content," said Seals' Coach Bud Poile yesterday.

The Seals occupy third place in the Southern Division with a 15-14 mark.

Indoor Track Meet Set For Feb. 16

BIRMINGHAM, Ala. (AP) — The first indoor track meet in the history of the Southeastern Conference will be held during the Coliseum Relays in Montgomery, Ala., Feb. 16, SEC Commissioner Bernie Moore said today.

All 12 conference schools are expected to send representatives.

PREP CAGE ACTION

S.R., Tam Win; Redwood Loses

San Rafael High swamped Armijo 64-44, Tam edged Galileo in overtime 31-30, and Redwood fell to Lowell High of San Francisco 51-45 in prep basketball action yesterday.

Rod Monti scored 21 points to lead the S. R. Bulldogs in their victory. John McKennon scored 14 and Bruce Wold made eight assists for San Rafael. The Bulldogs outrebounded Armijo 38-19 in the contest on the Bulldog courts.

Ellis Williams scored on a jump shot with only eight seconds remaining in the overtime period to give Tam its narrow victory in the contest on the Indian's courts. His shot came with Tam trailing 30-29. Warren Domino led the Indians scoring attack with 15 points.

The Redwood-Lowell game was tied at 43-43 with three minutes remaining but Lowell surged ahead in the closing minutes. Redwood junior Dave Auerbach was high man for Redwood, tallying 12 points. Senior Bob Piro scored 10 and junior Jim Halm hit for seven.

Redwood showed improvement in the free throw department, scoring on 15 of their 21 shots. The Giants also cut down on their fouls, committing 16 to Lowell's 17.

The Redwood B team also lost its game with Lowell, 53-34.

The Giants will meet Balboa High School from San Francisco tomorrow at 3:30 p.m. at Redwood. Tam will take on Lowell Friday in San Francisco, and San Rafael will travel to Napa to take on Napa High School Friday at 7 p.m.

Fifteen 1-0 Games

SAN FRANCISCO (AP)—Ralph Terry's victory over the Giants in the deciding World Series game of 1962 was the 15th 1-0 game in series history. The New York Yankees have been involved in seven of them.

Vic Raschi and Allie Reynolds were other Yankees who won 1-0 series games. Yankees who lost 1-0 games in previous World Series were Whitey Ford, Raschi, Sam Jones and Waite Hoyt.

Skull Is Odd Trophy

DELAWARE, Ohio (AP) — Possibly the oddest trophy in college football is Ye Olde Indian Skull, traditional prize in the annual game between Ohio Wesleyan and Wittenburg universities.

Wittenberg, located at Springfield, Ohio, won the game and the skull this season for the third year in a row. The skull was uncovered in Delaware in 1929 during excavation for Ohio Wesleyan's Selby Field.

MR. AND MRS. CHARLES P. DAVIES decorate their Indian Valley Ranch home with elaborate and exquisitely fashioned greens and cones. A handcarved wheelbarrow flanks the front door of the hillside home, with a pine tree decked with iridescent French Christmas tree balls and tiny lights on the other side of the entryway.

Elegance Through The Home

Diamonds on a Christmas tree, Dali paintings and greens from the hills of their Indian Valley Ranch all decorate the home of Mr. and Mrs. Charles P. Davies of Novato for the Christmas holiday.

Elizabeth Banning Davies is a nationally known color expert and designer.

AS THE GUESTS approach the front door of the Hillside home, a pint tree with iridescent Christmas tree balls from France and tiny lights is on one side of the entryway. On the other is a beautifully carved wooden wheelbarrow, hand-carved by world famous Charles Sayer of Walnut Creek.

On the nine foot ranch door, which opens into the living room, brass bells worn by horses at the royal stables of Vienna are hidden among fir branches, redwood and cones. The bells ring softly as the door opens and closes.

STONE PINE BRANCHES, red toyon berries, bay, rosemary, mistletoe and laurel, all evergreens from the hills and gardens of the 100-acre Indian Valley ranch, are combined to make an elegant mantle decoration. Huge cones from eastern Oregon, some weighing three pounds, are also used in the mantle display.

A tree, twinkling with real diamonds, not lights, is another of the unusual decorations. "The Tree of Life Necklace" by Salvador Dali, which was given to Mrs. Davies as an engagement gift from her husband, is draped on the tree. A Dali ring of jeweled wings and tiny velvet ribbons and Christmas packages also adorn the small tree.

TAKING A SPECIAL place in this Christmas setting is "The Two Monks", one of many original works of art of Dali's that the Davies own. When painting "The Sacrament of the Last Supper" Dali made several drawings before making the final painting. "The Two Monks" is from this painting, which now hangs in the National Gallery of Art in Washington, D.C.

IN THE INVITING living room of the Davies home stone pine branches, toyon berries, bay, mistletoe, rosemary and laurel, all from the ranch, are combined into an elegant mantel decoration. At left below the Salvador Dali drawing for "The Sacrament of the Last Supper" is tiny tree twinkling with real diamonds. (Independent-Journal photos)

Liston, Giants Provided Top Sports Thrills Of '62

By OSCAR FRALEY

MIAMI (UPI)—The lethal, dramatic manner in which Charles (Sonny) Liston knocked out Floyd Patterson at 2:06 of the first round to win the heavyweight championship of the world ranks unquestionably today as the number one sports story of 1962.

For sheer, breath-taking impast as well as national interest, the rise of the one-time convict to the pinnacle of the boxing world was one of the most fantastic stories not only of the year but of the decade.

The top 10 stories in this corner's judgment were:

1. Liston defeats Patterson for title.

2. The Giant playoff victory over the Dodgers and the continuing story of their last-minute defeat by the Yankees in the World Series.

3. Maury Wills steals 104 bases to break Ty Cobb's record.

4. Benny (Kid) Paret's death in the ring which led to the New York State boxing investigation.

5. Jack Nicklaus' playoff victory over Arnold Palmer for the U.S. Open golf championship.

6. Weatherly beats Gretel, 4-1, in America's Cup yacht challenge.

7. Marine John Uelses breaks 16-foot pole vault barrier.

8. Valery Brumel of Russia sets world high jump record of seven feet, five inches.

9. U.S.C. gives West Coast first mythical national collegiate football crown since 1954.

10. Arnold Palmer wins second straight British Open with record score.

These 10 just nosed out such headliners as Rod Laver's tennis grand slam; Decidedly's victory in the Kentucky Derby as the favored Ridan ran third; Cincinnati upsetting Ohio State for the second straight year to win the NCAA basketball championship, and Casey Stengel's return to baseball as manager of the infant New York Mets.

There were a host of other fine stories in a busy, bristling sports year. There was the continuing AAU-NCAA squabble over control of Olympic athletes; Rodger Ward's second Indianapolis 500 victory; Gary Player's P.G.A. triumph and Nicklaus' victory in golf's $75,000 "World Series" TV spectacular; Dick Tiger ending Gene Fullmer's long streak to win the world middleweight title, and Cassius Clay's fists bringing ancient Archie Moore close to the end of the fistic trail.

But the best of them all came on the pulsating night in Chicago's Comiskey Park when the giant Liston compensated for a life of bitterness and frustration by destroying Patterson.

For prolonged interest, the Giants' sensational playoff victory over the Dodgers and then their tired drive into the series where they fought back even three times before bowing in a classic postponed four times because of rain was a photo finish second.

Wills captured the national interest and held it as he matched Cobb's long-standing mark of 97 stolen bases—and then shattered the record by seven in a season extended by eight games.

Paret's death after losing the welterweight title to Emile Griffith had far-reaching effects. It teed off the New York State investigation of boxing and led to New York's rejection of the Liston-Patterson bout.

Filling out the year was a bumper track and field season and golf's greatest year ever. Palmer was the top man in golf but in the final analysis Nicklaus' playoff victory over him for the U.S. Open title stole the top spot and smashed Palmer's dreams of a big slam.

The year of 1963 will have to move rapidly and forcefully to match this one.

Li'l LeBaron Sizes Up The NFL Playoff

By JACK HAND

NEW YORK (AP)—Eddie LeBaron, a little man in a world of giants, put the finger on one big difference between the New York Giants and Green Bay Packers when he talked about their defense yesterday.

"Green Bay puts tremendous pressure on the defense," the 5-foot-7, 169-pound Dallas quarterback said. "The Packers try to force you into errors, try to make you fumble and panic."

"The Giants will let you make a few yards now and then upfield, but they get tough when you get down close," LeBaron told guests at a pro quatrerback club luncheon. "If you can escape Green Bay's pressure, you should have a better chance of going all the way than against the Giants who are always guarding against the bomb."

GREAT GAME

"The Giants' offense is greatly improved this year. Their defense is as strong as any in the league. I rate the two teams very close and look for a great game."

LeBaron has just completed one of his best years at the age of 32, with 16 touchdown passes and 1,436 yards gained despite an injury that forced him to miss many games.

"I'm a lawyer who is a moonlighter with a part time job on Sunday," said LeBaron. "It was more part time than ever the way we worked it this year."

LeBaron referred to coach Tom Landry's system of alternating him with Don Meredith on every other play.

OUT OF OFFICE

"It was nice to get out of the office on weekends," he said with a wry grin. "Nice to see the sky and the other scenery around the NFL."

As a little man who must contend with 300-pound tackles, LeBaron spent a great deal of time on his back, although he completed 95 of 166 passes.

"I probably am the friendliest fellow in the league to large tackles and ends," he said. "Gino Marchetti (Baltimore defensive end) has been hitting me for years. I always say 'Gino, you really are playing well.' It works because then he picks me up. I always try not to get those unfriendly folks mad at me.

"Being a lawyer might help some. When Big Daddy (Lipscomb, 288-pound Pittsburgh tackle) rushes in, if I yell 'assault and battery' it might slow him down."

Ed Clinton's 675-268 Leads Nave Lanes; Rhodes Rolls 641

Ed Clinton led the bowlers during the week at Nave Lanes as he smashed the pins for a 675 series and a 268 game.

Besides the 268, Clinton hit a 220 and a 187 to round out his series. The series and big game gave Clinton high honors in both categories. His action was in the 810 Scratch League.

Bill Rhodes had a good series, 641 in the Marin Masters League. Other high games were by Ralph Briggs of the Hawaiian League, 248, and Rhodes who had a big 242 game included in his second-best series.

Nora Smith came through with both high series and high game honors as she whipped a 552 which included a 224 game. Em Smith and Donna Briggs both had fine 525 series. Barbara Ward fired a 529 series and a 222 game for runner-up honors.

The week's results were:

Are Law Enforcement Officers Afraid Of Juvenile Delinquents?

"Are teen-age hoodlums really above the law?" a man asks. "My wife and I were eating at a drive-in restaurant. A car full of tough kids parked next to us. They were drunk and noisy. When a policeman walked up and looked them over, they weren't frightened. They grinned derisively back at him. The officer hesitated. A boy turned to me and said, 'Hell, we're juvies; that cop can't touch us.' Then the officer walked meekly away. This incident shocked me. Why didn't the policeman assert himself?"

I've seen similar situations. I share your dismay. I'm sorry, but in some communities young delinquents almost seem to be above the law. When arrested they're freed. If they are taken to court, they're released. They repeat their crimes over and over again.

Two things are wrong. One is the lack of state institutions for hoodlums. In some states there is literally nothing the officials can do but turn them loose. The second weakness comes from the judges of our juvenile courts. Some of them seem to believe that teen-age "toughs" are not personally responsible for their crimes.

The judges may blame their parents, homes, neighborhoods, schools. They forget that other youngsters grow up in the same bad places, but choose to be good. They don't seem to realize that one of the reasons bad kids are bad is that they want to be bad. So the judges forgive them when they shouldn't.

We'll get better law enforcement with teen-age hoodlums when we (1) build more and better institutions in which to treat them, and (2) elect judges who have a clearer understanding of human nature. Until then some kids will defy cops, and get by with it.

(Q) "What happened to the arm movement of handwriting?" Mrs. P.M.

(A) Arm movement was dropped many years ago. Research indicated that clearer and faster writing came through a combination of arm, wrist, and finger movement. Arm movement alone was artificial.

MARIN'S SOCIAL WHIRL

Guests Asked To Share Yard Of Flannel With Party Hosts

By FLORENCE DONNELLY

Guests at the party Mr. and Mrs. Robert Kettenbach and Mr. and Mrs. David Ross are giving Saturday night at the Ross home on the Belvedere Lagoon were invited to "come and share a yard of flannel with us." A yard of flannel, Mrs. Ross explained, is an old English drink served warm. About a hundred guests have been invited to the party at which a buffet supper will be served.

TWO DAYS before the St. Stephen's Guild holiday tea at their Belvedere home yesterday, Mr. and Mrs. Clarence Kretchmer returned from a pre-holiday visit with their daughter and her husband, Mr. and Mrs. Gayle Lyle in Park Ridge, Ill. Grace Kretchmer wished to be home to oversee the festive decorations and trim the large tree in the spacious living where the famous organ is the center of interest.

Mrs. Robert Bagnall, whose daughter, Ann, is a member of the children's choir which entertained for St. Stephen's members and their guests, was discussing plans for the trip she and Bob and their three girls will take to Wawona right after Christmas.

Mrs. John (Katie) Hoefer assisted the guild president, Mrs. Walter Simi, with hostess duties, and introduced her father and mother, Mr. and Mrs. Everett Foster of Santa Rosa to many of her Belvedere friends.

The John Hoefer family will also spend some time in the snow at Wawona right after Christmas as guests of Mr. and Mrs. Byron Nishkian in their mountain home.

Walter and Sidney Simi will be at home for the holidays, and plan their annual open house Christmas Eve for neighbors on Golden Gate Avenue, Belvedere. They and their daughter, Lynn, will be joined by Sidney's sister and brother-in-law, Dr. and Mrs. B. Stanley Kern of Sleepy Hollow.

IN HAWAII, Mr. and Mrs. C. T. Struven of San Rafael are spending Christmas and New Year's. The Struvens flew to the islands last Wednesday and are headquartering at the Hawaiian Village in Honolulu. They will fly to many of the other islands in the "Paradise of the Pacific" during their two weeks' vacation.

DR. AND MRS. ROBERT MILLS of Ross have been entertaining at a series of supper parties for Marin friends. They have been giving the suppers on six Sundays.

THE GEORGE HOSPODAR home in Sausalito was the locale of a happy reunion when their son-in-law, Louis M. Piver, who is in the Navy, was reunited with his wife, the former Patricia Hospodar, and saw his son, Michael, for the first time. The baby, now six months old, was born three days after his father left for duty in the Far East.

Patricia has been staying with her parents since February of 1962. After the holidays, Louis, son of Louis Piver of Tamalpais Valley and Mrs. Charles Littlejohn of Hayward, will be stationed at Long Beach until his discharge from Navy in October of 1963. In Long Beach with him will be his wife and small son.

For Young Guzzlers

A holiday eggnog for children puts one of their food favorites — peanut butter — into the classic beverage. Beat together 2 eggs, ½ cup of creamy-style peanut butter and 2 tablespoons of sugar. Gradually add 4 cups of instant nonfat dry milk re-liquified as label directs. Beat until blended. Serve chilled. Serves 4.

Few Ideas For 'Have Everything' Ones

By JEAN SPRAIN WILSON

The annual holiday effort to provide the so-called person who has everything with still another thing he probably does not want is guaranteed to produce some traumas this year.

Imagine instantly hatched fish in a mink Christmas stocking, for example, or playing cards that have changed their colors, or stock market advise —"the jig is up"— on a liquor jigger.

The instant fish are just like instant anything. You add a little water to eggs and a tropical species comes alive.

TOPSY-TURVEY cards are for switching with the real thing the next time friends sit down for a little bridge or poker. These test friendships when spades and clubs come up red, and hearts and diamonds are black.

The stock market theme runs rampant this year, with bulls and bears in conflict and otherwise, appearing in a hundred different types of jewelry. They are charms, cuff links, tie pins, and bracelets. Sometimes the bulls have red eyes (rubies) and the bears sapphire eyes, or both animals twinkle with diamond eyes. These tokens can cost up to $200.

BUT FOR PEOPLE who DID have everything only until the stock market plunge last May are bulls and bears minus rare stones for a few dollars each.

Men's tie bars tell the perilous story of the ups and downs of finance in the form of zigzag lines.

Miniature old-fashioned ticker tapes either gold, or with lucite domes, are also pins, charms, etc. On the bases of these are diamond initials of the wearer's favorite stock.

The stock, and the price that brought riches, also becomes a bit of pleasant memorabilia engraved on coins.

Christkindl P.O. Busier In Yule

VIENNA (UPI)—The post office at "Christkindl", (Christ Child) Austria, is undoubtedly one of the world's busiest during the Christmas season.

Actually, the town is called "Unterhimmel" (under Heaven), but in 1950, the Austrian post officials agreed to give it the "Christkindl" postmark primarily for handling Christmas mail to children.

In Austria it is the "Christkindl" who brings the presents and an Austrian child writes to him just as children from other lands write to Santa Claus.

Millions of children have received mail with the Christkindl postmark since the practice started 12 years ago.

The special post office is set up, appropriately enough, in a village inn which has been known since the 18th century as the "Christkindl."

Festive Baking Ideas For Yule Season

BUBBLE COFFEE CAKE is both a beautiful and a perfect baking treat to serve your Christmas callers or to wrap as gifts. This 10-inch cake is decorated with thin confectioners' sugar glaze, candied cherries and citron.

People who don't believe in holiday baking probably never believed in Santa Claus either! But if you're big on Yuletide tradition, then you'll approve of all these festive baking ideas . . . the big Bubble Coffee Cake, the Star Fruitcake, the Quick Bread Candles, the Cooky Canes and the fruit-filled Sugarplums.

BUBBLE COFFEE CAKE
Makes one 10-inch coffee cake

- 2 cakes compressed or 2 pkg. dry yeast
- ¼ cup lukewarm water
- 1 cup milk, scalded
- ½ cup butter or margarine
- ⅓ cup sugar
- 2 teaspoons salt
- 4¾ to 5¼ cupes sifted all-purpose flour
- 2 eggs, beaten
- 1½ cups rolled oats (quick or old fashioned, uncooked)
- ⅓ cup chopped red-candied cherries
- ⅓ cup chopped green candied cherries

Soften yeast in lukewarm water. (Use warm water for dry yeast.) Pour scalded milk over butter, sugar and salt. Cool to lukewarm. Stir in 1 cup flour and eggs. Add softened yeast, oats and candied cherries. Stir in enough more flour to make a soft dough.

Turn dough out on lightly floured board or canvas; knead until smooth and satiny, about 10 minutes. Round dough into ball; place in greased bowl; brush lightly with melted shortening. Cover; let rise until nearly double in size, about 1 hour.

Punch dough down. Cover; let rest 10 minutes. Pinch off small pieces of dough; shape to form balls. Dip in melted butter, then into a mixture of ¾ cup sugar and 1½ teaspoons cinnamon. Arrange balls of dough in 10-inch tube pan. (Do not use pan with removable bottom.) Cover; let rise until nearly double in size, about 45 minutes.

Bake in preheated moderate oven (350 degrees) 40 to 45 minutes. Let cool a few minutes. Turn out of pan and let cool about 30 minutes before turning right side up. Decorate with thin confectioners' sugar glaze, candied cherries and citron.

STAR FRUITCAKE
(Makes 1 star)

- ⅓ cup shortening, soft
- ½ cup sugar
- 2 eggs, beaten
- 1 cup sifted all-purpose flour
- 1½ teaspoons baking powder
- ¼ teaspoon salt
- ½ teaspoon cinnamon
- ¼ teaspoon nutmeg
- ½ cup milk
- 1½ cups chopped mixed candied fruit
- 1 cup rolled oats (quick or old fashioned, uncooked)

Heat oven to moderate (375 degrees). Beat shortening until creamy. Add sugar and beat until fluffy. Stir in eggs. Sift together ¾ cup of the flour, baking powder, salt, cinnamon and nutmeg. Add to creamed mixture alternately with milk. Stir in fruit that has been mixed with remaining ¼ cup flour and oats.

Pour batter into greased, brown paper lined 1-quart star mold or an 8x4½x2½-inch loaf pan. Bake in preheated over (375 degrees) 45 to 50 minutes. Let cool about 10 minutes before removing from pan. If desired, dust with confectioners' sugar.

SUGAR PLUMS
(Makes 4½ dozen cookies)

- 1 cup chopped nutmeats
- 1 cup chopped dates
- 2 slices candied red pineapple, finely chopped
- 2 slices candied green pineapple, finely chopped
- ¾ cup sifted all-purpose flour
- 1 cup sugar
- 1 cup rolled oats (quick or old fashioned, uncooked)
- 1½ teaspoons vanilla
- 3 egg whites, stiffly beaten

Heat oven to slow (300 degrees). Place nutmeats, dates and pineapple in bowl. Add flour, sugar, oats and vanilla. Mix well. Fold in beaten egg whites.

With greased hands, shape to form small balls, using about one teaspoon of mixture for each. Place on well-buttered cooky sheet. Bake in preheated oven (300 degrees) about 25 minutes. (Cookies do not spread during baking.)

COOKY CANES
(Makes 2 dozen canes)

- 1 cup butter or margarine, soft
- 1½ teaspoons vanilla
- ½ teaspoon almond extract
- ¼ cup sifted confectioners sugar
- 2 tablespoons water
- 2½ cups sifted all-purpose flour
- ½ teaspoon salt
- 1½ cups rolled oats (quick or old fashioned, uncooked)

Heat oven to slow (325 degrees). Beat butter, vanilla and almond extract together until creamy. Add sugar gradually; beat until fluffy. Add water. Sift together flour and salt; add to butter mixture, mixing thoroughly. Stir in oats. (Dough will be quite stiff.)

Shape to form candy canes. Place on ungreased cooky sheets. Bake in preheated oven (325 degrees) 20 to 25 minutes. Cool.

Frost canes with thin white confectioner's sugar frosting. Stripe with thick red frosting.

Barbecued Meats

Most everyone likes the zesty tang of barbecued spareribs, but did you ever think of the other meats which you might barbecue? There's lamb riblets, short ribs of beef, pot-roast, hamburgers, frankfurters and even canned luncheon meat.

Bake Cranberry Breads For Christmas

This Christmas make fruity loaves of Cranberry Nut Bread. Bake this delicious bread in loaf pans, casseroles, even empty food cans. Ideal for Christmas morning breakfast or to have on hand when friends drop in. Cranberry Bread stores well in the freezer so make several loaves in advance for thoughtful gifts. Wrap with a big red bow and copy the recipe on the back of the gift tag. Sure to be appreciated.

CRANBERRY NUT BREAD

- 2 cups all-purpose sifted flour
- 1 cup sugar
- 1½ tsp. double acting baking powder
- ½ tsp. soda
- 1 tsp. salt
- ¼ cup shortening
- ¾ cup orange juice
- 1 tbs. grated orange rind
- 1 egg, well beaten
- ½ cup chopped nuts
- 1 to 2 cups fresh cranberries, coarsely chopped

Sift together flour, sugar, baking powder, soda and salt. Cut in shortening until mixture resembles coarse cornmeal. Combine orange juice and grated rind with well beaten egg. Pour all at once into dry ingredients, mixing just enough to dampen. Carefully fold in chopped nuts and cranberries. Spoon into greased loaf pan (9x5x3-inches). Spread corners and sides slightly higher than center. Bake in moderate oven (350 degrees) about 1 hour until crust is golden brown and toothpick inserted comes out clean. Remove from pan. Cool. Store overnight for easy slicing.

CRANBERRY WHIPPED BUTTER: Let ¼ lb. butter soften at room temperature. Cream until smooth. Beat with mixer at high speed until fluffy. Fold in ½ cup whole berry cranberry sauce.

Every homemaker needs new ideas for food to serve at teas and brunch during this "get togther" season. Why not try Cranberry Holiday Coffee Cake. Features a topping of fresh cranberries smothered in a crumbly sugary topping. Super! Or serve Cranberry Wreaths, a treat made with packaged carmel nut or cinnamon rolls stopped with colorful cranberry sauce. Quick and tasty.

CRANBERRY HOLIDAY COFFEE CAKE

- 2 cups sifted all-purpose flour
- 3 teaspoons double acting baking powder
- ¾ teaspoon salt
- ½ cup sugar
- 5 tablespoons butter
- 1 egg, beaten
- ½ cup milk
- 2½ cups fresh cranberries, coarsely chopped

TOPPING

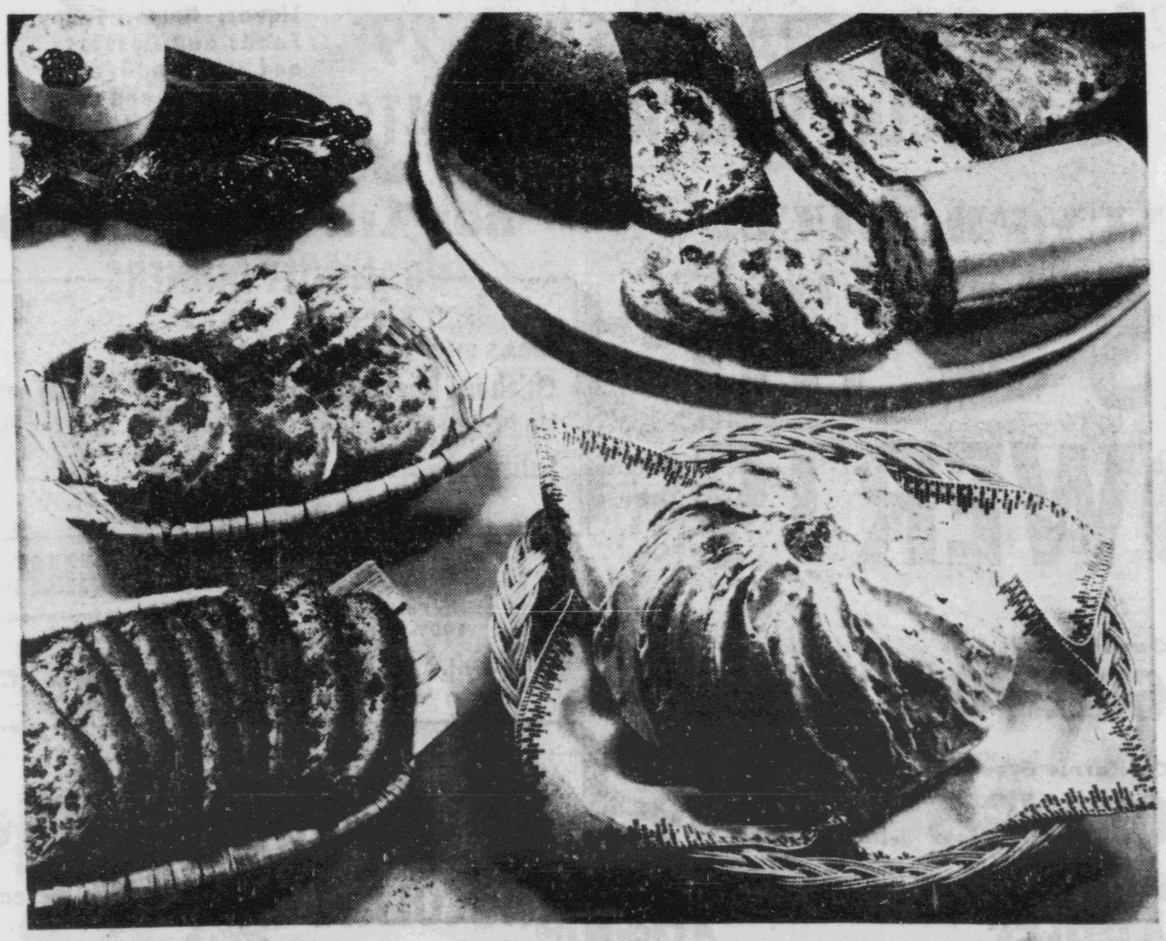
- ¼ cup all-purpose flour
- ½ cup sugar
- 3 tablepsoons butter

Sift flour, baking powder, salt and sugar together. Cut in butter with pastry blender until crumbly. Mix beaten egg and milk. Add to flour mixture. Stir slowly to mix, then beat until blended well. Spread batter evenly into 8x8x2-inch buttered baking dish. Sprinkle halved cranberries evenly over top. For topping, mix flour and sugar together. Cut in butter. Sprinkle over cranberries. Bake in 375-degree oven for 30 to 35 minutes, Makes 9 coffee cake squares.

CRANBERRY WREATH

- 1 package refrigerated carmel nut or cinnamon rolls
- ½ cup canned whole cranberry sauce

Heat oven to 375-degrees. Open rolls. Spread cranberry sauce evenly in bottom of 9-inch ring mold (lightly greased) If carmel nut rolls are used, crumble topping over cranberry sauce. Place rolls in mold, scroll side down with sides barely touching. Bake 25 minutes in 375-degree oven. Makes 6 to 8 servings.



HERE ARE THREE ways to bake the popular Cranberry Nut Bread. Pour batter into a loaf pan, empty juice cans or oven proof casserole. Frost the baked bread, or serve with cream cheese or butter.

Vary Appetizer Tray With These Hors d'Oeuvres

Every hostess is always on the lookout for new ideas for her hors d'oeuvre tray. It seems that a wide assortment of appetizers always makes the selection more impressive.

If you like to try new and different hors d'oeuvres to add that spark of variety, clip out these suggestions. Try them, along with your old stand-bys, the next time you're planning a party.

For a spicy, hot canape, pile Mexican Style Chili Beans on thin slices of buttered bread with crusts trimmed. Roll, fasten with toothpicks, and wrap a bacon slice around each. Toast them under the broiler until the bacon is crisp, and serve them piping hot.

Try this idea from the test kitchens. Mix left-over turkey or chicken with mayonnaise and chopped pimiento. Sandwihch between two dill pickle slices, and spear on hors d'oeuvre picks. Or, make a quick-and-easy spread by blending sweet pickle relish with cream cheese.

For fancy "Bulls-eye" hors d'oeuvres, home economists pass on this idea. Cut a loaf of sandwich bread lengthwise into ¼-inch slices. Remove crusts. Spread each slice with a mixture of equal parts of softened butter and anchovy paste (or use liverwurst, instead).

Place stuffed olives in a row across one side of each bread slice. Roll, starting at olive end, wrap in saran, and chill. Before serving, cut crosswise into "Bulls-eye" slices.

Making Their Own Gifts Is Popular With The Young Set

By VIVIAN BROWN

Many young people are making their own Christmas gifts again this year—not fancy, big or expensive remembrances.

They are favoring down to earth, personalized gifts. Fancy initials or names and designs may be written with pencil in the corners of plain handkerchiefs that may be bought boxed. These can be embroidered with ordinary white or colored thread.

One-teen-ager is crocheting bands of inch-wide insertions for pillow slips. Others are making needlepoint book marks, lasting friendship gifts. Initials may be embroidered on ski or skating head bands in a contrasting wool.

AT A CHRISTMAS sale of the Home Fashions League in New York two items were unusual and easy to put together. One was a Christmas hanging, spelling Noel; the other was a zippered case in gaily printed cottons by fabric designer Jack Lenoir Larsen.

The hanging is a lovely adornment in a room or on a door. It's the choice of fabric that sets the case apart, just the thing for carrying anything from papers to sandwiches.

The felt hanging is 51 inches long but could be shorter. It is 8 inches wide, and each letter is 6 inches long with 4 inches between letters. Two extra inches are left at the top for a dowel.

The bottom comes to a point below the "L" so an extra inch, making 5, is left for that. Letters "N" and "E" are in one color, such as red, and "O" and "L" are in another color such as green. Letters could be one-inch or half-inch wide with braid a narrower width.

THE BACKGROUND COULD be white but you don't need to stick to Christmas colors—chartreuse, shocking pink or brilliant blues may be used.

Outline the place for the letters so they can be glued on easily then put gold or silver braid or rick rack over them. Center the braid or rick-rack between letters also as a divider. Or run braid around the entire hanging. Turn back one inch or more at top. Insert a 9-inch gold painted dowel into the hem. Attach a piece of soutache to each end so that the felt may be put on the door.

THE ZIPPERED CASE is not an involved project.

Cut heavy fabric—1½ in. by 16 in. for front; 13½ by 16 inches in back. The lining is 10½ in. by 14½ in. in front; 12½ by 14½ in back. You'll need a 14 inch zipper with tab pull. The Home Fashion League girls used Pellon for a lining. Here's how:

Join fabric front to back on 16 in. side, making a ⅝ in. seam, using large sewing machine stitch. Press seam open. Center lining on wrong side of front and back sections, being sure it is under raw edge of seam and touching it. Pin to hold in place. Pin zipper face down on wrong side of seam.

Have front of case under arm of machine and zipper tab at start of seam. Stitch each side and across ends of zipper with zipper attachment.

When complete, slit seam open. But open zipper first to avoid case being sealed closed with stitching.

FOLD FABRIC, RIGHT sides together, so raw edges are even. Pin to hold and stitch ⅝ inch seam on both sides and lower edge. Clip corners. Fold lining away from fabric in other direction, having raw edges even.

Pin to hold and stitch ¾ inch seam on 16-inch edge of lining. Clip away seam allowance ⅛ inch from stitching. Reverse to right side bringing lining inside. Gently push corners out to be neat angles. Press case. Add pull to zipper tag. (AP).

TODAY'S EDITORIAL

Grim Eleven Daily Takes Its Place In Record Books

We have received from the California Highway Patrol a rather grim suggestion for an editorial. The suggestion notes that about this time of year sports editors choose all-American football teams, 11 men of the best abilities in the nation.

CHP suggests that California has another sort of 11-man team, an aggregation compounded of tragedy, an unpopular group yet formed inexorably, day after day.

People don't want to be on this team, yet they continue to put themselves there through a traffic violation, inattention, or a discourteous act.

It's not an exclusive eleven because there is a new team formed each day. And you're never on the team a second time because in order to qualify you must be killed in California traffic.

As this holiday weekend approaches, the guardians of the highways know that as usual the daily eleven will line up on schedule to bring sorrow at Christmas to many families. In addition, many subs will qualify to fill the bench and add more tragedy at this joyous time.

And it may be only that they allowed a moment's carelessness, a little too much speed, passing one car on a blind curve, or taking just a couple of drinks.

You don't have to become a member of this elite eleven, but it will take concentration on your part—concentration on being a driver 100 per cent of the time you're behind the wheel; concentration on obeying the laws of the road; concentration on being in control of yourself, physically and nervously, when you are controlling the car.

And if you do, you too may have a Merry Christmas.

Fog And Moonlight

Marinites troubled with insomnia get a special treat in viewing the banks of fog bathed in the silver glow of moonlight. It is one compensation for their sleeplessness.

The ghostly, other-wordly light of the moon upon the fog shrouds trees and hills resemble the best of Oriental painting. The lonely toots of fog-horns in the distance gives an added dimension to the scene.

Marin by fog-bound, moon-lit night is a wonderful, ghostly place.

THREE MINUTES A DAY

By JAMES KELLER

CONSEQUENCES OF INDIFFERENCE

Two out of three people who stop shopping in a particular store do so because of indifference on the part of sales people.

This was one of the findings in a series of recent surveys of retail sales in the United States.

It is estimated that the uncooperative clerk costs industry three billion dollars a year in lost retail sales.

You may not be directly in the selling line but a little questioning along these lines may be helpful:

1. Do I show a sincere enthusiasm for the work I'm doing? Or do I shirk responsibilities and thereby encourage others to do the same?

2. Do I "follow through" cheerfully on an assigned task? Or do I betray a "couldn't care less" attitude?

3. Do I display the elementary thoughtfulness and courtesy towards others that God expects of a person like myself, or do I deprive others of the service that is their due by being rudely indifferent?

In a word, am I a "doer" or a "complainer"?

"Let not kindness and fidelity leave you; bind them around your neck."
(Proverbs 3:3)

Enkindle in me, O Lord, a desire to do what I am doing and give me the strength to do it.

MARIN LOOKS AT POLITICS

Secretary Udall To Be First Of 'Big Guns' To Pay County A Visit

By CHAPIN A. DAY

'CHIP' DAY

First of the "big guns" expected to make appearances in the First Congressional District before the Jan. 22 special election, is due in Marin on Jan. 6. He is Secretary of the Interior Stewart Udall, scheduled to arrive on that Sunday afternoon for a cocktail party at the Roger Kent residence in Kent Woodlands. Present plans then call for a dinner for him in Dominic's Restaurant, San Rafael.

Mrs. Ruth Lederman, special events chairman of the Grader for Congress campaign, is making the arrangements.

Udall's last scheduled visit to Marin County ended rather inauspiciously. He was scheduled on Oct. 15 to meet with the county supervisors, Navy and other officials at the Tiburon Naval Net Depot to make "an important announcement" about the future of the installation. He didn't show up.

Just before time of the meeting a telephone call informed the supervisors he "had been called back to Washington" and had left by plane. Nobody told the Navy and other officials until they called the Courthouse later and asked "What Happened?"

There have been many rumors about the Naval Net Depot ever since.

WITH DON CLAUSEN for Congress headquarters opened on C Street in San Rafael, a new campaign office for Grader for Congress opened Tuesday night in Kentfield. William Grader was there and spoke briefly to the two score visitors who dropped by to wish him well and to hear a group of Mill Valley minstrel boys.

VOTERS IN Petaluma will have at least three things to decide on the Jan. 22 ballot. In addition to the congressional race, they face a decision on a $4,390,000 county-wide bond issue to construct a new courthouse and jail and an amendment to their own city charter.

The amendment would permit the city to lease or franchise its property for a period of up to 75 years instead of the 20-year limit which now exists. Specifically the measure is being pushed at this time so that the city fathers can lease concessions at their pending small craft harbor on Petaluma River for more than the 20 years.

Why The Women 'Take The Fifth'

EDITOR,
Independent-Journal:

Since the House UnAmerican Activities Committee is on the warpath again (this time in an attempt to terrorize the Women for Peace) — the dispatches are filled with revelations of a dreadful numbers game. Mrs. "Mother" "took the Fifth" 30 times, Mrs. "Housewife" took it 50 times, Mrs. "Teacher" 54 times. The implication that a numerical sin rating is being established can hardly be avoided.

It would seem a public service for news media (in the role of a responsible Fourth Estate) to carefully and repeatedly explain the reasons and rational for this odd phenomenon.

The subpoenaed witnesses have been properly informed, by their legal advisors, that if they once answer a question they cannot thereafter refuse (on the basis of self incrimination) to answer any other question in that (vaguely delimited) area. If the witness feels that any subsequent question might force her into a position of naming friends and acquaintances (whose reputations can be smeared and/or jobs lost) she must refuse all answers (on the 5th) or face prison for contempt.

The same bitter necessity is incurred when the witness feels that future questions might infringe on her constitutional privacy or abet HUAC in its blatant violation of its legislative mandate and its grasping for the illegal power of being prosecutor, judge and jury.

There can be no doubt that the committee has the power to punish without trial simply by character defamation. To observers who don't understand the mechanics of this process it would seem that witnesses have the choice of assuming the role of a fawning informer or a "Fifth Amendment Red."

It seems reasonable to assume that all shades of political opinion, from left to right —have a desire for peace. If HUAC succeeds in its obvious desire to smear the peace movement in America as Communistic, it will inflict a grave injury, not only on our own country but the entire world.

NOTE: Of course some witnesses "take the Fifth" because their answers might incriminate them.)

Bah Humbug A Challenge?

EDITOR,
Independent-Journal:

So Bah Humbug was a challenge to mothers living in the area where this sign was posted. Why?

This man installed this sign on his own property did he not? He wasn't committing vandalism; he wasn't trespassing; he wasn't shouting indecent epithets to innocent passers-by; he wasn't littering properties with candy wrappers, cigarette cartons and general rubbish.

Do children ask for explanations of these misuses of human conduct? Then what would motivate a child's asking for an explanation of Bah Humbug unless he or she simply never heard the expression. To imply that this man had violated the true spirit of Christmas with the published overtones pointing to same is unfair.

Why not explain that Bah Humbug was taken from a song purposely written to demonstrate the gaudy circus customs which have installed greed, selfishness, social status gifting, office parties and Santa Claus as symbols of Christmas?

At the same time why not explain the myth of Santa Claus so that children may better understand the true Christmas story. One does not have to destroy a child to tell the truth. It is when a child finds he has been hoodwinked that he or she loses faith in simple honesty.

If mothers would spend more time teaching children the truth of everything rather than haphazard selected truths, they would not be confronted with such monumental tasks of explaining Bah Humbug.

How can children be expected to be kind, unselfish, tolerant, intelligent, when they are surrounded with an atmosphere of stampeding, rushing, frantic adults, spending what they haven't got, giving what they can't afford, returning what they don't want —all because it's Christmas?

Bah Humbug was never truer uttered than at a season celebrated with such joke standards as is evidenced everywhere. Those who accept Christmas in its sacred simplicity, and teach their children to do so, need never be exposed to explaining a phrase coined to fit that which fails to do so and that is the commercialized hubbub that hums around us from October to January every year, for it's into January that finally concludes the end of gift rejects.

TRY AND STOP ME

BENNETT CERF

A judge out West shot a puzzled look at a stout lady being sworn in before him and asked, "Haven't you appeared as a witness in this suit before?" "I have not," retorted the stout lady indignantly. "Last time I had on my grey, pin-striped gabardine."

And in another courtroom a district attorney dropped charges when the attorney for the defense marched his troupe of witnesses into view. "You won't catch me trying to win against that bunch of witnesses," said the D.A. "I've used them myself from time to time and they're the best!"

When Woodrow Wilson was President, he often complimented Author Oliver Herford, and, in fact, liked to repeat Herford's better quips in his political speeches. This didn't please Hereford at all, because he considered Wilson a political accident and a piece of bad luck visited on a helpless populace. So the dedication of Herford's next book, "This Giddy Globe," ran: "To President Wilson: with all his faults he quotes me still."

Soviets, Red Chinese Push Headlong Toward Rupture They Can't Avoid

PARIS—The Soviet Union and the Chinese Communists are now quite clearly on the brink of a final, open rupture which will split the world Communist movement into two warring camps.

The Western experts on Communist affairs, once so unanimous that nothing of the sort would ever happen, are now nearly as unanimous that the final rupture can hardly be avoided. The stages in the macabre, wordy, but crucially significant journey towards the brink of rupture are well worth summarizing.

FIRST, THE Chinese were viciously denounced—but not by name—at the Bulgarian and Hungarian party congresses. They responded with equally vicious denunciations of the Soviets—not by name —to which they added that Marshal Tito of Yugslavia, then about to be received in Moscow with open arms, was a "traitor."

Second, the denunciations of the Chinese continued at the Italian and Czechoslovakian party congresses; but now they were openly named, both by the Czech party boss Antonin Novotny and some of the Italians. These speeches naming the Chinese were then printed in Moscow, thus putting the Soviet man in the street on notice of the depth of the trouble.

THIRD, THE attack on the Chinese was continued with mounting vigor by Khrushchev himself, in the presence of the "traitor" Tito, at the recent session of the Supreme Soviet. In part, Khrushchev said his say about the Chinese by talking about the Albanians.

Khrushchev added to this passage of his speech, however, that the Albanians were like nasty little boys who took money from even nastier grown men who thought it a good joke for the boys to shout dirty words at respectable people. He also twitted the Chinese by name for permitting "fragments of imperialism" to "remain intact" at Hong Kong and Macao.

The Supreme Soviet heard shots directed at the Chinese from subsequent speakers, and it was further edified by an address from the "traitor" Tito.

The Chinese thereupon replied by openly publishing a secret inter-party letter to the Czech party congress, bitterly complaining about the attacks on them and on the Albanians, and angrily demanding a world meeting of Communist leaders from all countries.

THERE IS NO likelihood that the Soviets will agree to such a meeting. The Chinese want it, solely because it would serve to show they have some support, from the North Koreans, perhaps from the North Vietnamese, and from certain Communist parties in the free half of the world, in Latin America and elsewhere.

The precise pattern of the next stage of this ferocious slanging match is in fact far from clear. It is abundantly clear, however, that plastering over the cracks once again has become all but impossible. The relationship cannot be improved except by the surrender of one of the two disputants.

Since such a surrender is highly unlikely, the relationship is almost bound to deteriorate still further. Hence the predictions of final rupture.

Defenders Often Waste Assets By Not Knowing Their Hands

There's nothing complicated about this hand. West opened the queen of diamonds, losing to the ace. Declarer led a spade to dummy's jack and returned a club to force out the ace.

SOUTH RELIEVED

West now led the jack of diamonds, and dummy's king won. When the nine dropped, South sighed with relief. He could now afford to lose two hearts, for the defenders would then get only one diamond and one club besides the two hearts.

South got to his hand with a club and led a diamond toward dummy's eight to make sure of an eighth trick, and a heart eventually gave him his ninth trick.

MUST HOPE

"Poor West," you may think. "He couldn't tell that his partner had the nine of diamonds."

How on earth was West going to defeat the contract if South had the nine?

If South had the 16 points shown by his opening bid, East couldn't have as much as a jack. West had to defeat the contract singlehanded.

West could hope to take two hearts and the ace of clubs. He had to hope for two diamond tricks as well; and he could get these only if his partner had the nine.

Acting on this hope, West must lead the low diamond—not the jack—when he takes the ace of clubs. This prevents waste and defeats the contract.

State's No. 1 Problem Is Education

(EDITOR'S NOTE: Education is perhaps California's No. 1 problem of this population explosion era. School enrollment doubled, but the bill for education tripled in the past decade.)

By HAROLD V. STREETER

SAN FRANCISCO (AP)—More children go to school in California than there are people—men, women and children — in each of 38 other states.

Your little Johnny and Mary are among more than 4.5 million trooping to public, private, parochial and high schools in the nation's new No. 1 state in population.

And education is easily its No. 1 problem.

Add to the 4.5 million those in colleges and the figure soars past five million. Only eight other states—New York, Pennsylvania, Illinois, Ohio, Texas, Michigan, New Jersey and Massachusetts— can top that, counting everybody.

Don't let the bigness bulge your chest. Deflate it with this breathtaking fact: While population and school enrollment didn't quite double in the 10 years between 1950 and 1960, the education bill almost tripled.

The California Bankers Assn. recently made a survey of 10 aspects of the population explosion. One was education. This survey put the public school bill in 1950 at $507,311,328.51. For 1960-1961, it listed the bill — hold your breath — at $1,518,184,029.21. That's billion, brother!

A spokesman for the State Department of Education says the current bill is nudging 1.75 billion dollars. This thing is too big even for those who try to guess what will happen.

The State Department of Finance has experts whose computations of current population prove out astoundingly accurate. Yet back in 1955 a department expert foresaw that it would be 1970 before the public school population rose to 4,345,000.

At that time, Dr. Roy Simpson, state superintendent of public instruction, cautioned that this might be conservative. How right he was.

Now the State Department of Education is projecting the likelihood of a public school enrollment of 5,105,000 within 10 years. You can almost bank on it—if not sooner.

At the outset of 1962, the State Department of Education reported public school enrollment of more than 4,240,000 represented a gain of 5.7 per cent over the previous school year. In the same period, the gain nationally was only 2.2 per cent in elementary schools and 4.5 in high schools.

But California was bucking the tide with some success. The state department reported that double sessions—half-day classes—involved 201,391 pupils in 1955, was down to 93,952 in 1960 to 66,173 in 1961, and currently is estimated at right around 50,000.

The problem will persist. The National Education Assn., basing its findings on U. S. Census Bureau files, predicts that by 1965 California will have two million under five years of age, more than 4.8 million between five and 17, and 1,196,000 between 18 and 23.

The survey of the California Bankers Assn. lists 600,000 full or part-time students in institutions of higher learning. This is expected to reach 665,000 by 1975.

The survey also pointed out that enrollment in California junior colleges amounts to 47 per cent of the total for all junior colleges in the United States.

All this adds up to a monumental headache.

How is the bill to be footed while raising standards in a state where the average classroom teacher's salary is $6,700? What's the wisest way to handle a public school bill that is higher than for 43 other states combined?

Back in 1955, Gov. Goodwin J. Knight observed at an educational conference that, just to meet needs for the next five years:

"We should construct a new classroom almost every 10 minutes of every working day for the next 60 months." Estimated cost? Nearly two billion dollars.

The 1963 legislature will face up to proposals for a broader method of financing public schools in California.

Specialists in the State Department of Education, aided by such groups as the California Taxpayers Assn., have come up with this plan:

A countywide tax of 60 cents on each $100 assessed valuation at the elementary school level and 50 cents at the high school level. These would replace equivalent taxes now levied by local school districts.

Another proposal is for a statewide tax for junior colleges.

The 1961 legislature looked over similar proposals and said no. But opinions are changing in changing times.

In the 1962 June primary, California voters turned down a proposal for a 270-million-dollar bond issue, 80 per cent for college construction purposes. Came November. They voted it in.

Those three R's now stand for reading, 'rithmetic — and revenue.

The President's Commission on Campaign Costs reported expeditures in behalf of all candidates for public office in 1960 totaled $165 to $175 million.

Teeners Raise Funds For Center At Project 17 In Mill Valley

Mill Valley teen-agers have, on their own hook, stacked up $450 toward a teen-age recreation center on Project 17.

The initial push came from 13 youngsters who opened a; Christmas tree lot a week ago, sold out their stock and deposited $375 in a special fund at the Northwestern Savings and Loan Assn. in Mill Valley.

With $75 donated by businessmen and teen-agers, this brings the Mill Valley recreation center fund to $450, according to Clay Underhill, member of the youth activities committee.

"It proves," said Underhill, "that the youths are willing to put some of their sweat and blood into the drive besides just talking about it.

"They didn't even take money out of their fund to go eat lunch. Everything was going in the recreation fund and that was it. They are really in earnest."

Underhill said that anyone wishing to donate to the fund may do so through John T. Little, Mill Valley postmaster, or Capt. Joe Canet of the police department.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Weather Affects Health And Most Learn Cold Months Offer Challenge

VAN DELLEN

Weather affects health and most northerners have learned that the cold months bring their challenges. There are more accidents because of fewer hours of daylight and more hazardous roads and sidewalks. In addition, we must face the medical problems peculiar to winter.

The human body seems to change with the seasons and diseases common in summer are likely to disappear when autumn sets in and winter is not far off. Polio is replaced by influenza. Other disorders, such as heart disease, begin to mount. Winter also brings man-made hazards associated with overcrowding and air pollution.

NUMEROUS infections spread by direct contact under crowded conditions. Respiratory infections are easily passed along in buses and subways. The same applies to homes and apartments where the occupants are packed in like sardines.

Air pollution irritates the membranes, making them more susceptible to bacterial invasion. Chemical contaminants, fumes, and gases also aggravate existing diseases, espeially in the elderly. This is the price we pay for progress.

SOME of the perils of winter cannot be overcome but many can be minimized or eliminated. Everyone with a respiratory infection should follow the golden rule and do everything possible to avoid spreading the disease to others. Teach the children to do the same because they are more susceptible to colds and usually bring them home.

Maintain a high resistance to infection by eating properly, practicing cleanliness, obtaining ample sleep, and avoiding excesses. Flu shots help prevent influenza and prompt treatment of a cold not only lessens the chance of complications but hastens recovery.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

DON'T BLAME FATE

J. S. writes: Is there any truth in the statement that if you were meant to be heavy, you will be heavy?

REPLY

This is a good alibi but who decides whether a person is meant to be stout? The tall man with a big frame may be heavy but is not necessarily obese, as weight stems from muscle mass rather than from fat. On the other hand, there are stout individuals who feel better when overweight and who live a normal life expectancy. Obesity runs in some families but there is a question whether the condition is hereditary or whether love for food is catching.

A LIFELONG PROCESS

E. L. D. writes: Do the arteries of the heart, brain, and kidneys harden for a long time before they break?

REPLY

It has been said that the arteries begin to harden as soon as we are born. Evidence of this condition has been found in young men killed on the battlefield or in highway accidents. Ordinarily, arteriosclerosis may exist for years before causing trouble.

RICE FOR PRESSURE

M. B. writes: My husband has high blood pressure and a friend keeps after him to use rice instead of potatoes. Will this lower his pressure?

REPLY

Not unless he limits his diet to rice, fruits and supplemental vitamins—and sticks to this diet for at least three months. There are easier and more enjoyable ways to lower the blood pressure.

A PINT AT NIGHT

F. A. writes: Is ice cream fattening? I average about a pint a night.

REPLY

If you mean, does ice cream contain calories, the answer is yes. It also is high in fats, which may raise your cholesterol level.

Today's Health Hint — Don't use cotton or other flammable materials to decorate the foot of your Christmas tree.

$7.22 Million In Grants Slated For 21 Colleges

NEW YORK (UPI)—More than 7.22 million dollars in grants to 21 colleges, universities and related institutions were announced today by the Ford Foundation.

Stanford University received the largest single sum, 2.5 million dollars, to enlarge graduate programs in several international fields.

The second biggest grant, 1.2 million dollars, went to the Social Research Council which administers financial aid to many scholars of foreign affairs.

Six colleges and universities received a total of more than 1.72 million dollars to develop international studies at the undergraduate level.

They were Dartmouth College, $675,000; Indiana University, $305,000; University of Kansas, $177,000; Mills College, $132,000; Smith College, $315,000, and Sweet Briar College, $118,000.

John B. Howard, director of the foundation's training and research program, said the above six grants would help strengthen "teaching about non-western areas and international relations."

"The United States' world position plainly requires that more college graduates — including those who do not intend to become specialists in international affairs — have a knowledge and understanding of other cultures and of the worldwide aspects of their own fields," he said.

Other grants, and the fields in which they are to be used, included:

Economic development and administration: Harvard University, $60,000; University of Illinois, $22,000; Indiana University, $46,470; and the Institute of International Education, $40,000.

International training and research: American University, $151,000; University of Cambridge, $50,000; Cornell University, $470,000; Council on World Affairs (Cleveland), $24,000; George Washington University, $145,000; University of Illinois, $350,000; International Law Fund, $70,000; McGill University, $250,000, and Syracuse University, one million dollars.

Public affairs: University of Louisville, $20,150, and Brooklyn College, $23,000.

SERVING ALL OF MARIN COUNTY

28 EDITORIAL PAGE Wed., Dec. 19, 1962 San Rafael, Calif.

TODAY'S EDITORIAL

Women Voters Do Service With Government Pamphlet

We'd like to say a few kind words about a six-month job completed by a group of Marin women which can be of real benefit to residents of the county.

We refer to publication of the pamphlet "Your County—Marin," compiled and published as a public service by the League of Women Voters of Central Marin.

The pamphlet is a citizen's guide to Marin County government, its operations, cost, population, history (too brief), and personnel. You can find everything in it from the population of your supervisorial district to the duties of the county pound or the names and phone number of county offices which have moved to the Civic Center.

There's much more in it too, in capsule and easily available form. It's interesting to see how county government can spend nearly $14 million this year, where it comes from and goes.

There is much information there too, which will become obsolete as another fiscal year rolls around. We hope that this is not just a one-time project by the ladies of the LofWV. We hope that they have undertaken it as a continuing project which year after year will update their compact and effective pamphlet.

No More Moody Postcards

Recent readers of the Independent-Journal may not identify the name H. G. Moody, Corte Madera or Fairfax or San Anselmo (he lived in all three in 16 years).

But those who have been reading "What Our Readers Say" for a long time, will immediately identify the name with some of the keenest, briefest, and most pointed letters ever to be run there.

Herbert Moody had a background as a newspaper editor and publisher. When he retired, he made use of his ability through a voluminous correspondence. His letters to this and other papers crackled with good sense and interest. He could sum up a situation and offer a solution on a postcard.

It was a joy to receive his communications. Even in recent months when his final illness was impairing his ability to either write or successfully punch typewriter keys, his spirit kept him trying. Those last few postcards were hard to read, but worth it, for his keen mind was unimpaired.

Herbert G. Moody died last week at 72. We have lost a fine fellow newspaperman and friend.

THREE MINUTES A DAY

EVEN THE THIEF COOPERATED

A thief gave up a stolen Renoir painting, valued at $30,000, because the owner promised to donate it to a museum if he did so.

It belonged to the collection of a Japanese cabinet minister and was stolen during a public showing in Tokyo.

The official announced in the newspapers that if the painting were returned he would give it to one of the city's museums so that all could see the masterpiece whenever they wished.

Apparently touched by the appeal, the thief secretly left the painting on the back of a delivery truck where it was readily found.

In the heart of every person there is a reflection of divine love and truth. No matter how far he may drift from this image of God within him, it is always possible to revive the heavenly spark.

Strive, therefore, to find the element of good in the worst of men and build on it. You are bound to accomplish much good if you do.

"For I have come to call sinners, not the just." (Matthew 9:13)

Help me to see Your holy image, O Lord, especially in those who stray far from You.

HAL BOYLE'S COLUMN

Poor Wilbur Just Couldn't Find A Yule Tree To Please His Wife

ANYTOWN, U.S.A. (AP) — Just like every other average American husband, Wilbur Peeble had two big Christmas duties.

One was to pick out a nice present for his wife which she could exchange the next week for something she really wanted, his other chore was to buy the family tree.

As he set out on his annual tree hunt, Wilbur's wife, Trellis Mae, said helpfully: "Try to find one that doesn't have a bad side."

Stumbling through the frigid night, Wilbur mumbled bitterly to himself.

"Find one that doesn't have a bad side. Find one that doesn't have a bad side. For 20 years she's been giving me that same old business," he mumbled.

In the darkness, Wilbur squared his jaw and vowed, "Well, by thunder, this year I will find one!"

Stamping his feet in the cold, Wilbur looked over hundreds of trees in half a dozen corner lots.

It was after midnight and Wilbur was about to give up. Then he came to the last corner lot. A little old man stood alone amid his trees that had yet to find a home.

"I want a tree that doesn't have a bad side," said Wilbur abruptly.

"Son, you have come to the right place," he said. "I've been selling Christmas trees, man and boy, for half century, and this year—for the first time—I've got an absolutely perfect tree."

He led Wilbur to the back of the lot. There, alone in shimmering beauty, stood a 10-foot tree, the like of which Wilbur had never seen.

Every needle was bright green and firm and strong. The branches arched in flawless symmetry. Wilbur inspected it with a flashlight for 15 minutes, but could find no flaw. His quest was over.

"I had intended to spray this tree with preservative and donate it to the Smithsonian Institution," said the little old man. "But, recognizing in you a fellow artist, a man with a true soul, I could be talked into parting with it for $22.95."

WILBUR SIGHED, paid, took the tree home and set it up in its stand. Then he lay down on a sofa to rest.

Trellis Mae had been visiting down the hall. A few moments later she entered with a neighbor, who had come to borrow a cup of sugar. Wilbur watched silently as the two women studied the tree.

"NICE," commented the neighbor finally, "but I think I'd turn it a little to the left." The two women did turn the tree.

"Yes, you're right," agreed Trellis Mae. "Now the bad side hardly shows at all."

Wilbur sank back on the sofa and groaned.

Moral: Wives don't really believe in perfect Christmas trees—or perfect husbands.

WHAT OUR READERS SAY

Share Our Plenty With Someone

EDITOR,
Independent-Journal:

Mrs. Eager suggests through your letters column that a tangible way of "putting Christ back in Christmas" would be to contribute to the Chamber of Commerce for restoration of the Christmas scene on the Courthouse lawn.

An additional suggestion might be that we share our plenty with someone in need. There are, for instance, two million Algerian refugees in distress, following years of destructive warfare in their country. To understand their condition, we would have to imagine ourselves living with only the clothing on our backs, sleeping in pup-tents out in the countryside, consuming half to one-third the amount of food we are accustomed to daily.

One of the programs set up by the American Friends Service Committee, as a part of the Quaker social concerns, is trying to help these people in a very practical fashion by providing them blankets. A five-dollar contribution to the AFSC will purchase two all-wool blankets which will be placed directly in their hands. Or, one may contribute a used blanket, and it will be packaged and delivered.

There are many opportunities for us to make our gifts. This one seems especially worthy of consideration because of its directness in providing warmth and comfort to fellow human beings who are miserably in need of both.

Freeways Three Times As Safe

EDITOR,
Independent-Journal:

You recently published a letter signed by Ben Chamberlain who describes himself as a "freeway hater." Mr. Chamberlain apparently is under the impression that freeways cause accidents and the way to reduce accidents is to eliminate the freeways.

I wish to point out as a matter of statistical record, that our freeways are at least three times as safe as conventional highways. The idea that they cause accidents is simply not true. They are designed and constructed with built-in safety features such as complete control of access, physical separation of opposing traffic and high design standards.

To some, it may appear that accidents are caused by congested traffic on freeways, but the truth is, more traffic can be moved safely on this type of facility than any other type.

If we were to exchange all of our freeways for roads like the present Shoreline Highway in Marin County, as suggested by Mr. Chamberlain, I am quite sure that not only would our accident rate become excessive, but our transportation system would fail completely.

Subdivision Fence Is A Problem

EDITOR,
Independent-Journal:

It will be appreciated if you will print the following letter which because of the subject may be of interest to taxpayers of the Tamalpais High School district, and upon which they may wish to express themselves to the city officials of Larkspur.

City Council
Larkspur

At the last meeting of the planning commission the final map of Greenbrae Marina subdivision Number One was approved, and therefore development may be expected to follow in the very near future.

This action brings to mind a problem which should have the early consideration of the planning commission and upon which your interest and support is invited.

The area in question lies immediately to the north of Redwood High School, and the problem is that adjoining lots of the subdivision back upon, rather than face, school property. The proposal is that an understanding be reached regarding proper fencing and landscaping of this property before sale and construction begin, and that such an accord be reduced to writing and recorded.

Those in authority are to be commended for the development and landscaping now taking place at the high school. However, a visit to the site will illustrate what can happen when the rear fences of Heather Gardens are viewed from the high school. This is not in criticism either expressed or implied of the residents of this district, for the homes were there before the high school. An example of what can be done is found along the Greenbrae portion of Sir Francis Drake Blvd.

Such a proposal, it is believed, should have wide community acceptance and approval. Those with whom it has been discussed have expressed interest and a desire to cooperate. However, as in most such matters, time is of the essence and because of the foregoing your active interest and endorsement, by resolution or otherwise is solicited.

TRY AND STOP ME

BENNETT CERF

For many years, sessions of the Dutch Treat Club in New York were enlivened by the sallies of the perennial chairman, Clarence Budington Kelland. At one luncheon he remarked, "I know that the duty of a master of ceremonies is to be so confoundedly dull that the speakers he subsequently introduces will be dazzlingly brilliant by contrast." The speakers of the day chuckled heartily.

"I've looked over the list of our speakers for today, however," he continued sadly, "and I don't think I can do it."

The audience roared. The speakers did not.

There is a fable about a very wise old man who was visited by a delegation of malcontents determined to tell him their troubles.

Suggested the wise man, "Write down your greatest trouble on a piece of paper." Then then threw all the papers into a pot and said, "Now each of you draw a paper and by all the laws of probability you will have brand-new troubles to fret over."

The malcontents followed his suggestion. Then they read the new troubles they had been saddled with. The result: every single one of them clamored immediately to have their own trouble back!

I-J REPORTER'S NOTEBOOK

By RANDALL GOULD

Why Not Let Public Fill Up Dec. 24 I-J With Anything They Want?

Somehow an Independent-Journal is going to have to be produced next Monday, Dec. 24. It might easily be a drab issue turned out by bored workers. But with the aid of a brilliant idea I have just hatched, the whole thing could become a vast pleasure and profit to all.

What lies heavy on my mind is that throughout the year nobody ever really has his say in the current day's paper.

As a fine Christmas present to Marin County, why not eliminate all feeble efforts at newsgathering on Dec. 24, a day not renowned for hot news anyhow, and let the public speak freely?

NATURALLY THERE must be exceptions. I have two right on the tip of my mind. One is the typical "Dear Editor" letter-writer, who gets plenty of space the year round. The other is our homegrown poets for whom no amount of space would ever be enough.

Top priority should be given, as I see it, to Supervisor Bill Fusselman, if only because he sometimes displays such sincerity as to buy paid space in the I-J to make clear all angles of his thinking.

Fusselman feels the public should be fully informed of his reasons for official action. I try to go along with this worthy idea, but our harsh news editor, needing space and not considering views news, cuts heavily.

MY FEELING is that any political figure who buys advertising to speak his piece should enter a journalistic heaven somehow. This is the best equivalent I can think of for the good Fusselman.

His colleague, Peter Behr, certainly should make lively use of any chance we can give him. Let me now record his first utterance on entering the new luxurious Civic Center chambers this week. Gazing about, Behr benevolently chuckled and remarked, We'll do the same old stupid things, but here they will sound better!"

Other candidates come to mind in such thronging numbers that it is impossible to name enough names to count —you'll just have to catch my idea and press for its realization.

Having spoken of Fusselman, how about Planning Commissioner Felix Warburg? He too feels deeply. At planning sessions he expresses himself with the lucidity of a Behr. But when Warburg came to help the supervisors understand what had been before the planners, Fusselman scolds him.

Let's give Warburg some space. He may add an architectural drawing or two for all me.

WELFARE DIRECTOR Betty Presley is bound by law not to discuss her clients and perhaps that's a good idea, though I have wondered at times. After all, the taxpayers put out the money. Shouldn't they know?

Well, the law is the law. So the best I can suggest is that Miss Presley be given enough room to explain all about fishing, her big hobby.

Naturally I'm not talking about free space for officials. In a way they deserve it least, because they get a lot anyhow.

I know one or two barbers who might have to be put under some form of restraint lest they hog the whole paper, if allowed to talk in print instead of just verbally. But they have a lot to say.

The bus drivers are mainly on the receiving end; let's give them a chance to tell what they think about the customers, for a change.

WHY NOT GIVE "Mr. Senior Citizen," a strong silent man indeed, an opportunity at last to say in print just what he thinks?

The more I reflect on the possibilities the more I believe the I-J may have to print a number of editions, all different, on Dec. 24. But Christmas comes only once a year.

Could be that's plenty.

ROSCOE DRUMMOND

Republican Governors, Solons Should Get Together, Set Policy

WASHINGTON—If the Republican Party is to have any good chance of returning to power in 1964, it needs a close and constructive association between the large group of newly-elected Republican governors and like-minded Republican members of Congress.

Sen. Clifford Case of New Jersey has recently been urging this step, and it seems to me that his idea is a sound one. He is not talking about a new party organization, but rather an informal, recurring consultation between the two main elements of the party's national strength — the Republican governors, who are now in control of most of the big states, and Republican Senators and Congressmen who would be disposed to cooperate with them.

WHY SHOULDN'T middle-road Republican Senators like Keating, Javits, Case, Scott, Kuchel, and like-minded Republican Congressmen and such governors as Rockefeller of New York, Scranton of Pennsylvania, Romney of Michigan, Rhodes of Ohio, Hatfield of Oregon, Anderson of Minnesota, Chafee of Rhode Island, and Smylie of Idaho, dean of the nation's governors, come into frequent contact with each other.

There can be no doubt, I think, that such an informal association would be valuable to the governors, helpful to the congressmen—and a great asset to the Republican Party which needs to develop the broadest possible base for policy formulation.

THESE REPUBLICAN governors have a direct stake in many of the matters which will shortly be coming before Congress, and the Republican Party in Congress will be well-served by providing for their active and visible participation.

All of these industrial states face conditions of unemployment and slow economic growth. All will be directly affected by what Congress does about a tax cut—how big and how soon.

All have an acute need of expanding their educational facilities to meet the needs of expanding population and are concerned with aspects of Federal aid to education.

All are concerned with a wide range of pressing urban problems and the evolving relationship between the Federal and state governments in coping with these problems.

THE FEDERAL government is already in the middle of all kinds of urban renewal, and there is an urgent need to protect the states from conflicting and overlapping Federal programs. In New Jersey recently one arm of the Federal administration was helping the state project a scenic park while another was mapping a massive highway which would have destroyed the park.

On the grounds of both practical politics and public policy, it would be helpful if the Republican members of Congress from all of these states began a continuing consultation between these Republican governors and themselves.

111—Used Imported and Sports Cars for Sale

What to look for in a used car

We sell new Volkswagens, mainly, but our customers have put us in a thriving used car business with their trade-ins. And we like our used car customers to go out of here as satisfied as our new Volkswagen owners.

The check list below is for your convenience. A car that rates 100% we'd call "factory clean." Of course you can't ask for perfection in a vintage economy model. But you can make sure you know what you're getting for whatever you're paying.

Besides price, year, color, style, make and model, you can look into a few less obvious points to assure yourself of the car's worth with this check list.

We'd rather have you satisfied—than just sold.

On the lot, look for:
- ☐ Tires with evenly worn tread.
- ☐ Tight windows and door.
- ☐ Lights and accessories that work.
- ☐ Clean, undamaged upholstery and flooring.
- ☐ Spare tire, jack, tire iron.
- ☐ Good radiator hose, fan belt, distributor, cables, wipers.
- ☐ Tight hubcaps.
- ☐ Locks that work.

Look out for:
- ☐ Rust around fenders and seams.
- ☐ Loose tail pipe or muffler.
- ☐ Loose bumpers.
- ☐ Water spots inside — possibly from leaks.
- ☐ Frame out of line.
- ☐ Corroded battery housing.
- ☐ Loose chrome strips.

Check these points in road test:
- ☐ Good springs and shock absorbers.
- ☐ Comfortable steering that doesn't pull to either side.
- ☐ Firm brakes that don't pull to either side.
- ☐ Effective emergency brakes.
- ☐ Speedometer and other gauges that work.
- ☐ Smoke-free exhaust.

And look out for these:
- ☐ Jerky transmission.
- ☐ Slipping clutch.
- ☐ Air leaks — around doors, windows, vents.
- ☐ Rattles.
- ☐ Overheating.
- ☐ Wobbly front wheels.
- ☐ Tendency to stall.
- ☐ Brake pedal that goes down too far.

We have all kinds of used cars on the lot today. Some nearly new; some fairly old, all worth investigating.

Pick a Slice...Any Slice as long as it's Morrell

For a traditional banquet—pick Morrell Pride E-Z-Cut. Not just fully-cooked but *oven-roasted* for you by Morrell. All you do is heat it through—slowly, gently. E-Z-Cut has the fine grained texture and mellow flavor you find only in true baked ham.

For a feast without fuss – pick Morrell Pride Chef Ham. New boneless style with waste-free slices end to end. Richly cured and smoked for mouth watering flavor. Choose a whole ham or a convenient meal-size half ham.

For a Holiday buffet – pick Morrell Pride Canned Ham. Cooked and boned, closely trimmed for more eating satisfaction. Delicate sugar cured flavor in every forkful. Comes in exact weights from 1½ to 13 pounds.

❤ **Pep up with protein.** Morrell Pride Hams are rich in complete protein – the first class, body-building kind that helps keep your family in the pink.

Beach Hobby Yields Unusual Decor

MRS. JAMES STUDLEY places her Christmas tree of shells and beads as the finishing touch on the mantel. Holding the center of attention is "Elmer" who also gets decorated for the Christmas holidays. (Independent-Journal photos.)

By DOROTHY NEWELL

A summer hobby of shell collecting now has a two-fold purpose for Mrs. James W. Studley of Novato as she makes Christmas decorations for her home.

"We love the beach and go there as often as we can," Mrs. Studley said. Beginning in August, the family including Mike, 13, Pat, 9, and Mr. Studley would take a picnic lunch and go out to Bolinas Bay, where they collected shells in various sizes and shapes.

Mrs. Studley used her imagination and artistic flair, and from magazines she saved over a period of years, she has correlated several ideas, and this year has made Christmas trees and a picture of the Three Wise Men using shells, bits of broken glass, old jewelry and pearls.

THE THREE WISE MEN are made to resemble pyramids or Christmas trees with the wide bottomed robes. Most of the shells used in the pictures were collected at Bolinas.

The Star of Bethlehem is made from a star fish centered with a brilliant pink earring. The star fish is one of the few materials that Mrs. Studley has purchased. The beards of the Wise Men are oyster shells and the hats, clam shells. To bring out the design in the shells, Mrs. Studley sprayed them with a gold paint.

TO ADD COLOR and life to the shell mosaics, Mrs. Studley used pink pearls in the robe of the first Wise Man, orange beads, black and blue broken glass in the robe of the center Wise Man and green button and white pearls in the robe of the third Wise Man.

Using a large picture frame, the background for the Three Wise Men is dark green burlap. The faces are made of cardboard and covered with felt.

The beige burlap sleeves on the robes are finished to the last detail with velveteen and rickrack.

For design and interest the various shells used are welks, olive shells, rock shells, scallops, rough keyholes and brown turbans.

MRS. STUDLEY HAS also designed two Christmas trees out of shells.

The finishing touch on the Christmas tree is a tiny star fish at the tree top.

ADDING A tiny starfish to the top of a Christmas tree made of shells collected at Bolinas Bay is Mrs. James Studley of Novato. Mrs. Studley designed and made the creation from shells which are collected in the summer by the entire family.

"THE THREE WISE Men Follow the Star of Bethlehem." This shell mosaic will be a part of the Christmas decor for the Studley home.

Thelma Rosales Is Wed In Terra Linda

Christmas Memories Can Be Exciting, 'Wonderful,' San Rafael Nurse Finds

First experiences in the career of a newly graduated R. N. are likely to be memorable, especially when they involve a hair-raising emergency trip on an ore bucket line down the mountain from an isolated mining camp at Christmastime to save a little girl.

It was dusk and snow was falling, relates Mrs. Illona Bellak, now director of nursing at San Rafael General Hospital.

SHORTLY AFTER graduation from Highland Hospital School of Nursing in Oakland and receiving her state license as a registered nurse, Mrs. Bellak took a position at a mining camp high in the mountains of Plumas County. Copper was mined, and some silver and gold.

She, then 22 years old, and one physician operated the clinic and hospital for employes and their families.

At this tiny hospital, surgery, deliveries, and the care of victims of epidemics and mining accidents were routine. Mrs. Bellak recalls assisting the doctor with emergency surgery on Christmas Eve.

BUT SHE REMEMBERS even more vividly the dramatic event which occurred shortly after Christmas.

The camp was isolated during the winter, with heavy snows closing the roads from October to spring. Communication with the world outside was by telephone, when the lines held up. There was one means of transporation, used for emergencies only. This was by tram line.

The ski-lift-like tram line was used for sending ore in buckets from the mine to the nearest rail point about nine miles away—a drop of some two thousand feet. The line went along the sides of mountains, over ridges, and was sometimes suspended between peaks on metal poles. The trip took an hour and 45 minutes and covered about nine miles.

"IN CASE OF NECESSITY the tram line was fitted with a 'passenger bucket' which had a metal frame and floor and three sides," Mrs. Bellak said.

This "passenger bucket" became the means of saving the life of a 4-year-old girl who was seriously ill. The mining camp hospital was not equipped to give her the necessary treatment, and the doctor decided that she must be taken to a hospital outside.

It was Mrs. Bellak's job to take the child down the mountain. She wrapped her young patient in blankets, boarded the "bucket" and the child was placed in her arms. An attendant rode with them to operate the pulley and keep the way clear.

Snow was falling and it was dark by the time they reached their destination in this swinging bucket. But the hazardous trip finished safely, and a sheriff's car met them and took them to the hospital. The child recovered.

"IT WAS A WONDERFUL experience," says Mrs. Bellak. She recalls other Christmases while she was working at Los Angeles General Hospital, Sonoma State Hospital, and during the bustling days of World War II at Marin City, where she was visiting nurse and later in charge of the medical center.

But the Christmas-time ride down the mountain in a "bucket" swinging over the snow, with a sick child in her arms, was her most memorable experience as a nurse.

HER EXCITING Christmas experiences as a newly-graduated nurse are related to Judy Elder, Junior Volunteer, by Illona Bellak, nursing director at San Rafael General Hospital. Judy's ambition is a nursing career too. (Independent-Journal photo)

Nursery School Sets Open House

Highlight of the homecoming day for "alumni" of the Alouette Nursery School in San Rafael tomorrow and Friday will be a puppet performance.

At 9:30 a.m. each day the Berkeley Puppeteers will present "Dr. Know-it-all" for the youngsters.

Because of the large number of "graduates," homecoming is limited to former students who have brothers or sisters presently enrolled at the school.

Throaty Movement

The most fashionable of throats now appear in public muffled with little hunks of chiffon, silk and man-made fabrics. The throaty movement has caught on full circle. The little scarf, about the size of a man's handkerchief, mostly makes the fashion scene when tucked into plunging, jewelry and bateau necklines—morning, afternoon or evening.

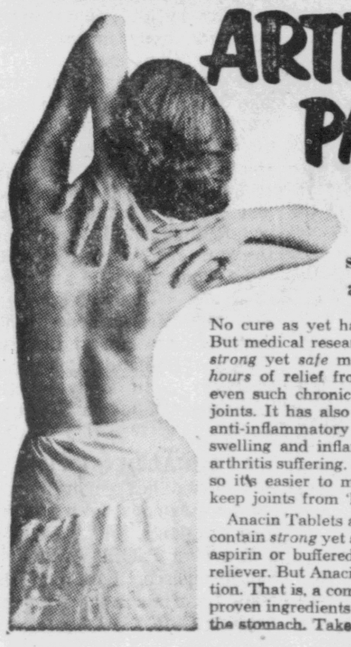
Strong Yet Safe—Gives Hours of Continuous Relief from Minor
ARTHRITIS PAINS



Reduces swelling and inflammation so it's easier to move afflicted limbs again

No cure as yet has been found for arthritis. But medical research has established that the *strong* yet *safe* medication in Anacin® gives *hours* of relief from arthritis' minor pains—even such chronic pain arising from deep in joints. It has also been found Anacin has an anti-inflammatory action that helps reduce swelling and inflammation—a basic cause of arthritis suffering. *In minutes*—pain is relieved so it's easier to move around and this helps keep joints from 'locking' or 'stiffening.'

Anacin Tablets are so effective because they contain *strong* yet *safe* medication. Remember, aspirin or buffered aspirin has *only one* pain reliever. But Anacin is like a doctor's prescription. That is, a combination of *three* medically proven ingredients. And Anacin does *not* upset the stomach. Take as directed.

Andrea Helene Kaldor Recites Vows With Kenneth Alan Gale

MR. AND MRS. KENNETH GALE
(Saul Miller photo)

The Crystal Room of the Fairmont Hotel in San Francisco was the setting for the wedding on Sunday of Andrea Helene Kaldor of San Rafael and Kenneth Alan Gale of Los Angeles.

Andrea, who is the daughter of Mr. and Mrs. Irving Kaldor of San Rafael, was given in marriage by her father in a single ring ceremony performed at 5:30 p.m. by Dr. Morris Goldstein.

The bride wore a formal gown of white brocade fashioned with a square chapel train.

Gowned identically in waltz length peacock blue brocade dresses were all her attendants. Lynna Neuman of Santa Monica was the maid of honor, and bridesmaids were Mrs. Barry Caplan of Berkeley, Donna Beckman of San Rafael, Barbara Lipner of Van Nuys and Judy Capel of San Francisco.

Karen Joyce Levin of San Francisco was the flower girl, and Paul Eric Wachter of Oakland was the ring bearer.

Best man for the bridegroom, who is the son of Mr. and Mrs. Irving Gale of Los Angeles, was Morton Rappaport of Los Angeles. Showing guests to their seats were the bride's brother, Ronald Kaldor of San Rafael, Dr. Jack Leib and Dr. Robert Pazen of Los Angeles and Rodney Levin of San Rafael.

Following the ceremony a reception was held in the Fountain Room and a dinner in the Gold Room of the Hotel. The couple left afterward by plane for a two weeks' honeymoon in Hawaii.

They will be at home to friends after Jan. 1 at 650 Barrington in Brentwood, Calif.

The bride is a graduate of Redwood High School, attended the University of Colorado and is now majoring in education at the University of California at Los Angeles.

Her grandmother is Mrs. Anna Levin of San Rafael. B. M. Levin of Los Angeles is her grandfather.

The bridegroom was graduated from Hamilton High School in Los Angeles and the University of California at Los Angeles and is now completing a year of graduate study in optometry.

His grandparents are Mr. and Mrs. Joseph Neisner of Los Angeles.

When the young people finish their education they plan to live in Marin County.

LITTLE JIMMIE GRIFFIN helps his mother, Mrs. Alan Griffin, decorate the living Christmas tree in front of their home in Larkspur. The Griffins appreciate his help, for last year Jimmie was recuperating from a serious illness and operation which required 26 pints of blood. Mrs. Griffin credits the blood and the skill of the physicians for having Jimmie with them this Christmas. (Ken Molino photo)

A Happier Christmas For Jimmie

Getting ready for Christmas is a happy occasion in the home of the Alan Griffins of Fairfax. For just last year, they were nursing their son, Jimmie, through a recuperative period following a serious illness.

"If it hadn't been for the Marin Blood Center and the availability of blood and plasma, Jimmie wouldn't be here today," Mrs. Griffin says.

HE HAD 26 transfusions during the time he was suffering from peritonitis, the result of a seeping appendix. Everyone was so wonderful to us," continued Mrs. Griffin. "Relatives, friends, neighbors and even complete strangers who had heard of our son't need responded generously to blood replacement during the four weeks that Jimmy was hospitalized at Marin General Hospital.

"No one realizes how important and necessary blood is until an emergency like this arises. We now urge all those who are able to give the greatest gift of all—blood—for it can save someone's life. What a truly wonderful Christmas present!"

MR. GRIFFIN and his wife, Jeanne, are parents of another boy, John, 7, who attends Manor School, and are expecting a third child in June.

Jimmie, who has gained 10 pounds since he returned from the hospital, has continued his interest in records which he acquired during his stay. In fact, he came back with an autographed Penquin from the pediatric department inscribed "Best Disc Jockey," and he has his own phonograph as a reward for being a good boy. He can listen by the hour to such records as "Jimmy Cracked Corn" and "Frog Went A' Courtin'."

THE MARIN BLOOD Center, 506 Fourth Street, San Rafael, is open to blood donors Monday, Wednesday and Friday from 10 to 6 p.m. The Marin blood reserve fund enables any Marin resident to donate blood and know that he has credits if the need for blood should arise.

Young Rebel In School Turns Out To Be Successful Exec

In school "Mike" was a hellion. Outside school he was a successful executive. You'll be interested in Mike.

He was referred to me several years ago because his principal wanted him moved out. Mike was in the 11th grade; his teachers disliked him because he disrupted his classes, wouldn't do his homework and played hookey. Even his counselor had given up on him. Mike had to be dropped, and that was that.

I found that outside school Mike worked in a newspaper circulation department. He was a district manager with a crew of boys under him. On the job he was a thoroughly responsible young executive. In school he was a hopeless brat.

Mike begged to be expelled. I could see that he never would learn anything in school. I was sure he always would get in the way of the pupils who wanted to learn. I arranged legally for him to be dropped. It was the best thing I could do for his classmates and teachers, as well as for Mike himself. Then I lost track of him.

Recently, he came to my office to give me a ride in his big new Mercedes Benz. Mike is now 23. He quit his newspaper job and sold cars for a time. Next he managed a large self-service gas station, which he bought. The station prospered. Now Mike owns two stations and has plans to branch out still farther.

Do you know a boy like Mike? I've known a good many. They are "school dull but life bright." They rebel so much we can't tolerate them in classes. But they turn out fine afterward. That's comforting, isn't it?

READERS' FORUM

(Q) "I heard of a test that asked high school students, 'Which is worse, spitting on the Bible or spitting on the American Flag?' I'm shocked! Do you approve of this test?"

Mrs. O. S.

(A) No, I do not. That question appeared in a group personality test which had limited circulation. I'm old it has been withdrawn. As I see it, none of the group personality tests now available are worth much. I oppose their use in public schools.

Santa Claus Has Different Meaning

BARI, Italy (UPI) — Santa Claus does not stand a chance in his own town.

To millions of children all over the world, Santa Claus is the jolly, bearded type who brings presents by reindeer-express in time for Christmas morning.

But here in Bari, where the bones of good Saint Nicholas lie, the Feast of the Saint has nothing to do with Christmas.

St. Nicholas — Santa Claus, from a corruption of the Latin "Sanctus Nicolaus" — is revered in his last resting place as the patron of children, penniless brides-to-be, seamen and prisoners.

Christmas day, at least in Italy, is just another day for the followers of good St. Nick. His feast day is Dec. 6 and the event is celebrated with solemn ceremonies by the children and adults in Bari.

By tradition, Italian children get presents not from Santa but from La Befana, an old witch who can be nice when she wants to. And not on Christmas but in January.

On Jan. 6, Befana sweeps in on her broomstick to leave gifts for the good children and coal for the bad children.

Legion Auxiliary Providing Gifts For Veterans

Disabled veterans hospitalized during the Christmas holidays are being remembered by American Legion Auxiliary Units in Marin.

Providing gifts to help stock the "Gift Shop" at the Palo Alto Veterans Hospital where long term hospitalized veterans select gifts for their families at no cost are Marin Units of Twin Cities Unit 313, San Anselmo Unit 179, Mill Valley Unit 284, Wilkins Unit 37 and Bolinas Bay Unit 572.

The Veterans Home of California was given a Christmas party Sunday with homemade cake and coffee from American Legion Auxiliary units in Marin, Sonoma, Solano, Lake and Napa counties.

Junior members of Twin Cities Unit 313 completed 148 bean bags as stocking fillers for patients at the Sonoma State Hospital as well as for children at Imola Hospital. Nearly 400 tray mats were decorated by the Junior members for the Christmas dinner trays of non-ambulatory patients for both the Veterans Home and Imola.

Young Sculptor Here On Visit From Italy

Marisa Saetti, young Marin sculptor, and her parents, Mr. and Mrs. Andrea Saetti, formerly of Mill Valley, returned recently to the United States from Italy, where they have been since Marisa was graduated from Tamalpais High School in 1956.

Because their home in Mill Valley is rented, they have been staying with Mr. and Mrs. Robert Shinn of Sausalito.

It was at Shinn's suggestion that Marisa, a painter originally, decided to become a sculptor.

The Outdoor Art Club in Mill Valley granted her several scholarships that helped her to continue her studies in Munich and in Rome, where she was accepted as one of 25 contestants from all over the world to study under the great sculptor Manzu.

She has reported regularly on her progress in letters to the Outdoor Art Club.

Marisa left Friday to return to Rome with the intention of trying her wings as a full fledged sculptor under her own name. In the near future she promised to send a series of colored slides of her work to be shown at an Outdoor Art Club program.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Signaling Not Necessary Unless Party Wants To Do So

The next time you and your lawyer go into the drugstore to buy a deck of cards, read the fine print very carefully before you close the deal. A good contract should say: "Party of first part doesn't have to signal if he South will go down before he knows what is happening, since West will get at least one diamond ruff.

Save your encouraging signals for when you mean business.

Opening lead — ♠ A

Just a short time ago I saw a party of the first part commit mayhem on a contract. I you're not a legal beagle, this means that he murdered the hand. All because he didn't read that fine print.

OPENS WITH ACE

West opened the ace of spades, and East was the gent who didn't know his rights. East thought he just had to signal with the nine of spades to show he had the king.

Before you could say Magna Carta, West had continued with the jack of spades and then a third spade.

NO TEARS

South shed no tears over this defense. He ruffed the third spade, drew trumps, and knocked out the ace of diamonds. He then claimed the rest of the tricks.

Even if you never passed a bar examination you can see that East's nine of spades at the first trick was a misdemeanor.

Since East didn't really want a spade continuation he should not have played a high spade.

AT LEAST ONE RUFF

If East plays the deuce of spades at the first trick, discouraging a continuation, West will naturally switch to his singleton diamond.

MEMPHIS (AP)—A gun fancier walked into a bookstore here and asked the woman clerk if she had a copy of "The Shooter's Bible."

"Why, no sir," she said cheerfully, "but we do have the King James and the Revised Standard."

The moon is approaching its new phase.

MARIN BUSINESS And INDUSTRY

By HARRY CRAFT

Americans Enjoying Increased Leisure, Holidays And Travel

Higher purchasing power and increased leisure time for Americans has placed more of them on boats, airplanes, buses and in the family car for holiday trips than ever before. During the past 10 years their expenditures for foreign travel alone have increased more than 130 per cent.

THE MARIN VISITORS BUREAU, whose purpose it is to get more of these travelers to come to the county will supplement its activities long enough next March to sponsor a "Holiday in Hawaii" for the organization's members. No doubt they'll make a point of leaving some suggestions along the way: "You must come visit us sometime."

Tour is open to anyone in Marin County. Information can be secured from **Frank George** of the **Redwood Travel Advisors**, San Rafael. Group rates.

TRAVEL PROMOTION among foreign visitors is being pushed by the **Greyhound Corp.** who offer them a 35 per cent discount on the return portion of round trip or circle bus tours in this country and Canada.

The new tickets have a two-month return time limit and will be effective Jan. 1. Available only to travelers origination from outside the U.S. and Canada.

CHRIS CRAFT of San Rafael has been appointed an authorized dealer for the Raytheon Company's line of marine electronic products.

Manager **Robert Knudsen** says these will include depth sounders, marine band and citizens band radio telephones and antennas, radio direction finders, automatic pilots and gas fume detectors.

Depth sounder line ranges from portable models for small boats to large recording types that graph the presence of fish and the ocean floor for commercial fishing vessels and survey ships.

The electronic pilot keeps the boat on course automatically but allows the helmsman to make emergency changes up to 170 degrees.

The gas fume detector is a safety device that sniffs the air in bilges and engine compartment, signals presence of fumes before they reach explosive level.

A NEW SMALL BUSINESS is that of **Ken Marshall** in Fairfax who is applying a stethescope to homes and will go under the name of "**The House Doctor.**"

No big cases—those are for the specialists. What he's after are the repair jobs that do-it-yourselfers can't seem to finish or get started in the first place—carpentry, et al. Address after the first of the year will be 161 Piper Court.

MOTORCRAFT—Studebaker now has its own fiberglass for Avantis. Goal of 25 bodies per day is expected to be reached March 1. Studebaker pickup trucks now offered with a five-speed, overdrive, floor-shift transmission . . . U. S. truck manufacturers export one of every six vehicles they make; Americans buy only one of every 42 trucks made overseas . . . **Volkswagen's** home plant in Wolfsburg, Germany, only five miles this side of the Iron Curtain, covers nearly 2,000 acres and is world's largest single car assembly plant . . . **Oldsmobile** has several heavy duty options in 1963 models for hauling trailers.

Kaiser Plan To Be Closely Watched

By SAM DAWSON

NEW YORK (AP)—Kaiser Steel and its workers are tackling two of the knotiest labor problems of the day-job security under the impact of technical advances, and how management and labor should split the sales dollar between them.

Loss of jobs to machines and loss of profits to rising production costs will be the basic issues in most of next year's important union-management negotiations.

Kaiser Steel and its union, the United Steelworkers, have worked out a plan they hope will have something for both sides.

Whether the plan will work for them is yet to be seen. And whether such a plan will fit other company situations, and other industries, is also a question.

The Kaiser plan is first to retrain employees who lose their jobs to machines, and second to split between the company and the workers the increased earnings from any lowering of production costs per unit—after taxes.

The two problems are intertwined. They have pushed each other up in a spiral to become a major labor-management clash, which has moved the administration to set up guideline in the public interest.

Management charged its profit margin was shrinking to nothing because of rising labor costs and automation was the only way out.

Labor charged it was being pushed out of jobs, and that management was profiting from the cost cutting much more than it would admit.

The unions have been asking higher wages for those still employed as a greater share in the resulting earnings; greater benefits for those who suffered from automation, and a shorter work week to spread the available work.

To this management replied that the union demands would soak up all of the gains from cost cutting, and that profits would still be unhealthily low.

This is the impasse which the Kaiser Steel Corp. and its union is seeking to break.

The California-based company has a particular reason to need to find a solution to costly steel production. It has faced the challenge of Japanese steel imports, a challenge more pressing on the West Coast than the flow of steel from Europe to the East Coast.

Kaiser is eager to cut its production costs. Thus the offer to retrain displaced employees and to share any gains from lower unit production costs.

Many other companies, and in other industries than steel, have pushed retraining programs. Federal and state government are sponsoring such programs.

But the problem is far from licked. And this is why the West Coast experiment will be closely watched by industry, by labor, and by government.

To Return To U.S.

Theodore C. Miller, Navy fireman, son of Mr. and Mrs. Theo M. Miller of 51 Smith Ranch Road, Santa Venetia, is scheduled to return to the United States Thursday after spending six months in the Western Pacific aboard the aircraft carrier Hornet.

The first successful pipeline, a five-mile pipe of cast iron, began operating in Pennsylvania in 1865.

WOMEN HELP OUT—Two women farmers from a neighboring town help out during harvest time by piling wheat at the State Lands Estate of Lowicz, Poland. Poland's farm troubles forced her to spend 175 million dollars to buy grain abroad during 1961. (UPI photo)

Soviet Bloc Harvest Reports Poor

By DONALD SHANOR
U.P. International

"Every fourth loaf of bread consumed by the Polish town and country population is baked from imported grain."

Those were the words of Polish Communist leader Wladyslaw Gomulka in describing the chronic farm troubles of his nation, once a leading exporter of grain itself. Poland spent 175 million dollars last year to buy grain abroad, much of it from the United States and Canada. It may have to spend as much this year.

As harvest reports came in from other nations in the Soviet bloc, it was clear that most were as bad off as Poland, if not worse. Polish farm production usually ranks at the top of the satellite statistics, chiefly because Gomulka gave up forced collectivization six years ago and allows his farmers to raise and market their own crops. But the other satellites have pushed ahead with collectives on the Soviet pattern, usually with disastrous results.

In the Soviet Union, where Premier Nikita Khrushchev spent weeks on a series of farm trouble-shooting trips, the grain harvest was two weeks behind schedule at the end of October. Soviet affairs experts at Radio Liberty in New York said this could mean a loss of 15 per cent or more of the grain. This waste could cancel out the production gains registered when Khrushchev seeded fallow grasslands, increasing the sown area by 7 per cent.

The analysts said the Soviet farm system is not geared to cope with the increased yield, and that breakdowns of machinery and transportation as well as general neglect are the cause of the harvest lag.

Here is the situation elsewhere in the bloc:

Bulgaria: Shortages forced it to follow Moscow in raising food prices by as much as one-third. When Khrushchev toured Bulgarian farms during the sowing season, his experts criticized poor planning, waste, and inefficient planting cycles. Khrushchev later found the same fault at home.

Romania: Grain production figures have not yet been released, but the crop seems good enough to permit Romania to export some grain to its food-short satellite neighbor, East Germany.

East Germany: Communist chief Walter Ulbricht praised his forced collectivization program and said it "combines farmers' experience with new developments of modern science . . . in this lies the basis of our victory in agriculture." But Ulbricht's press was forced to criticize this "scientific" farming when called on to explain food shortages. "The changeover from individual to collective animal farming has meant that complicated problems must be solved," it said. "This has, in part, led to losses."

Hungary: Officials said the harvest will be fair to poor; worst on the big collectives. The party press blamed lazy farmhands and officials said it was lack of rainfall.

Czechoslovakia: Radio Prague appealed for volunteer help at the height of the harvest season to combat "almost catastrophic" shortages of workers. It said 50,000 acres of grain in central Bohemia were standing unharvested. The party press urged vacationers to report to farms to help out. "You can get a sun tan in a field as easily as on a beach," the newspapers said.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Virus Will Infect Bacteria But Bacteria Can Stay Alive

VAN DELLEN

We have all heard the saying that little fleas have smaller fleas. Are bacteria plagued by smaller bacteria? This is a moot question but there have been reports that viruses attack bacteria. Viruses are many, many time tinier than bacteria; consequently, it is logical to assume that this occurs.

But viruses do not kill bacteria. In 1951, Dr. Victor Freeman discovered that a nontoxin producing diphtheria bacillus could be infected by a virus. When this took place, the bacillus still was capable of causing an infection in the throat and, at the same time, switched to a toxin-producer. Perhaps the virus remained in the bacillus and was the toxin-producer.

UNWED EXPECTANT mothers have less backache and easier confinements than married mothers, according to Dr. Albert W. Bauer, a Viennese obstetrician. He ascribes this situation to the posture of the pregnant women. Married mothers-to-be, unlike the nonmarrieds, flaunt their condition as a matter of pride.

The more the abdomen is protruded, the more the back sways. The ensuing strain is likely to lead to backache, which may become chronic. The unwed woman attempts to conceal her enlargement by pulling in her buttocks. This flattens the abdomen some what and keeps the vertebras in better alignment. In addition, the abdominal muscles are spared overstretching, and the baby lies more parallel to the spinal column.

DR. BAUER SUGGESTS that all pregnant women assume the stance of the unwed expectant mother. He discourages the wearing of high heels because they tend to accentuate abdominal protrusion and lordosis of the spine.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

EFFECT OF STROKE

R. S. writes: After a stroke, how long does it take to find out how much damage has been done?

REPLY

A day or two. The big questions are whether operation will help and whether function will return. There are tests that help along this line, but in many instances, the answer about improving muscle strength depends upon the willingness of the victim to help himself. Send a stamped, self-addressed envelope for leaflet on stroke.

NOSEBLEED IN OLDSTER

J. D. writes: Would taking too much brandy cause nosebleed in an 88-year-old woman? She has one about every 10 days.

REPLY

No. The commonest causes at this age are high blood pressure, hardening of the arteries, and ulceration of the nasal membranes. Brandy enters the picture only when it leads to nasal congestion of sufficient degree to cause a blowout of a blood vessel.

AFRAID OF CHOKING

L. C. writes: I'm 18 years old and have trouble eating. I practically live on cream cheese and tomato soup and have gone down from 107 to 84 pounds. I'm afraid to eat because I'm afraid I'll choke. Mother is sick over me. Maybe you can help me.

REPLY

I hope your mother reads this answer, as she ought to know that a psychiatrist can help you rid yourself of the fear of choking.

EARLY TB

R. W. writes: How long does it take to cure tuberculosis in the early stages?

REPLY

From six weeks to six months, provided modern remedies are used. With tuberculosis, we prefer to use the term arrested rather than cured. The disease is notorious for returning if the individual neglects his health.

Who knows?

Funny thing about used cars.

Once you decide what you want, what you'll pay and find that car, you've got to act fast.

Before somebody else does.

We can't order another one from the factory for you if the one you want is sold.

Fact is, we never know from day to day how many '61 Cadillacs, Model A's, '58 Chevys or even used VWs we'll have for sale.

One week we're loaded with factory-clean convertibles.

Next week, we may not have a single one traded in that's good enough to sell.

So if you're in the used car market, shop around. That's our list up there.

Pick out what you want to see and come see it.

But don't put it off till tomorrow—or the day after.

Chances are, somebody else has his eye on it, too. And may act a little faster.

Somebody else may end up driving your car.

In Cavalry Test

Army S/Sgt. Roy L. Baldwin of Mill Valley participated with other members of the 12th Cavalry in Exercise Sabre Knot in Germany. Sergeant Baldwin is a squadron leader in the cavalry's Troop A in Budingen, Germany.

Mill Valley Rec Center Plan Urged

Mill Valley Parks and Recreation commissioners Monday night recommended to the city council that an architect be hired to develop a plan for building a community recreation center in stages, utilizing the two "pink houses" as the first stage.

Using the buildings, now sitting at the East Blithedale Avenue entrance to Mill Valley, has been recommended also by the youth activities committee.

The commission took under advisement a proposal by the committee that Mill Valley youths be employed on part-time basis during the summer to develop parks and hiking and riding trails.

Commissioners accepted the application of Steve Buffo, to replace Ronald Samet, city recreation director, sometime next year and recommended to city council that Buffo be hired. The commission also authorized purchase of a dozen new chairs to replace badly-worn chairs at the municipal golf clubhouse, commissioner Raymond J. Bell reported.

Log Subscriptions On Sale At Redwood

Subscriptions to the Log, Redwood High School's yearbook, went on sale this week.

The 1962-63 issue of the Log will be in commemoration of Redwood's fifth anniversary and will contain 20 additional pages devoted to campus activities and pictures.

Donations Down For Bundle Days

Phi Sigma Sigma, Redwood High School's freshman-sophomore girls' service club, announced that less than 500 pounds of clothing was collected for Bundle Days.

"We were very disappointed with the amount of clothing donated," said Carolyn Cochrane, club president. "Last year over twice as much was given."

The clothing drive is sponsored nationally by Save the Children Federation, which sends the clothing to needy children in Southern U.S. and abroad.

Quentin School Yule Gifts Told

San Quentin School students this week delivered 200 Christmas gifts to residents of the Marin County Nursing Hospital and Farm.

The presents, made by the children, consist of lavender sachets made in the form of red and green Christmas trees decorated with tinsel and sequins.

The 32 students gathered the lavender from the school yard in September, dried the stalks and winnowed the blossoms under the direction of teacher Mrs. Augustine F. Hall.

U.C. Entrance Honors

Donna Suzanne Chenault, daughter of Lt. Col. and Mrs. Charles J. Chenault of 83 Scott Circle, Hamilton Air Force Base, has been named to receive honors at entrance at University of California.

MR. ADVERTISER: HERE'S A PRESCRIPTION for more sales. Take something that is wanted or needed, mix in a generous bit of good service and attractive packaging, and stir up interest with a price that means good value. Then add ...the vital ingredient. Tell everybody *what* you're selling, *why* it's good value, and *where* they can buy it. Then put it all together in an advertising message and place it in the daily newspaper.

The newspaper takes your sales story into nearly 9 out of 10 homes every day.* If your sales are in a slump, if you're suffering from the nagging discomfort of "tired inventory," a good dose of vital look-alive newspaper advertising may be just what the doctor ordered.
